Sad Days Of Light Poems:

Sad Days of Light Peter Balakian, 1983 Poems that Every Child Should Know Mary Elizabeth Burt, 1904 *The Magical Pine Ring* Margaret Bedrosian, 1991 Margaret Bedrosian's pioneering interdisciplinary study examines the continuing effect of Armenian history on Armenian American writing. Using the work of ten Armenian American poets and fiction and non-fiction writers, she shows the continuing impact on Armenian Americans of cultural symbols, myths, and attitudes carried over from the Old World and explores the ways in which two cultures meet, conflict, and become integrated in the imagination. Through analysis of writers' actual or fictionalized experience, *The Magical Pine Ring* provides an understanding of the Armenians' specific concerns as Armenians and as immigrants, the effect of their self-awareness as Armenians on their adaptation to America, the typical and stereotypical situations and personalities that emerged with time, and the key values and beliefs that endured even as names were changed and assimilation blurred physical and social demeanor. Bedrosian also explores the directions Armenian American writers have taken in portraying group history and the nature of their self-discovery as Armenian Americans. For the most part, this literature is not a direct outgrowth of the mainstream of Armenian literature. The relationship of the writer discussed here is one of spirit of ancestral sympathies, burdens, and responsibilities. These writers register the pain of exile and alienation as they weave images of yearning and loss, celebration, and futuristic vision into their writing. Through their crossroads identity in America, these writers add to our understanding of the Armenian diaspora.

Contemporary American Poetry Lloyd M. Davis, 1985 Lists over 5,200 titles of books published by American poets between 1973 and 1983.

Armenian Golgotha Grigoris Balakian, 2010-03-09 On April 24, 1915, Grigoris Balakian was arrested along with some 250 other leaders of Constantinople's Armenian community. It was the beginning of the Ottoman Empire's systematic attempt to eliminate the Armenian people from Turkey, a campaign that continued through World War I and the fall of the empire. Over the next four years, Balakian would bear witness to a seemingly endless caravan of blood, surviving to recount his miraculous escape and expose the atrocities that led to over a million deaths. *Armenian Golgotha* is Balakian's devastating eyewitness account, a haunting reminder of the first modern genocide and a controversial historical document that is destined to become a classic of survivor literature.

Multidisciplinary Perspectives on Genocide and Memory Jutta Lindert, Armen T. Marsoobian, 2018-02-12 This book explores the memory and representation of genocide as they affect individuals, communities, and families and artistic representations. It brings together a variety of disciplines from public health to philosophy, anthropology to architecture, offering readers interdisciplinary and international insights into one of the most important challenges in the 21st century. The book begins by describing the definitions and concepts of genocide from historical and philosophical perspectives. Next, it reviews memories of genocide in bodies and in societies as well as genocide in memory through lives, mental health, and transgenerational effects. The book also examines the ways genocide has affected artistic works. From poetry to film,

photography to theatre it explores a range of artistic approaches to help demonstrate the heterogeneity of representations This book provides a comprehensive and wide ranging assessment of the many ways genocide has been remembered and represented It presents an ideal foundation for understanding genocide and possibly preventing it from occurring again
