**Devoted to Literature, Art, and Religion**, 1854 **Looking West?: Cultural Globalization and Russian Youth Cultures**, Russian youth culture has been a subject of great interest to researchers since 1991 but most studies to date have failed to consider the global context Looking West engages theories of cultural globalization to chart how post Soviet Russia's

opening up to the West has been reflected in the cultural practices of its young people. Visitors to Russia's cities often interpret the presence of designer clothes shops, Internet cafés and a vibrant club scene as evidence of the Westernization of Russian youth. As *Looking West* shows, however, the younger generation has adopted a pick and mix strategy with regard to Western cultural commodities that reflects a receptiveness to the global alongside a precious guarding of the local. The authors show us how young people perceive Russia to be positioned in current global flows of cultural exchange, what their sense of Russia's place in the new global order is, and how they manage to live with the West on a daily basis. *Looking West* represents an important landmark in Russian-Western collaborative research. Hilary Pilkington and Elena Omelchenko have been at the heart of an eight-year collaboration between the University of Birmingham, UK and Uliyanovsk State University, Russia. This book was written by Pilkington and Omelchenko with the team of researchers on the project: Moya Flynn, Uliana Bliudina and Elena Starkova. The 1999-2000 Elections in Russia Vicki L.
