view of Russia's civilizing mission in the East Harsha Ram Associate Professor University of California Berkeley USA This book is dedicated to the literary and visual images of Central Asia in the works of the popular Russian artist Nikolai Karazin It analyzes the ways Karazin's discourse inflected and was inflected by the expansion of the Russian empire and therefore sheds light on the place of art and culture in the Russian colonial enterprise It is the first attempt to interpret Karazin's images of Central Asia within Russian imperial networks and within the maze of the Russian national identity that informed them
