Manon de Courten

Routledge Philosophy Guidebook To Hegel On History:

Routledge Philosophy Guidebook to Hegel on History Joe McCarney, 2000 This introduction to Hegel's writings is an ideal starting point for understanding his philosophical system and his views on the nature of history. It assesses the continuing relevance of Hegel's work to contemporary philosophy. *Routledge Philosophy Guidebook to Hegel and the Philosophy of Right*, 2002

The Oxford Handbook of the History of Ethics Roger Crisp, 2013-01-31 Philosophical ethics consists in the human endeavour to answer rationally the fundamental question of how we should live. The Oxford Handbook of the History of Ethics explores the history of philosophical ethics in the western tradition from Homer until the present day. It provides a broad overview of the views of many of the main thinkers, schools and periods and includes in addition essays on topics such as autonomy and impartiality. The authors are international leaders in their field and use their expertise and specialist knowledge to illuminate the relevance of their work to discussions in contemporary ethics. The essays are specially written for this volume and in each case introduce the reader to the main lines of interpretation and criticism that have arisen in the professional history of philosophy over the past two or three decades. *Palgrave Advances in Continental Political Thought* T. Carver, J. Martin, 2005-10-27 An accessible higher level introduction to a key selection of continental European thinkers from Spinoza to Žižek. Covering classical exponents of the tradition such as Hegel and Marx, moderns like Gramsci and Habermas and postmoderns like Lacan and Deleuze, the volume introduces the main ideas of each thinker and reflects on their enduring theoretical relevance. The impressive breadth and contemporary angle make this a unique up-to-date collection that will be invaluable to students and teaching staff alike. *Hegel's Antiquity* Will D. Desmond, 2020-07-30 Hegel's *Antiquity* aims to summarize, contextualize and criticize Hegel's understanding and treatment of major aspects of the classical world, approaching each of the major areas of his historical thinking in turn: politics, art, religion, philosophy and history itself. The discussion excerpts relevant details from a range of Hegel's works with an eye both to the ancient sources with which he worked and the contemporary theories: German aesthetic theory, Romanticism, Kantianism, Idealism, including Hegel's own and emerging historicism, which coloured his readings. What emerges is that Hegel's interest in both Greek and Roman antiquity was profound and is essential for his philosophy, arguably providing the most important components of his vision of world history. Hegel is generally understood as a thinker of modernity in various senses, but his modernity can only be understood in essential relation to its predecessors and others, notably the Greek world and Roman world, whose essential spirit he assimilates to his own notion of Geist.

Practical Necessity, Freedom, and History David James, 2021 By means of careful analysis of relevant writings by Hobbes, Rousseau, Kant, Hegel and Marx, David James argues that the concept of practical necessity is key to understanding the nature and extent of human freedom. Practical necessity means being or believing oneself to be constrained to perform certain actions in the absence, whether real or imagined, of other more attractive options or by the high costs involved in pursuing other options. Agents become subject to practical necessity as a

result of economic social and historical forces over which they have or appear to have no effective control and the extent to which they are subject to it varies according to the amount of economic and social power that one agent possesses relative to other agents The concept of practical necessity is also shown to take into account how the beliefs and attitudes of social agents are in large part determined by social and historical processes in which they are caught up and that the type of motivation that we attribute to agents must recognize this Practical Necessity Freedom and History From Hobbes to Marx shows how Rousseau Kant Hegel and Marx in contrast to Hobbes explain the emergence of the conditions of a free society in terms of a historical process that is initially governed by practical necessity The role that this form of necessity plays in explaining history necessity invites the following question to what extent are historical agents genuinely subject to both practical and historical necessity

Democratic Vanguardism Michael Harland, 2013-10-24 The terrorist attacks of September 11 2001 transformed the way in which Americans and their leaders viewed the world The tragic events of that day helped give rise to a foreign policy strategy commonly referred to as the Bush Doctrine At the heart of this doctrine lie a series of claims about the need to encourage liberal democracy as the antidote to jihadist terrorism President George W Bush proclaimed in a variety of addresses that democracy now represented the single surviving model of political life to which all people aspired In the course of making this argument President Bush linked his policies to an overarching teleology of progress This discourse suggested that the United States might use force to hasten the emergence of liberal norms and institutions in rogue states With a sense of irony some commentators soon referred to the Bush administration's position as Leninist because of its determination to bring about the so called end of history today Yet surprisingly these critics had little more to add This book assesses in greater depth the Bush administration's claim to comprehend the purpose of historical progress Developing a concept termed democratic vanguardism this study investigates the idea of liberal modernity the role of the United States as a force for democracy and the implications of using military intervention in the service of idealistic ends It examines disputes among political theorists public intellectuals and elected statesmen that help to enrich our understanding of the United States efforts under President Bush to bend history to its will

