Seventy Years On A Motorcycle:

Seventy Years on a Motorcycle Herbert Foster Gunnison, 2003-04 No comments on Gunnison's work are complete if they don't zero in on his style which is lively engaging and moves through complex interrelated ideas with grace and ease His passions for life and faith in the sublime are truly refreshing and there are quotable gems galore motorcycles are the truth about speed and love is a conspiracy against the ordinary are typical When Herb is sufficiently provoked he grabs a sledgehammer from the arsenal of his intellect as in the following rejoinder to the news that atomic scientists think nuclear explosions are beautiful beautiful my ass that's my philosophy When appropriate Herb can be lyrical Oh how I love to ride on drizzly summer days tucked in behind a misty windscreen insulated from the moist wind chill by a rainsuit listening to the song of a perfectly tuned engine absorbed in the rush of my solitary world lonely unassailable aching with day long joy as I watch the earth renew its sweet mysterious self around me The word is coming in over and over that this book is an absorbing read This is not to say it is lacking in serious cultural or personal psychological issues Herb makes an inspired case for the distractive and self deadening results of excessive worship of technology in the popular culture Two attempts to break the coast to coast speed record on a motorcycle to celebrate his 45th birthday and 7500 mile motorcycle journey around the U S to celebrate his 75th birthday becomes frames and metaphors Beneath all the excitement Gunnison is burdened with deep psychological problems He was the third generation offspring of an extraordinarily wealthy lineage His father uncle and grandfather were all multi millionaires Herb's identity problems set in during adolescence when he got the idea that he was expected to WOW the crowd after three impossible acts to follow For seventy years he sublimated his identity problem on fast road and dirt bikes and early indication are Thank God that this book fortunately is about to bring him full circle because motorcyclists are gobbling it up and sooner or later the Holier than Thou Group is going to ruefully admit that the motorcyclists they look down on are living in Paradise Every purchase of this book Is a vote for our respectability

Brian for thirty years. *Today I Saw a Butterfly* is written from his heart. If you are looking for spiritual inspiration, there is no better manuscript. J. Brian is always encouraging others to listen for God's voice in their lives and to see Jesus in one another. This book gives real-life circumstances for the reader to do just that. After reading this, you will look for Jesus in others and listen for God's voice in your life. *Greg Harten*: I have traveled with J. Brian to many Jesus Rocks Ministry functions. His love for Jesus is real and it is contagious. He is in constant search of God's plan in his life. *Today I Saw a Butterfly* will encourage every reader to be in search of the same. It tells us to look for Jesus in one another. It is proof that God can talk to us through others. This is a true prayer book. It is a writing you will read and refer to more than once. The references to Scripture are a huge help in simply navigating through life. *Michael Curry*: From my earliest memories, I can hear my dad encouraging me and Alexa to listen for God's voice in our lives. This book will encourage every reader to do the same. In reading this book, it is obvious how great our world would be if we see Jesus in one another. What if all of us allowed Jesus to shine bright in our lives? We could change the world. This book will inspire you in many ways. It will inspire you to deepen your relationship with your Savior. *Abby Bergeron*. *Capitalism by Gaslight* Brian P. Luskey, Wendy A. Woloson, 2015-02-02. While elite merchants, financiers, shopkeepers and customers were the most visible producers, consumers and distributors of goods and capital in the nineteenth century, they were certainly not alone in shaping the economy. Lurking in the shadows of capitalism's past are those who made markets by navigating a range of new financial instruments, information systems and modes of transactions: prostitutes, dealers in used goods, mock auctioneers, illegal slavers, traffickers in stolen horses, emigrant runners, pilfering dock workers and other ordinary people who through their transactions and lives helped to make capitalism as much as it made them. *Capitalism by Gaslight* illuminates American economic history by emphasizing the significance of these markets and the cultural debates they provoked. These essays reveal that the rules of economic engagement were still being established in the nineteenth century: delineations between legal and illegal, moral and immoral, acceptable and unsuitable were far from clear. The contributors examine the fluid mobility and unstable value of people and goods, the shifting geographies and structures of commercial institutions, the blurred boundaries between legitimate and illegitimate economic activity and the daily lives of men and women who participated creatively and often subversively in American

commerce With subjects ranging from women s studies and African American history to material and consumer culture this compelling volume illustrates that when hidden forms of commerce are brought to light they can become flashpoints revealing the tensions fissures and inequities inherent in capitalism itself Contributors Paul Erickson Robert J Gamble Ellen Gruber Garvey Corey Goettsch Joshua R Greenberg Katie M Hemphill Craig B Hollander Brian P Luskey Will B Mackintosh Adam Mendelsohn Brendan P O Malley Michael D Thompson Wendy A Woloson
