Flamand, 2000-09-01 This collection of fully peer reviewed papers were presented at the 26th Leeds Lyon Tribology
Symposium which was held in Leeds UK 14 17 September 1999 The Leeds Lyon Symposia on Tribology were launched in
1974 and the large number of references to original work published in the Proceedings over many years confirms the quality
of the published papers It also indicates that the volumes have served their purpose and become a recognised feature of the
tribological literature This year s title is Thinning Films and Tribological Interfaces and the papers cover practical
applications of tribological solutions in a wide range of situations The evolution of a full peer review process has been evident
for a number of years An important feature of the Leeds Lyon Symposia is the presentation of current research findings This
remains an essential feature of the meetings but for the 26th Symposium authors were invited to submit their papers for
review a few weeks in advance of the Symposium This provided an opportunity to discuss recommendations for modifications
with the authors **Annual Report** Rhode Island. State Auditor, 1915
