Spies and Holy Wars Reeva Spector Simon, 2010-11-15 Illuminating a powerful intersection between popular culture and global politics *Spies and Holy Wars* draws on a sampling of more than eight hundred British and American thrillers that are propelled by the theme of jihad an Islamic holy war or crusade against the West Published over the past century the books in this expansive study encompass spy novels and crime fiction illustrating new connections between these genres and Western imperialism Demonstrating the social implications of the popularity of such books Reeva Spector Simon covers how the Middle Eastern villain evolved from being the malleable victim before World War II to the international techno savvy figure in today's crime novels She explores the impact of James Bond pulp fiction and comic books and also analyzes the ways in which world events shaped the genre particularly in recent years Worldwide terrorism and economic domination prevail as the most common sources of narrative tension in these works while military tech novels restored the prestige of the American hero in the wake of post Vietnam skepticism Moving beyond stereotypes Simon examines the relationships between publishing trends political trends and popular culture at large giving voice to the previously unexamined truths that emerge from these provocative page turners The \$50,000 Stove Handle and Other Perils of Home Improvements Gordon Pape, 1996-07-01

Zahid Hussain, 2010-11-16 A deeply reported account of the war against Islamic extremists in Pakistan and battles being fought in the remote tribal regions The war in Afghanistan has raged on longer than any war in US history and far from suppressing the insurgency being waged by radical Islamic militants it has led to stronger alliances among al Qaeda the Taliban and a host of once autonomous militant groups and has inspired a flood of new recruits In addition to reclaiming control of substantial territory in Afghanistan the militants have now taken the fight deep within Pakistan threatening to totally destabilize that nuclear armed state and are launching attacks on the US homeland Why has the insurgency been so irrepressible Is this a war that can be won Can we expect a wave of attacks within the United States more sophisticated than

the attempted bombing in Times Square Nothing can be understood about the prospects for the war and the threat to the US homeland without understanding how Pakistan has become the epicenter of the insurgency and why the rise of militant groups there has escalated out of control despite major offensives by the Pakistani military and an intensive secret US Predator drone war against them Based on extensive reporting inside Pakistan s dangerous lawless regions and exclusive interviews with militant leaders as well as high level military and intelligence sources Zahid Hussain one of the most respected reporters working out of Pakistan chronicles how and why the Islamic extremist groups based in Pakistan s remote tribal territories have greatly increased their power since the start of the war and unleashed a reign of terror on US forces in Afghanistan and on both the military and civilian population within Pakistan He is the first to reveal how a loose constellation of tribal groups has now come together to form a distinctive Pakistani Taliban working closely with al Qaeda and the Afghani Taliban to launch increasingly sophisticated and deadly attacks on both sides of the Af Pak border He discloses how they draw support and a steady flood of recruits from deeply entrenched support networks in major Pakistani cities and how they have recruited would be US attackers including Faisal Shahzad and Adnan Shukrijumah accused of plotting to bomb the New York City subway He is also the first to chronicle in detail the still unacknowledged US war carried out in Pakistan by remote Predator drones and reporting from the scenes of a number of drone missile strikes and interviewing a number of attempted suicide bombers he reveals the shocking extent of anti Americanism the strikes have stoked in Pakistan across the range of the population due to civilian deaths driving a new breed of highly educated professional and middle class Pakistanis into the militant groups His gripping and revelatory account is an urgent wake up call about the blowback effects of the US war in Afghanistan and the drone campaign in Pakistan about how volatile the situation in the Af Pak region has become and about the deeply troubling limitations of the current military strategy in ever gaining decisive ground against the insurgents

The Scorpion's Gate Richard A. Clarke, 2005-10-25 The insider whose warnings about terrorism on U S soil went unheeded and whose book *Against All Enemies* rocketed to the top of bestseller lists now presents his first novel an all too believable story of politics oil espionage and the earthshaking consequences that may lie at the end of the road ahead Brian Douglas working for British intelligence is in Bahrain s five star Diplomat Hotel when the bomb goes off He s as used to carnage as one can be after his years in Iraq But much has changed since that war The sheiks have been driven out of Saudi Arabia now called Islamyah and Iraq has become a virtual puppet of Iran now packing nuclear heat The coalition forces are long gone from Saddam s homeland after pulling out their troops and leaving the mess behind But the mess isn t going away as this latest bombing suggests And as Douglas and others try to sort out agendas and loyalties motives and manipulations the Middle East grows ever hotter and this time withdrawal may not be an option

International Norms and Decision Making Gary Goertz, 2003 This book presents a punctuated equilibrium framework for understanding the nature of policy decision making by governments as well as a theory of the creation functioning and evolution of international norms and
