

In ancient Hindu Cosmology, what we know as the Earth is only one of countless worlds located in Brahmanda, which is itself only one of the innumerable universes. The known world was located in the middle of the Brahma Loka, composed of many ring-shaped landmasses separated by oceans of various composition. From its center rose Mount Meru, reaching into the heavens. With the cycle of reincarnation, it was possible to reach other, upper or lower realms (or lokas). Below the Brahma Loka was a multitude of increasingly worse hellish realms, with the ocean Garbhodhaka located at the very bottom. Above the Earth and the sky were the heavenly realms, with the abode of the creator god Brahma located at the top of the world.

Edward Wright Associate Professor of Hebrew Bible and Early Judaism University of Arizona, 1999-12-13 When we think of heaven we generally conjure up positive blissful images Heaven is after all where God is and where good people go after death to receive their reward But how and why did Western cultures come to imagine the heavenly realm in such terms Why is heaven usually thought to be up there far beyond the visible sky And what is the source of the idea that the post mortem abode of the righteous is in this heavenly realm with God Seeking to discover the roots of these familiar notions this volume traces the backgrounds origin and development of early Jewish and Christian speculation about the heavenly realm where it is what it looks like and who its inhabitants are Wright begins his study with an examination of the beliefs of ancient Israel's neighbors Egypt and Mesopotamia reconstructing the intellectual context in which the earliest biblical images of heaven arose A detailed analysis of the Hebrew biblical texts themselves then reveals that the Israelites were deeply influenced by images drawn from the surrounding cultures Wright goes on to examine Persian and Greco Roman beliefs thus setting the stage for his consideration of early Jewish and Christian images which he shows to have been formed in the struggle to integrate traditional biblical imagery with the newer Hellenistic ideas about the cosmos In a final chapter Wright offers a brief survey of how later Jewish Christian and Islamic traditions envisioned the heavenly realms Accessible to a wide range of readers this provocative book will interest anyone who is curious about the origins of this extraordinarily pervasive and influential idea

Jewish conversion story composed no later than the early second century C E Instead she dates it to the third or fourth century C E and argues that although no definitive answer is presently possible it may well be a Christian account This critique also raises larger issues about the dating and identification of many similar writings known as pseudepigrapha Kraemer reads its account of Aseneth s interactions with an angelic double of Joseph in the context of ancient accounts of encounters with powerful divine beings including the sun god Helios and of Neoplatonic ideas about the fate of souls When Aseneth Met Joseph demonstrates the centrality of ideas about gender in the representation of Aseneth and by extension offers implications for broader concerns about gender in Late Antiquity The Mysticism of Hebrews Jody A. **Heavenly Realms and Earthly Realities in Late Antique Religions** Ra'anan S. Boustani,Annette Yoshiko Reed,2004-08-16 The idea of heaven held a special place in the late antique imagination which was marked by a poignant sense of the relevance of otherworldly realities for earthly life Such concerns can be found not only in Judaism and Christianity but also in the Greco Roman religious philosophical scientific and magical traditions Transcending social regional and creedal boundaries the preoccupation with heaven in Late Antiquity serves as a focus for an interdisciplinary approach to understanding this formative era in Western culture and history Drawing upon the expertise of scholars of Classics Ancient History Jewish Studies and Patristics this volume explores the different functions of heavenly imagery in different texts and traditions in order to map the patterns of unity and diversity within the religious landscape of Late Antiquity Flora Tells a Story Michael Kaler,2008-11-05 In early Christianity many people were inspired to write gospels treatises letters and stories celebrating the new faith but not all of these writings are found in the New Testament One such story from an unknown author is the Coptic gnostic Apocalypse of Paul a tale of the apostle Paul s ascent to the heavens that was lost for millennia and rediscovered at Nag Hammadi in 1945 In Flora Tells a Story Michael Kaler discusses the Apocalypse of Paul and how it was shaped by its literary environment The book takes a behind the scenes look at early Christian literary production analyzing the ways in which various literary traditions such as apocalyptic writings gnostic thought and understandings of Paul influenced the author of the Apocalypse of Paul and helped to shape the text It also includes a new annotated English translation of the Apocalypse of Paul and a fictional account of how it might have come to be written This work is the most in depth study of the Apocalypse of Paul to date and the only full length discussion of it in English It provides a detailed but accessible account of the literary environment in which its author worked and integrates this little known work into the broader stream of early Christian writings This book will be of interest to specialists in Nag Hammadi and gnostic studies and early Christian literature but will also appeal to the general reader interested in Christianity mysticism and gnosticism Ascent to Heaven in Jewish and Christian Apocalypses Martha Himmelfarb,1993 This is a comparative study of the ancient Jewish and Christian views of the ascent into heaven It places the ascent narratives in their cultural and historical context and explores their relationship to the canonical apocalypses and to other Graeco
