**The distinctive qualities of Russian fairytales (as reflected in the Afanas'ev collection)** Rebecca Steltner, 2003-08-02 Essay from the year 2001 in the subject Russian Slavic Languages grade 75 A University of Canterbury School of European Culture and Languages course Seminar language English abstract Most of the fairy tales that we find in the Afanas'ev collection are both strange and familiar at the same time They are familiar because many of the Russian fairy tales are in fact renderings of stories we already know e g from the Brothers Grimm Here too the famous Cinderella theme and stories similar to The Magic Table The Gold Donkey And Cudgel in the Sack<sup>1</sup> or The Golden Bird are very popular There are indeed very few plots that are not reminiscent of Western fairy tales Why exactly this is the case is unknown It may be that the stories travelled or that they were taken up into the Russian folklore after the Grimms had published their stories in Germany Yet the Russian fairy stories are by no means just copies Russian folklore has a long history and through being narrated within a different culture every story is shaped differently and is adapted to its new surroundings Therefore the best way to find out what the distinctive qualities of Russian fairytales are is to read as many Russian tales as possible and to compare them to the versions we know in order to find out what it is that is typical and unique to the Russian tales When we have found this quintessential difference we shall have found what makes them strange To find out we need to look at what are perhaps the four most important aspects of any story its Themes and Content how these are illustrated with Motifs and how Narrative Structure and Language are used Themes and Afanasiev's recordings include a large variety of folk narrative Apart from fairy tales there are fables poems songs moral teachings anecdotes and jokes but here I will only look at those stories which can be easily defined as true fairy tales By this I mean those tales which are relatively long they fulfil more than just one or two proppian functions and tell of animals as well as

Nisbet Bain, 2024-11-24 The existence of the Russian Skazki or Marchen was first made generally known to the British Public some twenty years ago by Mr W R S Ralston in his *Russian Folk Tales* That excellent and most engrossing volume was primarily a treatise on Slavonic Folk Lore illustrated with admirable skill and judgment by stories mainly selected from the vast collection of Afanasiev who did for the Russian what Asbjornsen has done for the Norwegian Folk Tale A year after the appearance of Mr Ralston's book the eminent Russian historian and archaeologist Peter Nikolaevich Polevoi well known too as an able and ardent Shaksperian scholar selected from the inexhaustible stores of Afanasiev some three dozen of the Skazki most suitable for children and worked them up into a fairy tale book which was published at St Petersburg in 1874 under the title of *Narodnuiya Russkiya Skazki* Popular Russian Marchen To manipulate these quaintly vigorous old world stories for nursery purposes was as may well be imagined no easy task but on the whole M Polevoi did his work excellently well and while softening the crudities and smoothing out the occasional roughness of these charming stories neither injured their simple texture nor overlaid the original pattern It is from the first Russian edition of M Polevoi's book that the following selection has been made With the single exception of Morozko a variant of which will be familiar to those who know Mr Ralston's volume none of these tales

has seen the light in an English dress before for though both Ralston and Polevoi drew for the most part from the same copious stock their purposes were so different that their selections naturally proved to be different also As to the merits of these Skazki they must be left to speak for themselves It is a significant fact however that all those scholars who are equally familiar with the Russian Skazki and the German Marchen unhesitatingly give the palm both for fun and fancy to the former
