Service Franchising A Global Perspective:

Service Franchising Ilan Alon, 2006-03-14 *Service Franchising* succinctly extracts from observations about international franchising from both the scholarly and trade literature. The work adds insights gleaned through extensive research and the experiences of the author. As a result, the book advances the body of knowledge on international franchising for the academic community. In addition to being a breakthrough text for researchers in business and economics, the book also contains guidance for franchisors and franchisees in their efforts to achieve success in the global marketplace. Ilan Alon has made major contributions to the understanding of franchising both through his own research and his compiling and study of the work of other leading researchers. Alon pioneered research into the internationalization of franchising with his published studies from Asia, Europe, Latin America, and other parts of the world. Global Franchising Operations Management Ilan Alon, 2012-03-12 Franchising now represents more than 10% of the US economy and 50% of US retail sales, and this winning business model is now showing exceptional promise outside the US as well. Both franchisors and franchisees are beginning to discover immense opportunities to extend operations or build new franchises in emerging markets. Of course, success will depend on their ability to execute, and extending successful franchising operations outside their home markets requires significant new skills, knowledge, and expertise. In *Global Franchising Operations Management*, the field's leading expert and author brings together an unprecedented collection of in-depth cases that illuminate the field's unexplored opportunities, key pitfalls, and proven best practices. Ilan Alon thoroughly covers key challenges from both the franchisor and franchisee perspective, teaching lessons learned by Marks and Spencer, Ruth's Chris Steakhouse, Athlete's Foot, Kodak, Sari Organic, and other pioneers. Through these cases, he addresses pivotal issues such as: Should you take your franchise operation global? What unique marketing and demand management challenges will you face in doing so? Do Master Franchisee or Micro Franchising strategies make sense for you? What are their risks, and can those risks be managed? How can you efficiently manage logistics, supply chains, and operations in unfamiliar markets? Whatever your role or potential role in global franchising operations, this book will be an indispensable resource. *Franchising Globally* I. Alon, 2010-03-31 *Franchising Globally* is first of its kind to examine franchising both from an entrepreneurial and from an international perspective. The book includes theoretical discussions and practical examples of international franchising as well as both micro and macro studies of franchising environments in different parts of the world. Global Franchising Operations Management Ilan Alon, 2012 In this book, the world's leading expert on global franchising helps companies decide whether to franchise outside the United States, identify their best global opportunities, and understand the unique challenges of franchising in emerging markets. Handbook of Service Business John R. Bryson, Peter W. Daniels, 2015-04-30 Service business accounts for more than 75 per cent of the wealth and employment created in most developed market economies. The management and economics of service business is based around selling expertise, knowledge, and experiences. This Handbook co **Social Franchising** I.

Alon,2014-10-03 Social franchising represents a third generation form of franchising development after trade name and business format franchising At the intersection of social enterprise and micro finance literatures this book reviews a variety of social franchising formats across a number of developing countries *New Developments in the Theory of Networks* Mika Tuunanen,Josef Windsperger,G rard Cliquet,George Hendrikse,2011-01-12 The theory of networks aims at developing theoretical views on the design and management of alliances franchise chains licensing joint ventures cooperatives and venture capital relations The current trend in economics and management of networks is twofold First there is a strong tendency toward application of theoretical approaches developed both in organizational economics strategic management and organization theory The second trend refers to the development of more integrative views on networks Especially combining organizational economics strategic management and relational views on networks are very promising research directions Starting from this status of research the current book emphasizes network research as a theory driven field by offering new perspectives on contract design decision and ownership rights value creation knowledge management and the role of social capital in franchising networks alliances and cooperatives **The Franchising Way** Karen Kwan,2019-02-21 In this rapidly changing new era it is becoming more and more challenging to expand a business Businesses face many challenges in both online and offline market Financial and Management resources are 2 critical resources for any business to maintain the continuous development of business Can we have alternative strategy to develop international brand Rental will be critical operational cost and will continue to increase all over the world Do you have sufficient financial capital to expand your business by opening more branches Are you experiencing a lack of strong and powerful teams to support your business expansion Would you like to have an international brand LEARN HOW TO You will learn how to overcome the cash shortage and stop being challenged by the lack of highperformance teams in this book It will show you how to set up a simple and repeatable franchise system to deliver any product or service Turn your sales times and let money generate through the network automatically *Global Marketing Management* Kiefer Lee,Steve Carter,2012-03-29 Global Marketing Management provides comprehensive coverage of the issues which define marketing in the world today equipping students with some of the most current knowledge and practical skills to help them make key management decisions in the dynamic and challenging global trade environment Origin and Branding in International Market Entry Processes Silva, Carlos Francisco e,2023-09-07 In today s globalized economy selecting the right entry strategy is critical for companies looking to expand into foreign markets This decision has a significant impact on a company s performance and its ability to collaborate with global supply chains Moreover with consumers becoming increasingly aware of the origins of products and brands it is essential for companies to use the origin as a means to add value to their offerings Edited by Dr Carlos Silva this book brings together global professionals and researchers who provide the latest empirical research findings and relevant theoretical frameworks on the subject spanning multiple industries Origin and Branding in International Market Entry Processes is

