Philosophy and Human Revolution Vinicio Busacchi, 2018-12-13 This book collects a series of philosophical papers dedicated to the figure and work of Daisaku Ikeda The author's interest in studying Ikeda's work is not to carry out a specialised or disciplinary study of his Buddhist exegesis or to offer a critical synthesis from the point of view of its basic doctrinal contents and references nor to examine his creed and religious teaching Beyond the fact that Ikeda's work has the double face of a construction founded on a Japanese philosophical religious tradition with specific links to classical Chinese tradition interfaced with the globe's most representative literary scientific and speculative cultural products it was developed according to an intercultural design strongly marked by western rationality and a spiritual speculative pragmatic approach to life and the world Throughout this book the author proposes an agnostic suspension in order to leave a place for philosophy and its argumentative constructions Aging Wisely... Wisdom of Our Elders Irving Silverman, Ellen Beth Siegel, 2017-05-25

Aging Wisely... Wisdom of Our Elders Irving Silverman, Ellen Beth Siegel, 2017-05-25 Aging Wisely Wisdom of our Elders is a unique resource that reflects the ideas opinions and experiences of a diverse group of senior citizens Each story provides a unique perspective on the physical emotional and social aspects of growing old from those who have made the journey **Daisaku Ikeda's Philosophy of Peace** Olivier Urbain, 2010-03-30 Who is Daisaku Ikeda At one level he is the leader of a religious movement Soka Gakkai which began in Japan where it still has its headquarters but which now claims 12 million adherents around the world At another level he is a globetrotting figure whose formal conversations with diverse writers thinkers and diplomats including Arnold Toynbee Joseph Rotblat and Mikhail Gorbachev have garnered him an international profile as well as academic recognition Perhaps above all else Daisaku Ikeda is viewed as a campaigner for peace And it is Ikeda's specific contribution to peacebuilding notably through the central emphasis he has placed on the significance of dialogue that this book explores

the first to do so in a concerted way Olivier Urbain shows that while Soka Gakkai the value society may stem from the medieval principles of Nichiren Buddhism under Ikeda's leadership it has taken these classic wisdoms and transformed them Now essentially classless and secularised as well as adaptable and sensitive to modern challenges like resource shortages and climate change this argues the author is a pragmatic approach to peace which has proved both popular and eminently transportable
