Scouting Report 1984:

The Neyer/James Guide to Pitchers Bill James, Rob Neyer, 2008-06-16 Preeminent baseball analyst Bill James and ESPN.com baseball columnist Rob Neyer compile information on pitches and their origins nearly two thousand pitchers and more in this comprehensive guide Pitchers the pitches they throw and how they throw them they're the stuff of constant scrutiny but there's never been anything like a comprehensive source for such information until now Bill James and Rob Neyer spent over a decade compiling the centerpiece of this book the Pitcher Census which lists specific information for nearly two thousand pitchers ranging throughout the history of professional baseball Their guide also includes a dictionary describing virtually every known pitch biographies of great pitchers who have been overlooked and top ten lists for fastballs spitballs and everything in between James and Neyer also weigh in on the debate over pitcher abuse and durability offer a formula for predicting the Cy Young Award winner and reveal James's Pitcher Codes Learn about the origins and development of baseball's most important pitches and more knuckleballers and submariners than you ever thought existed Baseball's action always starts with the pitchers Begin to understand them and join in on entertaining debates while having a great deal of fun with the history of the game that captivates so many with this one of a kind guide **Scouting and Scoring** Christopher J. Phillips, 2021-03-30 An in depth look at the intersection of judgment and statistics in baseball Scouting and scoring are considered fundamentally different ways of ascertaining value in baseball Scouting seems to rely on experience and intuition scoring on performance metrics and statistics In Scouting and Scoring Christopher Phillips rejects these simplistic divisions He shows how both scouts and scorers rely on numbers bureaucracy trust and human labor to make sound judgments about the value of baseball players Tracing baseball's story from the nineteenth century to today Phillips explains that the sport was one of the earliest fields to introduce numerical analysis and new methods of data collection were supposed to enable teams to replace scouting with scoring But that's not how things turned out From the invention of official scorers and Statcast to the creation of the Major League Scouting Bureau Scouting and Scoring reveals the inextricable connections between human expertise and data science and offers an entirely fresh understanding of baseball Health Care Financing Review, 1985 *Federal Securities Laws and Defense Contracting: The Government role in preventing contractor abuse* United States.
