good argument and this attitude set the tone for much of his scholarship. A Swedish Lutheran, he made his name through his research into the theology of Martin Luther, breaking away from both traditional interpretations of Luther and the theology of his famous teachers Karl Barth and Anders Nygren before shifting his focus onto systematic theology. In a fresh take, Bengt Kristensson Ugglå delves into the influence of Wingren's second wife Greta Hofsten on the direction of his theology. Hofsten, a left-wing political activist who was searching for a new language of faith, wove Wingren's work together with her own political philosophy to create an unusual kind of Christian socialism. Her thinking had a profound effect on Wingren, causing him to recontextualise his older work entirely. In *Becoming Human Again*, Ugglå examines how Wingren's combative nature often served him well as a theologian, driving him to engage with innovations in the field and re-examine his older views.
