Scotland Farewell People Of The Hector:

Scotland Farewell Donald MacKay, 2006-08-30 This is the story of the Highland Scots who sailed to Pictou Nova Scotia in 1773 aboard the brig Hector These intrepid emigrants came for many reasons the famine of the previous spring pressures of population growth intolerable rent increases trouble with the law the hunger of landless men to own land of their own Upon arrival at Pictou after an appalling storm tossed crossing they found they had been deceived The promised prime farming land turned out to be virgin forest Only the kindness of the Mi kmaq and the few New Englanders already settled there enabled them to survive until they learned how to exploit the forests and clear land But survive they did and their prosperity encouraged shiploads of emigrants many fellow clansmen to join them making northeastern Nova Scotia a true New Scotland

Scotland Farewell Donald MacKay, 1980 *After the Hector* Lucille H. Campey, 2007-05-15 This is the first fully documented and detailed account produced in recent times of one of the greatest early migrations of Scots to North America The arrival of the Hector in 1773 with nearly 200 Scottish passengers sparked a huge influx of Scots to Nova Scotia and Cape Breton Thousands of Scots mainly from the Highlands and Islands streamed into the province during the late 1700s and the first half of the nineteenth century Lucille Campey traces the process of emigration and explains why Scots chose their different settlement locations in Nova Scotia and Cape Breton Much detailed information has been distilled to provide new insights on how why and when the province came to acquire its distinctive Scottish communities Challenging the widely held assumption that this was primarily a flight from poverty After the Hector reveals how Scots were being influenced by positive factors such as the opportunity for greater freedoms and better livelihoods The suffering and turmoil of the later Highland Clearances have cast a long shadow over earlier events creating a false impression that all emigration had been forced on people Hard facts show that most emigration was voluntary self financed and pursued by people expecting to improve their economic prospects A combination of push and pull factors brought Scots to Nova Scotia laying down a rich and deep seam of Scottish culture that continues to flourish Extensively documented with all known passenger lists and details of over three hundred ship crossings this book tells their story The saga of the Scots who found a home away from home in Nova Scotia told in a straightforward unembellished no nonsense style with some surprises along the way This book contains much of vital interest to historians and genealogists Professor Edward J Cowan University of Glasgow a well written crisp narrative that provides a useful outline of the known Scottish settlements up to the middle of the 19th century avoid s the sentimental victim scapegoat approach to the topic and instead has provided an account of the attractions and mechanisms of settlement Professor Michael Vance St Mary s University Halifax [Driv'n by Fortune](#) Sam Allison, 2015-11-07 The story of the 78th Fraser s Highlanders moves from the 1745 Jacobite Rebellion through the Seven Years War and the American Revolution to the War of 1812 When these men were rewarded free land in the New World they brought with them revolutionary ideas creating a legacy that extends far beyond Scotland and Canada

Nineteenth-Century Cape Breton Stephen J. Hornsby, 1992-03-24 During the North American colonial period the expansion of European capital and labour into North America created two broad patterns of regional development agricultural settlement and the exploitation of raw materials or staples Hornsby examines the development of nineteenth century Cape Breton in light of these patterns focusing on the impact of Scottish immigration on the island s settlement and agricultural development and on the role of mercantile and industrial capital in developing Cape Breton s two great staple industries cod fishing and coal mining Hornsby also outlines the reasons for the massive exodus from Cape Breton during the late nineteenth century The intersection of these two patterns of development gave rise to a distinctive regional geography Over the course of a hundred years a complex mosaic of different settlements economies and cultures emerged on the island While the details and circumstances of these developments were unique to the island elements of the Cape Breton experience were found in other areas of Maritime Canada Viewed more generally Hornsby suggests that the historical geography of this small peripheral island offers a simple somewhat stark encapsulation of some of the salient developments in the rest of settled Canada during the nineteenth century

In Search of My Father Marion Elizabeth Fawkes, 1994-06-30 How did Florence Nightingale and Sir Alexander Mackenzie become part of the same family history And how does Captain Booty Graves fit into the picture Who was the well respected doctor in London Ontario son of a Northwest partner and Metis mother who married a grandniece of a British aristocrat Who was the first Newfoundlander the grandson of a merchant seaman to become a member of the federal government This is very much a Canadian story What begins as research by the daughter he would never see into the life of a Boer War veteran who died in World War I expands to touch on many significant personalities and events in our nation s history Though this is Charles McKenzie Marten s story he doesn t make an appearance until three quarters of the way through the book Discovering his history was a long and interesting process with all the makings of a detective drama There are photos letters documents maps pages of reference and an index As much detail as possible has been included in the charts and the text in order that readers who find a family name or a link with their own heritage can get in touch with the author to share information

Flight from Famine Donald

MacKay, 2009-03-23 Winner of the 1991 QSPELL Prize for Non fiction One of Canada's founding peoples the Irish arrived in the Newfoundland fishing stations as early as the seventeenth century By the eighteenth century they were establishing farms and settlements from Nova Scotia to the Great Lakes Then in the 1840s came the failures of Ireland's potato crop which people in the west of Ireland had depended on for survival And that wrote a Sligo countryman was the beginning of the great trouble and famine that destroyed Ireland Flight from Famine is the moving account of a Victorian era tragedy that has echoes in our own time but seems hardly credible in the light of Ireland's modern prosperity The famine survivors who helped build Canada in the years that followed Black 47 provide a testament to courage resilience and perseverance By the time of Confederation the Irish population of Canada was second only to the French and four million Canadians can claim proud Irish descent **The Atlantic Region to Confederation** John H. Reid, 1994-01-01 The Atlantic region covers the provinces of New Brunswick Nova Scotia Prince Edward Island and Newfoundland