targeted towards professionals and researchers working in the field of international management and business providing insights and support for executives concerned with market entry internationalization strategies destination and origin branding and brand expansion The book covers a range of topics including brand origin country of brand origin branding market entry process internationalization strategies place branding and digital places among others This book is an excellent resource for academics and professionals looking to understand the strategic role of brands and their origin in international market entry helping readers make informed decisions on market entry strategies and branding that will ultimately improve their performance and success in global markets Global Perspectives in Marketing for the 21st Century Ajay K. Manrai,H. Lee Meadow,2015-06-09 This volume includes the full proceedings from the 1999 World Marketing Congress held in Qawra Malta with the theme Global Perspectives in Marketing for the 21st Century The focus of the conference and the enclosed papers is on marketing thought and practices from a global perspective This volume resents papers on various topics including marketing management marketing strategy and consumer behavior Founded in 1971 the Academy of Marketing Science is an international organization dedicated to promoting timely explorations of phenomena related to the science of marketing in theory research and practice Among its services to members and the community at large the Academy offers conferences congresses and symposia that attract delegates from around the world Presentations from these events are published in this Proceedings series which offers a comprehensive archive of volumes reflecting the evolution of the field Volumes deliver cutting edge research and insights complimenting the Academy s flagship journals the Journal of the Academy of Marketing Science JAMS and AMS Review Volumes are edited by leading scholars and practitioners across a wide range of subject areas in marketing science *Globalization of Services* Yair Aharoni,Lilach Nachum,2000-06 This important book offers economists both a wealth of new source material and a fresh perspective on the modern global economy It includes contributions from a wide range of international authors **Handbook of Research on Franchising** Frank Hoy,Rozenn Perrigot,Andrew Terry,2017-10-27 Franchising is one of the major engines of business expansion and job creation globally The Handbook of Research on Franchising offers new insights into entrepreneurial behavior organizational forms regulation internationalization and other contemporary issues relating to this dynamic business strategy The Handbook challenges both practitioners and scholars to give attention to the conclusions of scholarly research on this business model Practitioners can benefit from the results of high quality scientific research and scholars can find exciting opportunities for contributing to the body of knowledge of a subject that has not received sufficient attention in educational institutions **Global Perspectives on Military Entrepreneurship and Innovation** Ojo, Sanya,2021-02-19 Like other organizations across the world military establishments apply the concept of entrepreneurship to day to day activities However literature on the topic runs thin creating a gap in the research on this area of military involvement in entrepreneurship These studies focus heavily on three topics ex military officers in entrepreneurship entrepreneurial minded

individuals still in the military and military spouses as successful entrepreneurs It is essential that researchers interrogate these three areas across different locational contexts for a clear representation and understanding of the many forms of military entrepreneurship This research focuses on outcomes the entrepreneurial process economic activities and ontological directions Military entrepreneurship is cross cultural spans varied locations and is linked to retired retiring serving military personnel and military spouses Global Perspectives on Military Entrepreneurship and Innovation builds on existing theoretical and empirical studies in the areas of entrepreneurship and military business and enterprise to interrogate the concepts of military entrepreneurship veteran entrepreneurship military spouse entrepreneurship or military women entrepreneurship and retirees entrepreneurship The book is a collection of studies on military entrepreneurship treating the subject with emphasis on metacognition and interrogates differences in metacognitive processing across cultures and values relating to military entrepreneurship The chapters cover various concepts in military entrepreneurship and promote entrepreneurship research within the military ecosystem This book is ideal for military personnel entrepreneurs managers practitioners researchers academicians and students interested in the concept of military entrepreneurship and innovation narratives

Non-equity Modes of International Production and Development United Nations Conference on Trade and Development, 2011 The World Investment Report is widely regarded as the most authoritative source of data and analysis on the activities of transnational corporations national and international regulatory regimes and their implications for development The 2011 edition focuses on the strategic use of non equity modalities e g contract manufacturing service outsourcing licensing franchising etc by transnational corporations in their management of global value chains and international operations Additional highlights include a discussion of the interplay between foreign direct investment and industrial policy as well as an assessment of the origin rise and global map of state owned transnational corporations It also contains a statistical annex with data on flows and stocks of foreign direct investment for 196 economies

Economics and Management of Franchising Networks Josef Windsperger, Gérard Cliquet, George Hendrikse, Mika Tuunanen, 2012-12-06 Franchising networks are experiencing great success in international business organization Few books try to explain the characteristics of these networks Contrary to the existing literature this book tackles more theoretical problems related to governance organization knowledge management contract design incentive and regulation issues both from the economic and management view point It delivers new theoretical and empirical results regarding plural forms contract design and knowledge and strategic management issues Its purpose is to offer researchers and practitioners new theoretical and empirical insights in one of the most important economic phenomenon at the beginning of the 21st century Franchising networks as organizational arrangement for growth and internationalization of firms

Contemporary Management and Global Leadership for Sustainability Kankaew, Kannapat, Chaudhary, Shilpa, Widtayakornbundit, Sarun, 2024-02-26