Does History Make Sense? Terry Pinkard, 2017-02-27 Cover Title Page Copyright Dedication Contents Introduction 1 Preliminaries The Logic of Self Conscious Animals 2 Building an Idealist Conception of History 3 Hegel's False Start Non Europeans as Failed Europeans 4 Europe's Logic 5 Infinite Ends at Work in History Notes Bibliography Acknowledgments Index

History, Sophia and the Russian Nation Manon de Courten, 2004 Pp 351 399 The Jewish Question deal with Solovyov's position vis a vis problems related to the presence of Jews in Russia in particular his attitudes toward Judaism the discussion on the rights of Jews in the Empire and antisemitism As a person who knew Hebrew and read the Jewish Scriptures and Talmud thus being a specialist in Judaism unique in Russia at the time Solovyov struggled against reductionist and pejorative views on Jews and Judaism and defended the Talmud against slander by Rohling and other anti Jewish scholars Solovyov regarded the Jews as the key to the

future world unifying theocracy that he visualized Although he shared some anti Jewish cliches Solovyov maintained that conflict with Jews resulted from a misunderstanding of their social role in Russia and he was committed to improvement of their conditions He claimed that the roots of the Jewish question lay in the Christian rather than the Jewish way of life and values The Socratic Individual Ann Ward,2020-05-15 The author explores the recovery of Socratic philosophy in the political thought of G W F Hegel Soren Kierkegaard John Stuart Mill and Friedrich Nietzsche Ward identifies the cause of the renewed interest in Socrates in Hegel s call for the absorption of the individual within the modern liberal state and the concomitant claim that Socratic skepticism should cease because history has reached its end and perfection Recoiling from Hegel s attempt to chain the individual within the cave nineteenth century thinkers push back against his deification of the state Yet underlying Kierkegaard Mill and Nietzsche s turn to Socrates is their acceptance of Hegel s critique of the liberal conception of the rights bearing individual Like Hegel they agree that such an individual is an unworthy competitor to the state In search of a noble individual to hold up against the state and counter the belief in the end of history Kierkegaard Mill and Nietzsche bring back and transform Socrates in significant ways For Kierkegaard the Socratic philosopher in modern times is the person of faith for Mill the public intellectual whose idiosyncratic identity arises from the freedom of speech and for Nietzsche the Dionysian artist Each model the beauty of individuality in our democratic age *El curso de la historia* Aquilino Cayuela,2012-05-23 The European Philosophers from Descartes to Nietzsche Monroe Beardsley,2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography

Continental Realism Paul J. Ennis,2011-06-16 In Continental Realism Paul Ennis tackles the rise of realist metaphysics in contemporary continental philosophy Pitted against the dominant antirealist and transcendental continental hegemony Ennis argues that continental thinking must establish an alliance between metaphysics speculation and realism if we are to truly get back to the things themselves **Goncharov in the Twenty-First Century** Ingrid Kleespies,Lyudmila Parts,2021-11-23 Goncharov in the Twenty First Century brings together a range of international scholars for a reexamination of Ivan Goncharov s life and work through a twenty first century critical lens Contributions to the volume highlight Goncharov s service career the complex and understudied manifestation of Realism in his work the diverse philosophical threads that shape his novels and the often colliding contexts of writer and imperial bureaucrat in the 1858 travel text Frigate Pallada Chapters engage with approaches from post colonial and queer studies theories of genre and the novel desire laughter technology and mobility and travel Historical Dictionary of Hegelian Philosophy John W.

