Stoff,2015-11-16 They are war stories filled with danger and deprivation excitement and opportunity sorrow and trauma scandal and controversy and because they are the war stories of nurses they remain largely untold Laurie Stoff s pioneering work brings the wartime experiences of Russia s Sisters of Mercy out of the shadows to show how these nurses of the Great War far from merely binding wounds provided vital services that put them squarely in traditionally masculine territory both literally and figuratively While Russian nursing shared many features of women s medical service in other nations it was in some ways profoundly different Like soldiers and doctors the nurses especially those at the frontlines experienced extreme cold constant fatigue infectious diseases deadly artillery fire and aerial bombardment They also assumed public leadership roles and were often in command of men The nurses operated in a sphere traditionally considered exclusively masculine and challenged social conventions surrounding gender and war by engaging in activities considered inappropriate for women Filled with compelling eyewitness accounts of women who stepped outside their assigned roles in Russian society this book gives us our first clear view of what wartime service was like for these nurses in the Great War We learn firsthand from memoirs and diaries contemporary periodicals and reminiscences about these women s motivations the nature and specifics of their work the cultural stereotypes and conventions that shaped their experiences and their interactions with the men they cared for and served with Stoff also explores the cultural and social implications of the Sisters service in relation to the government the military and the church both immediate and long term The first up close and in depth study of Russia s nurses in the Great War Stoff s work restores a critical chapter to the historical narrative of the war and to the larger history of gender and culture in early twentieth century Russia *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin,Irina Livezeanu,Christine D. Russia at Play Louise McReynolds, 2003 An athlete becomes a movie star a waiter rises to manage a chain of nightclubs a movie scenarist takes to writing restaurant reviews Intrepid women hunt bears drive in automobile races and fly first in balloons and then in airplanes Sensational crimes jump from city streets onto the screen almost before the pistols have had a chance to cool Paris in the Twenties Fitzgerald's New York Early Hollywood No tsarist Russia in the last decades before the Revolution In *Russia at Play* Louise McReynolds recreates a vibrant rapidly changing culture in rich detail Her account encompasses the legitimate stage vaudeville nightclubs restaurants sports tourism and the silent movie industry McReynolds reveals a pluralist and dynamic society and shows how the new icons of mass culture affected the subsequent gendering of identities The rapid industrialization and urbanization of the late tsarist

period spawned dramatic social changes an urban middle class and a voracious consumer culture demanded new forms of entertainment The result was the rapid incursion of commercial values into the arts and the athletic field and unprecedented degrees of social interaction in the new nightclubs vaudeville houses and cheap movie houses Traditional rules of social conduct shifted to greater self fulfillment and self expression values associated with the individualism and consumerism of liberal capitalism Leisure time activities McReynolds finds allowed Russians who partook of them to recreate themselves to develop a modern identity that allowed for different senses of the self depending on the circumstances The society that spawned these impulses would disappear in Russia for decades under the combined blows of revolution civil war and collectivization but questions of personal identity are again high on the agenda as Russia makes the transition from a collectivist society to one in which the dominant ethos remains undefined
