Why Do You Need This Book Here is the author's own experience I was suffering from a few health problems including chronic fatigue syndrome and took up skin brushing as part of a regime to improve my health I gave up caffeine at the same time The result was a headache so bad that I wanted to die I gave up skin brushing and the health drive and sloped back to bed I hadn't realized that taking up new health habits should be done gradually one at a time or you can be overwhelmed by the effects of the detox After I trained in aromatherapy and massage I understood more about detoxing I learned about manual lymphatic drainage and wondered why most articles that explain how to do skin brushing differed so much from the way that manual lymphatic drainage therapists work Over a period of time and experimentation on my willing clients I devised my own method of skin brushing It stimulates the lymphatic system without overloading it so makes you feel wonderful while detoxing which is pretty rare Check With Your Physician As always do check with a physician or other health professional before embarking on a new regimen that can affect your health
