Routledge Library Editions: Victorian Theatre Various,2021-03-04 Reissuing works originally published between 1971 and 1981 this compact set offers an outstanding collection of scholarship devoted to 19th Century Victorian theatre A small set of performance history and criticism this set includes a biography of Henry Irving a look at the rise of the status of a career as actor and a consideration of the advent of dramatic criticism These volumes present together a lively picture of the development of the contemporary theatre **The Rise of the Victorian Actor** Michael Baker,2015-07-24 Originally published in 1978 Between 1830 and 1890 the English theatre became recognisably modern Standards of acting and presentation improved immeasurably new playwrights emerged theatres became more comfortable and more intimate and playgoing became a national pastime with all classes The actor s status rose accordingly In 1830 he had been little better than a social outcast by 1880 he had become a member of a skilled relatively well paid and respected profession which was

attracting new recruits in unprecedented numbers This is a social history of Victorian actors which seeks to show how wider social attitudes and developments affected the changing status of acting as a profession Thus the stage s relationship with the professional world and the other arts is dealt with and is followed by an assessment of the moral and religious background which played so decisive a part in contemporary attitudes to actors The position of actresses in particular is given special consideration Many non theatrical sources are used here and there is a survey of salaries and working conditions in the theatre to show how the rising social status of the actor was matched by changes in his theatrical standing A novel area of study is covered in tracing the changing social composition of the acting profession over the period and in exploring the case histories of three generations of performers *The Happiness of the British Working Class* Jamie L. Bronstein,2023-01-10 For working class life writers in nineteenth century Britain happiness was a multifaceted emotion a concept that could describe experiences of hedonic pleasure foster and deepen social relationships drive individuals to self improvement and lead them to look back over their lives and evaluate whether they were well lived However not all working class autobiographers shared the same concepts or valorizations of happiness as variables such as geography gender political affiliation and social and economic mobility often influenced the way they defined and experienced their emotional lives *The Happiness of the British Working Class* employs and analyzes over 350 autobiographies of individuals in England Scotland and Ireland to explore the sources of happiness of British working people born before 1870 Drawing from careful examinations of their personal narratives Jamie L Bronstein investigates the ways in which working people thought about the good life as seen through their experiences with family and friends rewarding work interaction with the natural world science and creativity political causes and religious commitments and physical and economic struggles Informed by the history of emotions and the philosophical and social scientific literature on happiness this book reflects broadly on the industrial era working class experience in an era of immense social and economic change *Gypsy-Travellers in Nineteenth-Century Society* David Mayall,1988-02-18 This book critically examines the nature and source of Gypsy stereotypes **The Quarterly Review** William Gifford,Sir John Taylor Coleridge,John Gibson Lockhart,Whitwell Elwin,William Macpherson,William Smith,Sir John Murray IV,Rowland Edmund Prothero Baron Ernle,1926 *Commonweal* ,1926 *The Twentieth Century* ,1926 *Electric Edwardians* Vanessa Toulmin,2019-07-25 *Electric Edwardians* presents a stunning visual record of the films of Sagar Mitchell and James Kenyon combined with an illuminating discussion of the films and the social context of their production by Vanessa Toulmin a leading authority on the collection Advertised as local films for local people the films of Mitchell and Kenyon were commissioned by travelling exhibitors in the early twentieth century for screening in town halls village fetes and local fairs Audiences paid to see their neighbours families and themselves on the screen glimpsed at work and at play This attractive volume includes over 200 illustrations drawn from the Mitchell and Kenyon collection as well as contemporary posters and handbills from the National Fairground Archive Vanessa Toulmin s

lucid accompanying text provides an introduction to the work of the M K company the showmen who commissioned their films and their place in early British cinema Focusing on major themes such as Leisure and Recreation Sport Industry the Boer War and the City Toulmin explores how the M K collection deepens our understanding of these key aspects of Edwardian life Spectacle of Deformity Nadja Durbach,2009-10-13 In 1847 during the great age of the freak show the British periodical Punch bemoaned the public s prevailing taste for deformity This vividly detailed work argues that far from being purely exploitative displays of anomalous bodies served a deeper social purpose as they generated popular and scientific debates over the meanings attached to bodily difference Nadja Durbach examines freaks both well known and obscure including the Elephant Man Lalloo the Double Bodied Hindoo Boy a set of conjoined twins advertised as half male half female Krao a seven year old hairy Laotian girl who was marketed as Darwin s missing link the Last of the Mysterious Aztecs and African Cannibal Kings who were often merely Irishmen in blackface Upending our tendency to read late twentieth century conceptions of disability onto the bodies of freak show performers Durbach shows that these spectacles helped to articulate the cultural meanings invested in otherness and thus clarified what it meant to be British at a key moment in the making of modern and imperial ideologies and identities
