Montgomery, 2015-10-22 In 2012 Alan Montgomery sent out an email to a group of men who he knew were born between 1946 1964 a time that has been described as the Baby Boomer age The premise for this book was to gather an array of short stories from amateur writers about their experiences growing up and then compile them into a collection that is given some historical and social context by using a story from a pre and post boomer perspective He posed various questions to the contributors to help them explore their past and the impact it has had on their own current situation The stories range in scope from self discovery karate as a means to the fountain of youth to a lengthy semi biographical of one man's journey through the boomer age Four short letters from the past open the book introducing the reader to the generation before the boomers arrived *Boomer Boys Looking Back* is a book filled with interesting insights into a generation that will soon fade into obscurity as it struggles to

remain relevant Each story is designed to provide an intriguing perspective from the point of view from the boomers as they made their way through their lives A dozen or so men have made such a huge contribution toward this book those of whom have travelled distances to meet up and give their own compelling narrative of events All that remains is to take the reader on a journey of curiosity and allow you to marvel how the boomer evolved Looking Back and Going Forward in IT

Victims and Survivors' Own Stories of Intrafamilial Child Sexual Abuse Steve Broome, Anna Gekoski, 2019-11-25. In the UK today, it is estimated that nearly one in twenty children are subjected to sexual abuse, with the overwhelming majority being abused within the family environment. However, despite its prevalence, intrafamilial child sexual abuse remains largely shrouded in silence, shame, and stigma. Taking a phenomenological approach, this book presents ten retrospective first-person accounts from adult victims and survivors, exploring the impact of such abuse throughout the life course. These stories illustrate how child sexual abuse can cause trauma affecting almost every aspect of life: emotionally, psychologically, interpersonally, behaviourally, and cognitively. However, they also demonstrate the remarkable resilience of the human spirit of how adverse experiences can be lived with, processed, and assimilated. These

accounts address a gap in what academics practitioners and policy makers know about child sexual abuse give victims and survivors a voice and open up a conversation about one of the most enduring societal and cultural problems **Somali, Muslim, British** Giulia Liberatore, 2017-06-29 Somalis are one of the most chastised Muslim communities in Europe Depicted in the news as victims of female genital mutilation perpetrators of gang violence or more recently as radical Islamists Somalis have been cast as a threat to social cohesion national identity and security in Britain and beyond Somali Muslim British shifts attention away from these public representations to provide a detailed ethnographic study of Somali Muslim women's engagements with religion political discourses and public culture in the United Kingdom The book chronicles the aspirations of different generations of Somali women as they respond to publicly charged questions of what it means to be Muslim Somali and British By challenging and reconfiguring the dominant political frameworks in which they are immersed these women imagine new ways of being in securitized Britain Giulia Liberatore provides a nuanced account of Islamic piety arguing that it needs to be understood as one among many forms of striving that individuals pursue throughout their lives Bringing new perspectives to debates about Islam and multiculturalism in Europe this book makes an important contribution to the anthropology of religion subjectivity and gender **Fast Guy Slows Down** Wred Fright, 2022-03-17 Superman was first published in 1938 so how come he still looks to be about 25 years old in the stories set in 2022 Ditto for all the other superheroes from The Golden Age Of Comics still being published today Why isn't Captain America collecting Social Security Why isn't The Flash using a walker to get around Why isn't The Human Torch complaining about his hip replacement Why isn't Wonder Woman deciding what Medicare plan she wants Why isn't Batman retired Why isn't Plastic Man stretching his dollars to afford his nursing home bills Why isn't The Green Lantern The Green Flashlight by now Er never mind about that last question But the answer to the other ones is money As long as the corporate comics companies can milk money out of them these characters will be kept forever young aside from the occasional imaginary story or whatnot But in stunting their growth only half the story gets told What does happen when a superhero ages with the times and eventually becomes elderly What's so super about getting old Well it probably beats being dead Just ask Bucky Er never mind Anyway leave it to one of America's worstselling authors who hasn't given up yet to venture in and tell the rest of the superhero story In the case of Harry Fox the superhero known as Fast Guy he finds he can't outrace time or death His worst foe though is an existential crisis brought on by saving the world numerous times only to have it result in a shallow selfish place populated mainly by morons and jerks and sometimes even moronic jerks and jerky morons Living alone in his old ranch house in a town filled with new McMansions he is wondering what to do with himself and worrying about what will happen to the world when he is gone And the reader is left wondering if Harry is really a superhero Although he claims he's saved the world more times than he can remember from nuclear annihilation he delights in pooping on world leaders which sounds more like a supervillain or at the very least a person with issues than it does a superhero Or maybe he's just a lonely
