Group Bus Fleets** Jim Blake, 2016-10-19 This book looks at the wonderful variety of buses and coaches operated by British Electric Traction group fleets in the 1960s featuring previously unpublished photographs from Jim Blake's extensive archives Not only did these fleets which served most of England and Wales have a splendid variety of British built buses and coaches with chassis manufactured by the likes of AEC Crossley Daimler Dennis Guy and Leyland with bodywork by such firms as Park Royal Weymann Metro Cammell East Lancs Northern Counties Roe Duple Plaxton Willowbrook and Leyland again but they also had an array of distinctive liveries Many dated back to the early part of the century when the operators first started bus operation The smart maroon and cream of East Kent the dark green and cream of Maidstone District or the light green and cream of Southdown for example were supplemented by ornate fleet names often in gold lettering These three fleets were just a few of those that served seaside towns and will remind readers of holidays they spent in the 1950s and 60s Sadly the years covered by this book are the final years of the BET group which was taken over by the nationalised Transport Holding Company in late 1967 as a prelude to the creation of the National Bus Company under which the distinctive liveries of the BET group fleets and even some of the operators themselves would disappear The 1960s also saw the demise of many traditional types of bus that these fleets operated owing to the introduction of rear engined double deckers such as the Leyland Atlantean and Daimler Fleetline as well as the spread of one man operation Many of the photographs featured in this book show the older types in their final days pure nostalgia for the transport enthusiast
