

Russian America:

The Forgotten Frontier

Edited by Barbara Sweetland Smith and Redmond J. Barnett

Russianamerica The Forgotten Frontier

Aron L. Crowell

Russian America The Forgotten Frontier:

Russian America Washington State Historical Society, 1990 A book published in conjunction with the exhibition of the same name at the Anchorage Museum of History and Art the first comprehensive display of the history of Russian North America Alaska Articles cover the themes of colonization Russian United States relations and Russian culture in Alaska Includes numerous photographs and maps *Russian America* Redmond J. Barnett, Barbara Sweetland Smith, 1990

Russian America Robert D. Craig, Anchorage Museum of History and Art, 1990 [Russian America](#), 1990

Manifesting Power Tracy L. Sweely, 2012-10-02 Power relations among humans have likely been a topic of interest since long before any historical claims to its nature were proffered This book recognizes that power and gender may be rooted in the experience of power in western society **Archaeology and the Capitalist World System** Aron L.

Crowell, 2013-11-11 This fascinating monograph employs a world system model as the basis for archaeological investigation of Russian America that relates local findings to global patterns Author Aron Crowell examines Russian Spanish and American historical sources along with the archaeological evidence to uncover a preliterate culture that left no written record of its contact with European colonial powers Crowell's particular subject is the indigenous Qikertarmiut people of Kodiak Island off the coast of Alaska The special case of this tribe serves as a microcosm of the history of colonialism demonstrating how early European capitalism impacted and in some cases destroyed indigenous societies

Cultures of Color in America Sybil Lassiter, 1998-01-26 By the year 2000 more than one third of Americans will be persons of color and by 2050 non white persons will constitute 45% of the population Immigration from European countries has decreased but the number of migrants from countries of non white ancestry has increased Consequently many Americans are showing a growing interest in knowledge about the values and behaviors of their diverse associates This book offers an insight into the diverse lifestyles for some cultures of color in American society Although all members of these cultures may not identify themselves as persons of color the cultures were selected because they incorporate a significant number of non white individuals Each chapter presents an overview of a cultural group that includes a brief history migration trends traditional and modern family practices religious beliefs concepts about death and dying nutritional preferences health behaviors and diseases often found among its members The cultures discussed are Africans African Americans Alaskans Asians Haitians Hawaiians Native Americans Puerto Ricans and West Indians This book should be of interest to academics health care professionals sociologists clergy and laypersons Its goal is to alleviate fear and prejudice through informed understanding

Kodiak Kreol Gwenn A. Miller, 2016-01-21 From the 1780s to the 1820s Kodiak Island the first capital of Imperial Russia's only overseas colony was inhabited by indigenous Alutiiq people and colonized by Russians Together they established an ethnically mixed kreol community Against the backdrop of the fur trade the missionary work of the Russian Orthodox Church and competition among Pacific colonial powers Gwenn A Miller brings to light the social political and economic patterns of

life in the settlement making clear that Russia's modest colonial effort off the Alaskan coast fully depended on the assistance of Alutiiq people. In this context Miller argues the relationships that developed between Alutiiq women and Russian men were critical keys to the initial success of Russia's North Pacific venture. Although Russia's Alaskan enterprise began some two centuries after other European powers Spain, England, Holland, and France started to colonize North America, many aspects of the contacts between Russians and Alutiiq people mirror earlier colonial episodes: adaptation to alien environments, the discovery and exploitation of natural resources, complicated relations between indigenous peoples and colonizing Europeans, attempts by an imperial state to moderate those relations, and a web of Christianizing practices. Russia's Pacific colony, however, was founded on the cusp of modernity at the intersection of earlier New World forms of colonization and the bureaucratic age of high empire. Miller's attention to the coexisting intimacy and violence of human connections on Kodiak offers new insights into the nature of colonialism in a little-known American outpost of European imperial power.

Term Paper Resource Guide to Colonial American History Roger M. Carpenter, 2009-06-22 With this guide, major help for term papers relating to Colonial American history has arrived in a volume sure to enrich and stimulate students in challenging and enjoyable ways. Chock full of stimulating and creative term paper suggestions and vetted research resources focusing on the Colonial Era, this volume is indispensable for students, librarians, and instructors. Students from high school age to undergraduate will use it to get a jumpstart on assignments in Colonial American history with the hundreds of term paper suggestions and research information offered here in an easy-to-use format. Users can quickly choose from the 100 important events ranging from the first attempt at colonization at the Lost Colony of Roanoke, Virginia, in 1585 to the ratification of the Constitution in 1791. With this book, the research experience is transformed and elevated. *Term Paper Resource Guide to Colonial American History* is a superb source to motivate and educate students who have a wide range of interests and talents. Coverage includes key wars and conflicts, establishment of colonies and colonies, legislation and treaties, religious events, exploration, publications, and more.

