Resonating Sacralities Lieke Wijnia, 2022-01-19. In The Netherlands, the arts have gained a sacralized status while religion is increasingly viewed through the lens of heritage. The dynamic resonance of sacred forms, this results in, is exemplary for the postsecular. Exploring this resonance, this book offers a strong counterweight to the popular trope of the arts having replaced religion in secularized societies. Instead, it approaches artistic performance, religion, and its heritage as mutually engaging sacred forms. Lieke Wijnia thoroughly connects theoretical perspectives on the sacred with ethnographic research at the annual festival Musica Sacra Maastricht. She explores the continued relevance of a broad conceptual approach to the sacred as well as the practical side to negotiating the sacred at the festival. The resulting analyses shed new light on topics like musical performance as generator of the sacred, how art and heritage impact the continuity of religion in secularized societies, and the fragility of artistic performance in the contemporary fragmented framework of the sacred. This book offers an innovative and interdisciplinary interpretation of the continuing significant role of art and religion in postsecular societies.