Burbidge,2008-08-22 George Wilhelm Friedrich Hegel evoked passionate discipleship as well as equally passionate opposition He was praised by the likes of Karl Marx and John Dewey but scorned by Karl Popper and Bertrand Russell He has been charged with being a proponent of an authoritarian state by some and he has been accused of instigating the dissolution of the state by others Notoriously difficult to understand Hegel s keen insights continue his legacy today The second edition of the Historical Dictionary of Hegelian Philosophy covers all aspects of Hegel s thought It discusses his students and colleagues as well as key figures who either adopted and adapted his thought or attempted to explicate it for later generations This is done through a chronology an introductory essay a glossary of German terms a bibliography and over 500 cross referenced dictionary entries On What It Is Nenad Miscevic,Thomas J. Spiegel,Tamás Paár,Vítor Hirschbruch Schwartz,Tamás Hankovszky,Tolgahan Toy,Serdal Tümkaya,Adrienne Gálosi,Botond Csuka,Ádám Smrcz,Bence Péter Marosán,Ferenc Takó,Ádám Tamás Tuboly,Josef Ehrenmüller,2017-01-14 When the world in which philosophers need to work and on which they ought to reflect starts changing rapidly asking questions about the nature of her discipline becomes especially pressing for the philosopher When new scholarly disciplines pop up radically restructuring the academic world problems concerning the place of philosophy among other disciplines need to be addressed When new kinds of problems enter the world and the public consciousness philosophers have to be able to tell whether their conceptual tools make them suitable to deal with them And when the very purpose and nature of academic research and scholarship transforms due to technological social and economical advancements philosophy has to redefine its place in academia and society *New Perspectives on Hegel's Philosophy* Andrew Alexander Davis,Sebastian Rand,2025-07-24 This collection of new perspectives on Hegel s Philosophy of Right breaks down some of the most stubborn barriers between the book and its readers From its polemical preface to its closing ruminations on the state and world history Hegel s seminal text can appear antiquated and conservative to even the most motivated reader These essays remove those obstacles by demonstrating how radical many of his reflections on politics and ethics remain some 200 years after its publication *New Perspectives on Hegel s Philosophy of Right* works through Hegel s ideas in two distinct stages Its first half explains how a close reading of contested sections can reveal new possibilities for the interpretation of key issues like private property family conscience patriotism and the executive branch covering important topics from each of the three major sections of Hegel s text The book s second half then considers Hegel s work in dialogue with contemporary political thought legal studies critical theory economic theory and queer studies These essays show the rich interplay of Hegelian concepts and insights with pressing contemporary concerns proving their continued relevance Maintaining focus on how Hegel s work speaks to us today this book offers readers an invaluable set of launchpoints to explore his lasting contribution to both the new and perennial concerns of philosophy **In The Shadows Of History** Chester L. Cooper,2012-03-30 There s a book that reflects the nation s history since World War II that is simply a gem it is the rare memoir that is so fascinating so informative and written with such a

light hand that one is both eager and reluctant to finish it Such is *In the Shadows of History 50 Years Behind the Scenes of Cold War Diplomacy* Cooper takes the reader behind the scenes as he deals with prime ministers premiers and presidents as he quietly and effectively served his nation Cooper was a witness to and participant in the great events of the last half century This book is a gem for anyone interested in those turbulent years Bookviews comCooper s memorable memoir is replete with pungent observations of CIA chiefs cabinet secretaries and British prime ministers BooklistChester Cooper s vivid memoir should rightly be titled *In the Forefront of History* An account of his own experiences at the upper echelons of government it is a valuable contribution to our knowledge and understanding of some of the crucial events of the past century Stanley Karnow Pulitzer Prize winning author of *Vietnam A History*During his long distinguished career Chester L Cooper has served in the White House State Department and CIA often as a deputy to such high profile statesman as John Foster Dulles and Averell Harriman He has been near the center of power during many of the crises of our nation s recent history In this engrossing memoir he offers an insider s glimpse into the memorable events and important decisions in which he personally participated from the conflict over the Suez Canal in 1956 and the Cuban missile crisis of 1962 to the difficult peace negotiations of the Viet Nam War dealing with Soviet officials during the Reagan years and today addressing the problems of global climate change Cooper notes that policy making does not emerge like Venus wholly formed from a half shell Rather it is fashioned or cobbled up from day to day month to month out of vexations arguments failures and triumphs of hard pressed over stressed officials and civil servants As one of those over stressed civil servants Cooper has unique behind the scenes insights into the personalities of many now historic individuals including Presidents John F Kennedy and Lyndon Johnson Robert Kennedy Robert McNamara Dean Rusk Allen Dulles John Foster Dulles Averell Harriman Anthony Eden Harold Wilson Nikita Khrushchev and Ho Chi Minh Cooper s reflections on the friendships animosities and enduring relationships within the network of government insiders reveal the human side of policy making and offer important lessons for the future course of international relations Chester L Cooper Washington DC is now Deputy Director Emeritus at the University of Maryland Pacific Northwest National Laboratory Joint Global Change Research Institute He is the author or editor of four books and has contributed articles op ed pieces and book reviews to the New York Times Washington Post The New Republic Foreign Affairs and Foreign Policy among other publications

Identity and Difference Philip T. Grier,2012-02-01 Identity and difference or sameness and otherness are contrasting but interrelated terms that have played an explicit role in the development of Western philosophy at least since Plato wrote the *Sophist* As Plato pointed out then and Hegel reiterated more recently in his *Science of Logic* the proper comprehension of these terms and particularly of their interrelation plays a fundamental role in shaping our conception of philosophical reason itself The contributors in this book examine Hegel s treatment of these terms and the role they play in structuring his philosophical system as a whole and also in shaping his conception of dialectical reasoning

Key Concepts in Philosophy Paddy McQueen,2010-07-14 An

accessible account of philosophical concepts theories and key thinkers with an emphasis on recent developments in the field
Containing over 300 entries the terms are ordered alphabetically and cross referenced for ease of use Suggestions for further reading follow the explanations encouraging further reflection and independent learning
