**Merton's Palace of Nowhere** James Finley, 2018-02-02 For forty years James Finley's *Merton's Palace of Nowhere* has been the standard text for exploring reflecting on and understanding the rich vein of Thomas Merton's thought. Spiritual identity is the quest to know who we are to find meaning to overcome that sense of "Is this all there is?" Merton's message cuts to the heart of this universal quest and Finley illuminates that message as no one else can. As a young man of eighteen Finley left home for an unlikely destination the Abbey of Gethsemani where Thomas Merton lived as a contemplative. Finley stayed at the monastery for six maturing years and later wrote this *Merton's Palace of Nowhere* in order to share a taste of what he had learned on his spiritual journey under the guidance of one of the great religious figures of our time. At the heart of the quest for spiritual identity are Merton's illuminating insights leading from an awareness of the false and illusory self to a realization of the true self. Dog-eared, tattered, underlined copies of this book are found on the bookshelves of retreat centers, parish libraries and the homes of spiritual seekers everywhere. This anniversary edition brings a classic to a new generation and includes a new preface by Finley.

**Superabundantly Alive** Susan McCaslin, J.S. Porter, 2018-10-19 *Superabundantly Alive* Thomas Merton's *Dance with the Feminine* is a unique unified multi-genre work that includes dialogue, imaginary letters, poems and reflective essays by two established Canadian poets. Taking cues from Merton himself, Susan and John establish a playful, jazzy dialogic tone. *Superabundantly Alive* This book invites participation for those who already know Merton's work and for those who are meeting this whole and broken prophetic, whimsical, paradoxical prophet and visionary for the first time. Robert Lax once described Merton's poetry and the man himself as *superabundantly alive*. McCaslin and Porter prove the truth of this description in their enchanting account of the writer-mystic who now comes into his second century of stature and significance in the words of Boris Pasternak: a live and burning to the end.

**A New Handbook of Christian Theologians** Donald W. Musser, 1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology, liberation theology, feminist theology and womanist theology. To survey this abundance and diversity of current Christian theology, this book examines the theologies of representative theologians. Particularly to help students navigate the sea of information, the editors have identified various routes for reading and have traced several threads or issues common to many of the essays, thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology, their variant assumptions and conclusions about the nature of God, their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith.

**The Rise of Liberal Religion** Matthew Hedstrom, 2013 Winner of the Frank S. and Elizabeth D. Brewer Best First Book Prize of the American Society of Church History, Society for U.S. Intellectual History, Notable Title in American Intellectual History. The story of liberal religion in the twentieth century, Matthew S. Hedstrom contends, is a story of cultural ascendancy. This may come as a surprise: most scholarship in American

religious history after all equates the numerical decline of the Protestant mainline with the failure of religious liberalism Yet a look beyond the pews into the wider culture reveals a more complex and fascinating story one Hedstrom tells in *The Rise of Liberal Religion* Hedstrom attends especially to the critically important yet little studied arena of religious book culture particularly the religious middlebrow of mid century as the site where religious liberalism was most effectively popularized By looking at book weeks book clubs public libraries new publishing enterprises key authors and bestsellers wartime reading programs and fan mail among other sources Hedstrom is able to provide a rich on the ground account of the men women and organizations that drove religious liberalism s cultural rise in the 1920s 1930s and 1940s Critically by the post WWII period the religious middlebrow had expanded beyond its Protestant roots using mystical and psychological spirituality as a platform for interreligious exchange This compelling history of religion and book culture not only shows how reading and book buying were critical twentieth century religious practices but also provides a model for thinking about the relationship of religion to consumer culture more broadly In this way *The Rise of Liberal Religion* offers both innovative cultural history and new ways of seeing the imprint of liberal religion in our own times

**The Way of Thomas Merton** Robert Inchausti, 2022-11-17 This Lenten devotional is unlike any I ve seen It s not about giving up something trivial for a few weeks It s about getting free of the false self that alienates us from ourselves each other and God Nobody understood that transformation better than Thomas Merton and nobody understands Merton better than Robert Inchausti Parker J Palmer writer speaker and author of *On the Brink of Everything* *The Way of Thomas Merton* guides you through the major themes of Merton s work and shows how his advice can help you to overcome the obstacles that modern life presents for spiritual development For Merton the spiritual life is a journey from the false to the true self a journey that all followers of Jesus must take and this book will help you to love and nurture your true self as you journey through Lent and beyond While no one can take your journey for you Inchausti s poetically insightful reflection on Thomas Merton s life of deep inquiry opens a window through which you may discover your own unique pathway home Ward Mailliard Co founder of the Mount Madonna Center Watsonville California

*Illusions of Freedom* Jeffrey M. Shaw, 2014-06-02 *Illusions of Freedom* examines the opinions and ideas of two twentieth century writers Thomas Merton a Catholic monk living in the United States and Jacques Ellul a French Protestant Contemporaries they never met or corresponded with each other but their critique of the influence that technology was beginning to have on the human condition is strikingly similar Both Merton and Ellul drew upon the ideas of others in formulating their worldview to include Karl Barth Soren Kierkegaard Aldous Huxley and Karl Marx Jeffrey Shaw examines the influence that these other philosophers had on Merton and Ellul as they formulated their own ideas on technology s impact on freedom Tracing the similarities and in some cases the differences between their critiques of technology and the idea that progress is always to be seen as something inherently good one finds that they bring a unique perspective to the debate and offer readers an alternative avenue for reflecting on the meaning of technology and its impact on our lives in the

**Catholic Discordance** Massimo Borghesi, 2021-11-15 One element of the church that Pope Francis was elected to lead in 2013 was an ideology that might be called the American model of Catholicism the troubling result of efforts by intellectuals like Michael Novak George Weigel and Richard John Neuhaus to remake Catholicism into both a culture war colossus and a prop for ascendant capitalism After laying the groundwork during the 1980s and armed with a selective and manipulative reading of Pope John Paul II's 1991 encyclical Centesimus Annus these neoconservative commentators established themselves as authoritative Catholic voices throughout the 1990s viewing every question through a liberal conservative ecclesial political lens The movement morphed further after the 9/11 terror attacks into a startling amalgamation of theocratic convictions which led to the troubling theopoliticism we see today The election of the Latin American pope represented a mortal threat to all of this and a poisonous backlash was inevitable bringing us to the brink of a true American schism This is the drama of today's Catholic Church In Catholic Discordance Neoconservatism vs the Field Hospital Church of Pope Francis Massimo Borghesi who masterfully unveiled the pope's own intellectual development in his The Mind of Pope Francis analyzes the origins of today's Catholic neoconservative movement and its clash with the church that Francis understands as a field hospital for a fragmented world

**The Naked God** Vincent Strudwick, Jane Shaw, 2020-04-28 Every generation puts clothes onto God to help their understanding but the underlying reality of God still lies beneath those garments If we go on clothing God only with garments that are suitable for medieval Christendom or any other age then we can hardly expect that God will be

understood in the twenty first century We live in an age in which many people are interested in spirituality but have been disillusioned by the Church and are unaware of what lies behind institutional religion There is little knowledge of historical attempts to understand and to clothe God and it is more difficult for twenty first century generations to find the tools with which to wrestle with the big questions about who we are and how we relate both to God and to each other Vincent Strudwick in collaboration with theologian historian and priest Jane Shaw invites all readers to become wrestlers to explore difficult questions about God the Bible spirituality and the Church     The Confidential Nature of Birth Records Anna Kalet Smith,Annie Lee Wilson Davis,Arthur Jacques Lesser,James L.
