Felser, 2011-04-01 From Christian believers in the Apocalypse and the Rapture to New Age enthusiasts of prophecies concerning the year 2012 Doomsday lore has been a part of culture a myth that colors how we perceive the world Why do we remain obsessed with Doomsday myths even when they fail to materialize What if we haven't recognized the true message of these myths Blending history psychology metaphysics and story philosopher and author Joseph Felser explores the spiritual questions raised by these enduring myths Along the way he consults the work of Joseph Campbell Carl Jung Marie Louise von Franz Black Elk Wovoka Itzhak Bentov Jane Roberts Seth Hermann Hesse Ingo Swann David Bohm Fred Alan Wolf J Allen Boone William James and Robert Monroe through ever widening circles of understanding Felser suggests that our obsession with The End of the World hides a repressed healthy longing for reconciliation with our inner and outer worlds with nature and our own natural spirituality He urges us to recognize and act upon that longing When we begin to listen to nature's voice and pay heed to our own dreams including visions intuitions and instinctive promptings the greatest revolution in all history will unfold We can create a future of our own choosing a beginning rather than an ending The Psyche as Interaction: Electromagnetic Patterns of Conscious Energy Manya J. Long, 2014-06-13 The Psyche as Interaction begins as a journey to explain one person's paranormal experiences Manya Long looks closely at the fields of mathematics physics psychology music religion neurophysiology and parapsychology Along the way she finds many things connecting each of these fields together Her intention when she began was merely to answer questions about her own unique experiences However she quickly realized what she was looking at had the potential to change the way we all view the world This book explains her journey findings and the conclusions she came to **21st Century Practical Spiritual Metaphysic Guide Book for Atheists and Agnostics** Joel Gonzalez, 2011-03-01 This is a guide book for the individual who has always shied away from all occult subjects such as religion magic astrology metaphysics spiritual anything and for the beginner into all of these subjects who wished to expedite his/her learning with the latest up to date information It offers leads for the beginner interested in understanding the merger between science and the occult spiritual subjects and a reference of where to get started in the

search for the ultimate truth This book also provides references of where to find up to date information based on scientific evidence of what is going on with our planet earth and what to expect in the coming years leading to December 21 2012 This book provides scientific and practical ways of understanding the universe TOOLS to help YOU LIVE life TO ITS FULLEST and with EXCELLENT HEALTH *Soul Sight: Projections of Consciousness and Out of Body Epiphanies* Mary Barton,2008-11-05 In her riveting book Barton vividly depicts her voyage of discovery through time and space Her first spontaneous out of body experience so shattered her beliefs about reality that she began a thorough investigation that would ultimately lead her to learn to leave her body virtually at will Thirty years later she is finally prepared to reveal what she learned in her trial by fire *Knowing the Facts about Dream Work* John Ankerberg,John Weldon,2012-08-14 Dream work claims that our dreams powerfully reflect or influence spiritual psychological and even physical realities Dreams can be explored for psychological insight in psychotherapy for spiritual insight in Christian dream work or manipulated for occult revelations or spiritual growth Dream work may also be used as an adjunct to physical healing The authors expose the occult potential and examine the major problems and dangers as well as give a biblical evaluation *Encyclopedia of New Age Beliefs* John Ankerberg,John Weldon,1996 This comprehensive indexed volume includes short one page listings of pertinent facts about a particular movement its founder how it claims to work scientific evaluations done and its potential dangers Some topics covered are angels visualization shamanism hypnosis new age medicine and martial arts **Knowing the Facts about Channeling and Crystal Work** John Ankerberg,John Weldon,2012-08-30 When men and women willingly give over their minds and bodies to spirit entities and these spirits enter and control them using them to heal or to give teachings and other information this is called channeling Crystal work uses crystals to invoke the spirits The spirits claim they can assist people toward true individual social and spiritual enlightenment Channeled spirits claim to be wise and loving entities but are they What is their real purpose The authors examine the potential problems and dangers that can occur through channeling along with a biblical evaluation of the practice **Get the Picture** Brent Marchant,2007-01-01 Conscious creation is the theory that we create our own reality when we watch the movie screen Brent Marchant examines psychological aspects of motion pictures **Rough Metaphysics** Peter Skafish,2023-04-25 A powerful case for why anthropology should study outsiders of thought and their speculative ideas What sort of thinking is needed to study anomalies in thought In this trenchantly argued and beautifully written book anthropologist Peter Skafish explores this provocative question by examining the writings of the medium and rough metaphysician Jane Roberts 1929 1984 Through a close interpretation of her own published texts as well as those she understood herself to have dictated for her cohort of channeled personalities including one named Seth who would inspire the New Age movement Skafish shows her intuitive and dreamlike work to be a source of rigorously inventive ideas about science ontology translation and pluralism Arguing that Roberts s writings contain philosophies ahead of their time he also asks How might our understanding of speculative thinking

change if we consider the way untrained writers occult visionaries and their counterparts in other cultural traditions undertake it What can outsider thinkers teach us about the limitations of even our most critical intellectual habits Rough Metaphysics is at once an ethnography of the books of a strange and yet remarkable writer a commentary on the unlikely philosophy contained in them and a call for a new way of doing and undoing philosophy through anthropology and vice versa In guiding the reader through Roberts s often hallucinatory world of concepts Skafish also develops a series of original interpretations of thinkers from William James to Claude L vi Strauss to Paul Feyerabend who have been vital to anthropologists and their fellow travelers Seductively written and surprising in its turns of thought Rough Metaphysics is a feast for anyone who wants to learn how to think something new especially about thought **Awakening the Soul: Book 2**
