Martin,Kylie Mirmohamadi,2007-05-28 Whether a small plot in the backyard of an inner urban home or a capital city s sprawling botanic garden Australians have long desired a patch of dirt to plough or enjoy Reading the garden explores our deep affection for gardens and gardening and illuminates their numerous meanings and uses from European settlement to the late twentieth century Cover *Rozelle Hospital* Edward H. Moxon,2024-11-29 In the 1960s psychiatry was entering a new phase of its development However many people were uncomfortable with these changes and fought against what they saw as apostasy dangerous and unprofessional decisions by the bureaucracy The role of Nurses before 1960 was task oriented to control behaviour give somatic treatments when ordered and provide the daily personal needs of their patients a custodial model Since 1960 the nursing profession ancillary staff and Doctors have been forced to reassess their traditional

involvement and develop new skills All previous somatic treatments were abandoned or rarely used in mainstream psychiatry The only tools left for nurses were consciously using self in a therapeutic relationship communicating sharing developing empathy and compassion and helping the patient gain insight self awareness and problem solving skills No longer were the staff seen as the boss demanding obedience Nurses had to learn how to work in alternative environments halfway houses day clinics community clinics night hospitals acute units work with mixed sexes and learn new skills through family therapy TA cognitive behaviour modification encounter groups gestalt therapy reality therapy and a therapeutic community and adapt to different age and cultural groups Management of wards and staff presented a challenge to administrators In patients attained much more freedom and self government with these developments The hierarchy was flatter industrial democracy was expected and workers had to cope with changing organisational structures Government decision making was a constant source of conflict A new approach to management emerged trust replaced control and self government replaced regimentation Where were all these developments leading What of the future Volume Two explores the sequel and exposes the intrigues promises hypocrisy lies neglect social engineering and the fate of long term residents and people with acute psychiatric episodes
