Seven Myths About Small Groups:

Seven Myths about Small Groups Dan Williams, 2000 *Seven Myths of Military History* John D. Hosler, Alfred J. Andrea, Andrew Holt, 2022-03-01 This brief provocative and accessible book offers snapshots of seven pernicious myths in military history that have been perpetrated on unsuspecting students readers moviegoers game players and politicians It promotes awareness of how myths are created by the spurious misuse and ignorance of history and how misleading ideas about a military problem as in asymmetric warfare can lead to misguided solutions Both scholarly and engaging this book is an ideal addition to military history and historical methodology courses In fact it could be fruitfully used in any course that teaches critical thinking skills including courses outside the discipline of history Military history has a broad appeal to students and there s something here for everyone From the so called Western Way of War to its sister myth technological determinism to the academic party game of once faddish Military Revolutions the book shows that while myths about history may be fun myth busting is the most fun of all Reina Pennington Norwich University **At Ease** John Ronsvalle, Sylvia Ronsvalle, U.
