Seventeenth-century Prose and Poetry Alexander Maclaren Witherspoon, Frank J. Warnke, 1963 A collection of seventeenth century English prose and poetry A Book of Seventeenth-century Prose Robert Peter Tristram Coffin, Alexander Maclaren Witherspoon, 1929 Seventeenth Century Prose (Classic Reprint) Elizabeth Lee, 2015-07-13 Excerpt from Seventeenth Century Prose Although it is usual for the sake of convenience to classify great writers according to the century in which they flourished the division must always be an arbitrary one since the beginning and ending of a century does not necessarily coincide with the beginning and ending of other things It does however so happen that the authors selected for this volume with one exception all lived and worked and died within the seventeenth century Before the seventeenth century English Literature has little to show of what is by common consent regarded as literary prose in the modem sense of the term that is prose which follows the approved rules so far as there can be any of style Sir Thomas More Roger Ascham Tyndale the translator of the Bible Sir Philip Sidney Richard Hooker Sir Walter Raleigh Francis Bacon to mention only the chief names wrote literary prose before that era and their work forms important steps in the evolution of English prose But the old superstition if we may so call it that prose could only be properly written in Latin still lingered About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art

technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
