Seven Thousand Days In Siberia:

Seven Thousand Days in Siberia Karlo Štajner, 1988-01-01 **7000 Days in Siberia** Karlo Štajner, 1971 Eleven Winters of Discontent Sherzod Muminov, 2022-01-04 The odyssey of 600 000 imperial Japanese soldiers incarcerated in Soviet labor camps after World War II and their fraught repatriation to postwar Japan In August 1945 the Soviet Union seized the Japanese puppet state of Manchukuo and the colony of Southern Sakhalin capturing more than 600 000 Japanese soldiers who were transported to labor camps across the Soviet Union but primarily concentrated in Siberia and the Far East Imprisonment came as a surprise to the soldiers who thought they were being shipped home The Japanese prisoners became a workforce for the rebuilding Soviets as well as pawns in the Cold War Alongside other Axis POWs they did backbreaking jobs from mining and logging to agriculture and construction They were routinely subjected to reeducation glorifying the Soviet system and urging them to support the newly legalized Japanese Communist Party and to resist American influence in Japan upon repatriation About 60 000 Japanese didn't survive Siberia The rest were sent home in waves the last lingering in the camps until 1956 Already laid low by war and years of hard labor returnees faced the final shock and alienation of an unrecognizable homeland transformed after the demise of the imperial state Sherzod Muminov draws on extensive Japanese Russian and English archives including memoirs and survivor interviews to piece together a portrait of life in Siberia and in Japan afterward *Eleven Winters of Discontent* reveals the real people underneath facile tropes of the prisoner of war and expands our understanding of the Cold War front Superpower confrontation played out in the Siberian camps as surely as it did in Berlin or the Bay of Pigs *Documentary Aesthetics in the Long 1960s in Eastern Europe and Beyond*, 2023-12-18 This book is the first to deal with documentary aesthetic practices of the post war period in Eastern Europe in a comparative perspective The contributions examine the specific forms and modes of documentary representations and the role they played in the formation of new aesthetic trends during the cultural political transition of the long 1960s This documentary first hand approach to the world aimed to break up unquestioned ideological structures and expose tabooed truths in order to engender much needed social changes New ways of depicting daily life writing testimony or subjective reportage emerged that still shape cultural debates today The Lost Spy: An American in Stalin's Secret Service Andrew Meier, 2009-08-10 Filled with dramatic revelations The Lost Spy may be the most important American spy story to come along in a generation exploring the life and death of Isaiah Oggins one of the first Americans to spy for the Soviets of illustrations **Essays on Hitler's Europe** István Deák, 2001-01-01 István Deák is one of the world's most knowledgeable and clearheaded authorities on the Second World War and for decades his commentary has been among the most illuminating and influential contributions to the vast discourse on the politics history and scholarship of the period Writing chiefly for the New York Review of Books and the New Republic Deák has crafted review essays that cover the breadth and depth of the huge literature on this ominous moment in European history when the survival of democracy and human decency were at stake

Collected here for the first time these articles chart changing reactions and analyses by the regimes and populations of Europe and reveal how postwar governments historians and ordinary citizens attempt to come to terms with or to evade the realities of the Holocaust war fascism and resistance movements They track the acts of scoundrels and the collusion of ordinary citizens in the so called Final Solution but also show how others in authority and on the street heroically opposed the evil of the day With its depth conciseness and interpretive power this collection allows readers to consider more clearly and completely than ever before what has been said how thought has shifted and what we have learned about these momentous world changing events

Gulag Literature and the Literature of Nazi Camps Leona Toker, 2019-08-28 A literary scholar examines survival narratives from Russian and German concentration camps shedding new light on testimony in the face of evil In this illuminating study Leona Toker demonstrates how Holocaust literature and Gulag literature provide contexts for each other especially how the prominent features of one shed light on the veiled features and methods of the other Toker s analysis concentrates on the narrative qualities of the works as well as how each text documents the writer s experience in a form where fictionalized narrative can double as historical testimony Toker also views these texts against the background of historical information about the Soviet and the Nazi regimes of repression Writers at the center of this work include Varlam Shalamov Primo Levi Elie Wiesel and Ka Tzetnik and others including Aleksandr Solzhenitsyn Evgeniya Ginzburg and Jorge Sempr n illuminate the discussion Toker also provides context for references to potentially obscure historical events and shows how they form new meaning in the text

History Is a Contemporary Literature Ivan Jablonka, 2018-05-15 Ivan Jablonka s *History Is a Contemporary Literature* offers highly innovative perspectives on the writing of history the relationship between literature and the social sciences and the way that both social scientific inquiry and literary explorations contribute to our understanding of the world Jablonka argues that the act and art of writing far from being an afterthought in the social sciences should play a vital role in the production of knowledge in all stages of the researcher s work and embody or even constitute the understanding obtained History along with sociology and anthropology can he contends achieve both greater rigor and wider audiences by creating a literary experience through a broad spectrum of narrative modes Challenging scholars to adopt investigative testimonial and other experimental writing techniques as a way of creating and sharing knowledge Jablonka envisions a social science literature that will inspire readers to become actively engaged in understanding their own pasts and to relate their histories to the present day Lamenting the specialization that has isolated the academy from the rest of society *History Is a Contemporary Literature* aims to bring imagination and audacity into the practice of scholarship drawing on the techniques of literature to strengthen the methods of the social sciences
