The Stranger Anna del Mar,2016-08-22 When a mysterious stranger is your only hope The scars of the past have left their mark both physical and emotional on former military pilot Seth Erickson Off grid in the far reaches of the bitter Alaskan wilderness he wants only to be left alone with his ghosts But he can't ignore a woman in need beautiful stranded and nearly frozen with fear Summer Silva never imagined that the search for her missing sister would leave her abandoned on a wintry back road barely escaping with her life from a cold blooded killer for hire Now hiding out in the isolated cabin of the secretive wounded warrior who saved her Summer knows she must do what she fears most Putting her trust in a stranger is all she has left All defenses are down After a fiery first night together Seth and Summer are bound by a need as powerful as a Bering Sea superstorm and vulnerable to enemies just as fierce For Seth reawakened by desire there is no sacrifice too great no memory too dark to keep Summer safe But murder and treason lurk everywhere and Summer may not survive Alaska's ruthless winter Book two of the Wounded Warrior series This book is approximately 110 000 words One click with confidence This title is part of the Carina Press Romance Promise all the romance you're looking for with an HEA HFN It's a promise

Audia Christopher Schaal,2010-09 Standing before a barren wasteland of a planet the mighty and powerful Rezorin looked down upon the view of nothingness I shall bring life to this dissolute world and make life in my image I will teach them my ways and they will worship me but I will treat them as my equal And with his great power Rezorin raised his hands and with a flash of light the planet began to shift and move Clouds gathered and rain fell from the skies filling the land with lakes and oceans Plants and trees began growing from soil sprouting foliage and bringing oxygen for life Rezorin then took his mighty power to destroy one of the surrounding moons the debris created a ring around the planet leaving only one moon untouched This ring shall bring everlasting beauty to signify my love for all who live here The power from Rezorin slowly drained him to complete the new world With this new world finished I shall call it Vianna after my love that will always live within my soul And with a burst of light and energy Rezorin shed the last bit of energy he had remaining to fully finish Vianna

Vikram Seth's Poetics of Pastiche Mélanie Heydari,2024-09-21 Vikram Seth is a critical enigma He is recognized as one of the most important Indian Anglophone authors of his generation his individual works have been widely reviewed yet his work has rarely been approached as a whole and remains surprisingly understudied Perhaps the chief reason for the paucity of critical response to the full compass of Seth s work is his disregard for intellectual fashion Indeed Seth is at once very popular and deliberately unfashionable His literary affiliations are conservative seemingly uninterested in any revisionary narrative he is equally unconcerned by the interpenetration of cultures in our globalized world representing assimilation rather than cultural difference He defies the expectations of both postcolonial and world literature therefore to discuss his critical neglect is to shed light on the limitations of these labels As the most thorough attempt to map a general poetics in Seth s work this study the first of its kind on this writer develops a new critical methodology to capture the nuances of Seth s literary strategies It provides scholars and students insight into the key features of Seth s work and uncovers a consistent authorial strategy running through his seemingly disconnected body of work namely a systematic use of intertextual practices

Marrone,2016-08-11 At once familiar and hard to place the work of acclaimed Canadian cartoonist Seth evokes a world that no longer exists and perhaps never existed except in the panels of long forgotten comics Seth s distinctive drawing style strikingly recalls a bygone era of cartooning an apt vehicle for melancholy gently ironic narratives that depict the grip of the past on the present Even when he appears to look to the past however Seth born Gregory Gallant is constantly pushing the

medium of comics forward with sophisticated work that often incorporates metafiction parody and formal experimentation Forging the Past offers a comprehensive account of this work and the complex interventions it makes into the past Moving beyond common notions of nostalgia Daniel Marrone explores the various ways in which Seth's comics induce readers to participate in forging histories and memories Marrone discusses collecting Canadian identity New Yorker cartoons authenticity artifice and ambiguity all within the context of comics unique structure and texture Seth's comics are suffused with longing for the past but on close examination this longing is revealed to be deeply ambivalent ironic and self-aware Marrone undertakes the most thorough sustained investigation of Seth's work to date while advancing a broader argument about how comics operate as a literary medium Included as an appendix is a substantial interview conducted by the author in which Seth candidly discusses his work his peers and his influences