Pox Americana Elizabeth A. Fenn, 2002-10-02 A horrifying epidemic of smallpox was sweeping across the Americas when the War of Independence began, and yet little is known about it. Fenn reveals how deeply variola affected the outcome of the war in every colony and the lives of everyone in North America. *Illustrations*

Russians in Alaska, 1732-1867 Lydia Black, 2004 This definitive work, the crown jewel in the distinguished career of Russian America scholar Lydia T. Black, presents a comprehensive overview of the Russian presence in Alaska. Drawing on extensive archival research and employing documents only recently made available to scholars, Black shows how Russian expansion was the culmination of centuries of social and economic change. Black's work challenges the standard perspective on the Russian period in Alaska as a time of unbridled exploitation of Native inhabitants and natural resources. Without glossing over the harsher aspects of the period, Black acknowledges the complexity of relations between Russians and Native peoples. She chronicles the lives of ordinary men and women, the merchants and naval officers, laborers and clergy who established

Russian outposts in Alaska These early colonists carried with them the Orthodox faith and the Russian language their legacy endures in architecture and place names from Baranof Island to the Pribilofs This deluxe volume features fold out maps and color illustrations of rare paintings and sketches from Russian American Japanese and European sources many have never before been published An invaluable source for historians and anthropologists this accessible volume brings to life a dynamic period in Russian and Alaskan history A tribute to Black s life as a scholar and educator Russians in Alaska will become a classic in the field Historical Dictionary of the Discovery and Exploration of the Northwest Coast of America Robin

Inglis,2008-04-02 The Northwest Coast of America ranging from northern California through Oregon Washington and British Columbia all the way up to Alaska was the last temperate coastline to be placed on the world map First visited by Russians in 1741 and thought to contain a navigable passage between the Pacific and the Atlantic it was systematically revealed during an intense period of exploratory and commercial activity from the 1770s to the 1790s Subsequently the imperial ambitions of Russia Spain and Britain and an assumption of manifest destiny by the United States led to further exploration and ensured that the region would become disputed territory before national boundaries were determined in the mid 19th century The Historical Dictionary of the Discovery and Exploration of the Northwest Coast of America tells of the heroic endeavors and remarkable achievements the endless speculation about a northwest passage and the fighting and manipulation for commercial advantage that surrounded this terrain This is done through an introductory essay a detailed chronology an extensive bibliography modern maps and selected historical maps and drawings and over 400 cross referenced dictionary entries Entries cover the native people encountered the scientists and artists who left an invaluable documentary and visual record of people places flora and fauna the numerous voyages taken by men such as Vitus Bering James Cook Juan Francisco de la Bodega y Quadra and George Vancouver overland expeditions like those of Alexander Mackenzie Simon Fraser Meriwether Lewis and William Clark and David Thompson and maritime fur traders including George Dixon Grigorii Shelikhov Robert Gray and William Sturgis No other dictionary exists that is dedicated solely to the coverage of this region

American Colonies Alan Taylor,2002-07-30 A multicultural multinational history of colonial America from the Pulitzer Prize winning author of The Internal Enemy and American Revolutions In the first volume in the Penguin History of the United States edited by Eric Foner Alan Taylor challenges the traditional story of colonial history by examining the many cultures that helped make America from the native inhabitants from millennia past through the decades of Western colonization and conquest and across the entire continent all the way to the Pacific coast Transcending the usual Anglocentric version of our colonial past he recovers the importance of Native American tribes African slaves and the rival empires of France Spain the Netherlands and even Russia in the colonization of North America Moving beyond the Atlantic seaboard to examine the entire continent American Colonies reveals a pivotal period in the global interaction of peoples cultures plants animals and microbes In a vivid narrative Taylor draws upon cutting edge scholarship to create a timely

picture of the colonial world characterized by an interplay of freedom and slavery opportunity and loss Formidable provokes us to contemplate the ways in which residents of North America have dealt with diversity The New York Times Book Review

