Levack, 2019-07-16 Shortlisted for the 2008 Katharine Briggs Award Witch Hunting in Scotland presents a fresh perspective on the trial and execution of the hundreds of women and men prosecuted for the crime of witchcraft an offence that involved the alleged practice of maleficent magic and the worship of the devil for inflicting harm on their neighbours and making pacts with the devil Brian P Levack draws on law politics and religion to explain the intensity of Scottish witch hunting Topics discussed include the distinctive features of the Scottish criminal justice system the use of torture to extract confessions the intersection of witch hunting with local and national politics the relationship between state building and witch hunting and the role of James VI Scottish Calvinism and the determination of zealous Scottish clergy and magistrates to achieve a godly society This original survey combines broad interpretations of the rise and fall of Scottish witchcraft prosecutions with detailed case studies of specific witch hunts Witch Hunting in Scotland makes fascinating reading for anyone with an interest in witchcraft or in the political legal and religious history of the early modern period

The Witches of Fife Stuart MacDonald, 2014-08-01 Along the coast of Fife in villages like Culross and Pittenweem history records that some women were executed as witches Nevertheless the reality of what happened the night that Janet Cornfoot was lynched at Pittenweem is hard to grasp as one sits by the harbour watching the fishing boats unload their catch and the pleasure boats rising with the tide How could people do this to an old woman Why was no one ever brought to justice And why would anyone defend such a lynching The task of the historian is to try to make events in the past come alive and seem less strange The details of the witch hunt are fascinating Some of the anecdotes are strange The modern reader finds it hard to imagine illness being blamed on the malevolence of a beggar woman denied charity or the economic failure of a sea voyage being attributed to the village hag not bad weather Witch hunting was related to ideas values attitudes and political events It was a complicated process involving religious and civil authorities village tensions and the fears of the elite The witch hunt in Scotland also took place at a time when one of the main agendas was the creation of a righteous or godly society As a result religious authorities had control over aspects of people's lives which seem as strange to us today as beliefs about magic or witchcraft It was not accidental that the witch hunt in Scotland and specifically in Fife should have happened at this time This book tells the story of what occurred over a period of a century and a half and offers some explanation as to why it occurred
