**Russian Nightmares, American Dreams** Edith Saposnik Kaplan, 1995      **American Dream, American Nightmare** Kathryn Hume, 2022-08-15 In this celebration of contemporary American fiction Kathryn Hume explores how estrangement from America has shaped the fiction of a literary generation which she calls the Generation of the Lost Dream In breaking down the divisions among standard categories of race religion ethnicity and gender Hume identifies shared core concerns values and techniques among seemingly disparate and unconnected writers including T Coraghessan Boyle Ralph Ellison Russell Banks Gloria Naylor Tim O'Brien Maxine Hong Kingston Walker Percy N Scott Momaday John Updike Toni Morrison William Kennedy Julia Alvarez Thomas Pynchon Leslie Marmon Silko and Don DeLillo Hume explores fictional treatments of the slippage in the immigrant experience between America's promise and its reality She exposes the political link between contemporary stories of lost innocence and liberalism's inadequacies She also invites us to look at the literary challenge to scientific materialism in various searches for a spiritual dimension in life The expansive future promised by the American Dream has been replaced Hume finds by a sense of tarnished morality and a melancholy loss of faith in America's exceptionalism **American Dream American Nightmare** examines the differing critiques of America embedded in nearly a hundred novels and points to the source for recovery that appeals to many of the authors      **American Dream Becomes the Global Nightmare** Ken Koenen, 2011-02-23 Ken Koenen is a California attorney with a Masters Degree in Tax Law who has spent the last five years on cases involving people who either were victims of or in some cases followed the crowd who abused the loan programs that were partially to blame of today's economic crisis Ken's background and practice is in real estate mortgage and taxation and he has consulted with hundreds of people about the tax and legal ramifications of foreclosures short sales and possible bankruptcy He will provide some insight into the future of real estate and how to hopefully learn meaningful lessons from this disaster      **American Dreams, American Nightmares** David Madden, 1970 The pursuit of the American Dream supposedly shaped by the edenic promises of the American land has engaged our writers from the beginning and much of our literature has come out of the national literary experience thus expressed This collection of nineteen original unpublished essays written for this book is particularly relevant today when our collective field of vision seems obscured and when the American Dream seems to have become a cliché symbolic of the Dream defunct The nineteen critics here presented include among others Leslie Fiedler Oscar Cargill Maxwell Geismar Jules Chametzky Louis Filler and Ihab Hassan Most of them seem to agree with the view expressed by the majority of our best creative writers that in pursuing the American Dream America has created a nightmare Taken together the nineteen essays provide a comprehensive view of American literature past and present as it has dealt with the Dream but the emphasis is on modern works and present social cultural and political problems poverty war and racism Ten of the essays focus on such key works as Herman Melville's *The Two Temples* F Scott Fitzgerald's *The Great Gatsby* William Faulkner's *The Bear* Thomas Wolfe's *You Can't Go Home Again*

Ralph Ellison's *Invisible Man*, Arthur Miller's *Death of a Salesman* and Norman Mailer's *Why Are We in Vietnam* *From the American dream to the American nightmare* Heinrich Anker, 2024-04-16 Conflicts in Western societies have been on the rise and not just since the financial crisis of 2008. This is generally explained in economic terms with growing disparities in wealth and income. The left should benefit from this with its redistribution philosophy. However, the right is on the upswing even though its neoliberalism is fueling social conflicts. How is that? Behind the economic tensions lies a deep crisis of meaning. The right is exploiting this by offering simplistic set pieces of meaning. With success because people strive for nothing so much as meaning in their own lives. The example of the USA shows how neoliberalism destroys people and societies. Possible solutions also come from there. *Nightmare Along Pennsylvania Avenue* Perry F. Stone, 2010 Stone begins with the founding of the nation and continues to the American Revolution and the Civil War to modern time to show that America's prophetic destiny is found in parallel end times stories, Hebrew patterns and prophetic dates. **The Emperor's Nightmare** Robert A. G. Monks, 2022-03-21 From angry shareholders to concerned chief executives, almost everyone knows at a gut level that the present political system is not working. This book finds the root cause to be poor corporate governance. In the prequel to this book, *The Emperor's Nightingale*, Robert A. G. Monks, one of the world's foremost shareholder activists, had warned corporations against putting short profit ahead of long-term value for all stakeholders. Few listened, and the result was system-wide trauma that only bold solutions can heal. In *The Emperor's Nightmare*, his latest book, Monks reveals what can happen when corporate leadership abandons the common good to court and conquer a powerful elite. This insightful, honest and direct portrayal of corporate governance and the surrounding political system will be of immense value to those interested in corporate governance, particularly shareholder and stakeholder advocates, and the true corporate leaders who serve them. In the end, better corporate governance means better democracy. This book shows the way. **The Road Warriors: Danger, Death and the Rush of Wrestling** Joe "Animal" Laurinaitis, Andrew William Wright, 2011-02-08 Delivering an inside account of one of wrestling's most famous fighters, this autobiography offers a rare chance to learn about Joe Animal Laurinaitis's life both inside and outside the ring. Connections and Influence in the Russian and American Short Story Jeff Birkenstein,Robert C. Hauhart,2021-03-10 In Connections and Influence in the Russian and American Short Story editors Robert C Hauhart and

Jeff Birkenstein have assembled a collection of eighteen original essays written by literary critics from around the globe. Collectively these critics argue that the reciprocal influence between Russian and American writers is integral to the development of the short story in each country as well as vital to the global status the contemporary short story has attained. This collection provides original analyses of both well known Russian and American stories as well as some that might be more unfamiliar. Each essay is purposely crafted to display an appreciation of the techniques, subject matter, themes, and approaches that both Russian and American short story writers explored across borders and time. Stories by Gogol, Dostoevsky, Turgenev, Chekhov, and Krzhizhanovsky as well as short stories by Washington Irving, Faulkner, Langston Hughes, Richard Wright, Ursula Le Guin, Raymond Carver, and Joyce Carol Oates populate this essential multivalent collection. Perhaps more important now than at any time since the end of the Cold War, these essays will remind readers how much Russian and American culture share as well as the extent to which their respective literatures are deeply intertwined.
