'Magnificent Castle' of Culzean and the Kennedy Family Michael Moss, 2019-08-06 Culzean Castle on the Ayrshire coast is the most visited property of the National Trust for Scotland This lavishly illustrated book tells the whole history of the castle

Houses and Cottages of Britain R. W. Brunskill, 2000-01-01 The sequel to *Traditional Buildings of Britain* traces the origins and development of traditional buildings by going inside the houses and revealing from their plans how they evolved from basic accommodation to homes giving comfort and privacy The book shows how local traditional materials earth timber stone brick were used in the construction of the buildings

Cottage Gardens and Gardeners in the East of Scotland, 1750-1914 Catherine Rice, 2021 This pioneering study tells the story of the emergence of rural workers gardens during a period of unprecedented economic and social change in the most dynamic and prosperous region of Scotland Much criticised as weed infested badly cultivated and disfigured by the dung heap before the cottage door eighteenth century cottage gardens produced only the most basic food crops But the paradox is that Scottish professional gardeners at this time were highly prized and sought after all over the world And by the eve of the First World War Scottish cottage gardeners were raising flowers fruit and a wide range of vegetables and celebrating their successes at innumerable flower shows This book delves into the lives of farm servants labourers weavers miners and other workers living in the countryside to discover not only what vegetables fruit and flowers they grew and how they did it but also how poverty insecurity and long and arduous working days shaped their gardens Workers cottage gardens were also expected to comply with the needs of landowners farmers and employers and with their expectations of the industrious cottager But not all the gardens were muddy cabbage and potato patches and not all the gardeners were ignorant or unenthusiastic The book also tells the stories of the keen gardeners who revelled in their pretty plots raised prize exhibits for village shows and in a few cases found gardening to be a stepping stone to scientific exploration

Design and Plan in the Country House Andor Harvey Gomme, Austin Harvey Gomme, Alison Maguire, Maguire Alison, 2008-01-01 The way a man thinks about his day to day living and the needs of his household reveals a great deal about his ambitions his idea of himself and his role in the community And his house or castle offers many clues to his habits as well as those of the members of his household This intriguing book explores the evolution of country house plans throughout Britain and Ireland from medieval times to the eighteenth century With photographs and detailed architectural plans of each house under discussion the book presents a whole range of new insights into how these homes were designed and what their varied designs tell us about the lives of their residents Starting with fortified medieval tower houses the book traces patterns that developed and sometimes repeated in country house design over the centuries It discusses who slept in the bedchambers where food was prepared how rooms were arranged for official and private activities what towers signified and more Groundbreaking in its depth the volume offers a rare tour of country houses for scholar and general reader alike

Medieval and Early Modern Representations of Authority in Scotland and the British Isles

Kate Buchanan, Lucinda H.S. Dean, 2016-05-20 What use is it to be given authority over men and lands if others do not know about it Furthermore what use is that authority if those who know about it do not respect it or recognise its jurisdiction And what strategies and language written and spoken visual and auditory material cultural and political did those in authority throughout the medieval and early modern era use to project and make known their power These questions have been crucial since regulations for governance entered society and are found at the core of this volume In order to address these issues from an historical perspective this collection of essays considers representations of authority made by a cross section of society within the British Isles Arranged in thematic sections the 14 essays in the collection bridge the divide between medieval and early modern to build up understanding of the developments and continuities that can be followed across the centuries in question Whether crown or noble government or church burgh or merchant all desired power and influence but their means of representing authority were very different These essays encompass a myriad of methods demonstrating power and disseminating the image of authority including material culture art literature architecture and landscapes saintly cults speeches and propaganda martial posturing and strategic alliances music liturgy and ceremonial display Thus this interdisciplinary collection illuminates the variable forms in which authority was presented by key individuals and institutions in Scotland and the British Isles By placing these within the context of the European powers with whom they interacted this volume also underlines the unique relationships developed between the people and those who exercised authority over them