Alaska Stephen W. Haycox, 2020-04-09 Alaska often looms large as a remote wild place with endless resources and endlessly independent resourceful people Yet it has always been part of larger stories the movement of Indigenous peoples from Asia into the Americas and their contact with and accommodation to Western culture the spread of European political economy to the New World the expansion of American capitalism and culture and the impacts of climate change In this updated classic distinguished historian Stephen Haycox surveys the state's cultural political economic and environmental past examining its contemporary landscape and setting the region in a broader global context Tracing Alaska's transformation from the early postcontact period through the modern era Haycox explores the ever evolving relationship between Native Alaskans and the settlers and institutions that have dominated the area highlighting Native agency advocacy and resilience Throughout he emphasizes the region's systemic dependence on both federal support and outside corporate investment in natural resources furs gold copper salmon oil and offers a less romantic more complex history that acknowledges the broader national and international contexts of Alaska's past [Birth & Rebirth on an Alaskan Island](#)

Joanne B. Mulcahy, 2001-01-01 Birth and Rebirth on an Alaskan Island offers the fascinating story of Mary's life from her experience growing up within the traditional society of Akhiok to her work as a teacher a community health aide a mother a grandmother and an Alutiiq midwife and healer Through her story we discover a society that blended native Alutiiq culture with the Russian Orthodox teachings handed down from late eighteenth and nineteenth century colonists the mixed modern education and employment with a subsistence lifestyle that sanctioned arranged marriages but upheld civil divorce laws and above all that recovered its confidence in traditional healing both of the body and of the community *Atlantic History* Jack P. Greene, Philip D. Morgan, 2008-12-31 This title offers an incisive look at how interpretations of the Atlantic world have changed over time and from a variety of national perspectives This volume discusses key areas of the Atlantic world including the British Dutch French Iberian and African Atlantic as well as the movement of ideas peoples and goods [Bering](#) Orcutt

William Frost, Orcutt Frost, Professor Orcutt Frost, 2003-01-01 Om den danske opdagelsesrejsende Vitus Bering 1681 1741 og om hans rejser fra Sibirien til Nordamerika og Alaska **An Alaska Anthology** Stephen W. Haycox, Mary Childers

Mangusso, 2011-06-01 Alaska with its Indian Eskimo and Aleut heritage its century of Russian colonization its peoples formidable struggles to wrest a living or a fortune from the North's isolated and harsh environment and its relatively recent achievement of statehood has long captured the popular imagination In An Alaska Anthology twenty five contemporary scholars explore the region's pivotal events significant themes and major players Native Russian Canadian and American The essays chosen for this anthology represent the very best writing on Alaska giving great depth to our understanding and appreciation of its history from the days of Russian American Company domination to the more recent threat of nuclear

testing by the Atomic Energy Commission and the influence of oil money on inexperienced politicians Readers may be familiar with an earlier anthology *Interpreting Alaska's History* from which the present volume evolved to accommodate an explosion of research in the past decade While a number of the original pieces were found to be irreplaceable more than half of the essays are new The result is a fresh perspective on the subject and an invaluable resource for students teachers and scholars

Of Religion and Empire Robert Geraci, Michael Khodarkovsky, 2018-08-06 Russia's ever expanding imperial boundaries encompassed diverse peoples and religions Yet Russian Orthodoxy remained inseparable from the identity of the Russian empire state which at different times launched conversion campaigns not only to save the souls of animists and bring deviant Orthodox groups into the mainstream but also to convert the empire's numerous Muslims Buddhists Jews Catholics and Uniates This book is the first to investigate the role of religious conversion in the long history of Russian state building How successful were the Church and the state in proselytizing among religious minorities How were the concepts of Orthodoxy and Russian nationality shaped by the religious diversity of the empire What was the impact of Orthodox missionary efforts on the non Russian peoples and how did these peoples react to religious pressure In chapters that explore these and other questions this book provides geographical coverage from Poland and European Russia to the Caucasus Central Asia Siberia and Alaska The editors introduction and conclusion place the twelve original essays in broad historical context and suggest patterns in Russian attitudes toward religion that range from attempts to forge a homogeneous identity to tolerance of complexity and diversity

Beyond the Moon Crater Myth Katherine Johnson Ringsmuth, 2007
