Sex Discrimination And The Law 1975 Causes And Remedies

Kathryn Swanson

Sex Discrimination And The Law 1975 Causes And Remedies:

Women and the Law Joan A. Brathwaite, 1999 **Unlawful Advances** Celene Reynolds, 2025-08-19 The remarkable story of the women who defined sexual harassment as unlawful sex discrimination under Title IX When the US Congress enacted Title IX of the Education Amendments of 1972 no one expected it to become a prominent tool for confronting sexual harassment in schools Title IX is the civil rights law that prohibits education programs from discriminating on the basis of sex At the time however the term sexual harassment was not yet in use this kind of misconduct was simply accepted as part of life for girls and women at schools and universities In *Unlawful Advances* Celene Reynolds shows how the women claiming protection under Title IX made sexual harassment into a form of sex discrimination barred by the law Working together feminist students and lawyers fundamentally changed the right to equal opportunity in education and schools obligations to ensure it Drawing on meticulously documented case studies Reynolds explains how Title IX was applied to sexual harassment linking the actions of feminists at Cornell Yale and Berkeley Through analyses of key lawsuits and an original dataset of federal Title IX complaints she traces the evolution of sexual harassment policy in education from the early applications at elite universities to the growing sexual harassment bureaucracies on campuses today and how the work of these feminists has forever shaped the law university governance and gender relations on campus Reynolds argues that our political and interpretive struggle over this application of Title IX is far from finished Her account illuminates this ongoing effort as well as the more general process by which citizens can transform not only the laws that govern us but also the very meaning of equality under American law **Sex Discrimination and the Law** Barbara Allen Babcock, 1978-06 **Research**

Handbook on International Abortion Law Mary Ziegler, 2023-03-02 The *Research Handbook on International Abortion Law* provides an in depth multidisciplinary study of abortion law around the world presenting a snapshot of global policies during a time of radical change With leading scholars from every continent Mary Ziegler illuminates key forces that shaped the past and will influence an unpredictable future *Educational Equity* Karen Maschke, 2013-09-13 Multidisciplinary focus Surveying many disciplines this anthology brings together an outstanding selection of scholarly articles that examine the profound impact of law on the lives of women in the United States The themes addressed include the historical political and social contexts of legal issues that have affected women s struggles to obtain equal treatment under the law The articles are drawn from journals in law political science history women s studies philosophy and education and represent some of the most interesting writing on the subject The law in theory and practice Many of the articles bring race social and economic factors into their analyses observing for example that black women poor women and single mothers are treated by the wielders of the power of the law differently than middle class white women Other topics covered include the evolution of women s legal status reproduction rights sexuality and family issues equal employment and educational opportunities domestic violence pornography and sexual exploitation hate speech and feminist legal thought A valuable research and

classroom aid this series provides in depth coverage of specific legal issues and takes into account the major legal changes and policies that have had an impact on the lives of American women *Legal Canons* Jack M Balkin, Sanford V

Levinson,2000-08-01 In this collection of enlightening essays legal scholars examine what is and what ought to be canonical in the study of law Every discipline has its canon the set of standard texts approaches examples and stories that form the lingua franca of its practitioners In *Legal Canons* some of today s finest legal minds seek to map out the legal canon and the way in which law is taught today In order to understand how the twin ideas of canons and canonicity operate in law each essay focuses on a particular aspect from contracts and constitutional law to questions of race and gender The ascendancy of law and economics feminism critical race theory and gay legal studies as well as the increasing influence of both rational actor methodology and postmodernism are all scrutinized by the leading scholars in the field A timely and comprehensive volume *Legal Canons* articulates the need for and means to opening the debate on canonicity in legal studies **American**

Political Science Research Guide George W. Johnson,2012-12-06 The American Political Science Research Guide to their efforts Individuals in administration is a new series dealing generally with American positions will also find that the APSRG offers a means for keeping current on public government and specifically with public administration state and local government policy questions despite the normal restriction of the legislative and executive branches and time and circumstance the judiciary The key to the entire program is the use of the database of the Political Science Series of As an innovative idea the APSRG is an approach to political research which focuses upon a the Universal Reference System Combining a single area within the discipline of political science with the definitive URS Supplement and a science The first in a proposed series of refined indexing procedure the APSRG is a softcover research guide the APSRG is reproduced under the supervision of the same scholarly representative of the guiding principle of providing scholars who develop that annual supplement

Mothers on the Job Lise Vogel,1993 Women s increasing demands for protection and benefits in the workplace especially with regard to maternity leave have sparked more than a century of controversy among feminists on how best to serve the needs of working women This debate continues to divide the feminist community One side believes women are better served by emphasizing equality with men pregnancy should be treated like any other disability The other side wants to recognize difference special provisions should apply only to pregnant women Lise Vogel examines the evolution of this debate on pregnant women in the workplace looking at theoretical as well as practical implications Vogel begins by assessing the history of the contemporary debate on pregnancy policy in the U S Since the middle of the nineteenth century American women have been torn by the contradictory demands of motherhood and the workplace Pregnancy was grounds for dismissal from work and few employers took action to protect pregnant workers To counter this early twentieth century feminists and reformers emphasized female specificity and women s special role In the 1960s activists adopted a strategy framed on equality which moved away from the earlier emphasis on differences The use of equality strategies to cover the female

specific phenomenon of pregnancy turned out to have problems Now women s special needs were denied and ignored These difficulties and a series of court cases in the 1980s triggered debates in the feminist legal community Vogel looks at the litigation and debates which pitted advocates of gender neutral strategies against critics who called for female specific policies Vogel argues that in terms of practical benefits women will be served best by a gender neutral approach to pregnancy policy She encourages equality advocates to recognize the inherent diversity of individuals and points out the need to be sensitive to individual factors of race and class as well as sex

Locating the Role of Labor Politics within Feminism in the Late Twentieth Century Sybil Lipschultz, 2018-10-24 Equal rights for women in the workplace is a critical aspect of the twentieth century civil rights movement as well as an issue of academic and public interest Bringing together legal rulings and commentary this three volume collection documents the development of legal protections for women in the workplace The comprehensive coverage encompasses the major legal and constitutional issues including the legal arguments that lead to the reduction of working hours for women and the argumentation that framed the debates over minimum wage legislation The set also presents more contemporary issues of gender equality versus gender difference in matters such as maternity leave and health hazards in the workplace for pregnant women As the interest in the intersection of law and women s studies surges this important new collection will become an essential guide to students and scholars as well as lay readers This volume is available on its own or as part of the three volume set Women the Law and the Workplace For a complete list of the volume titles in this set see the listing for Women the Law and the Workplace 0 415 94280 2

Marital Privilege Serena Mayeri, 2025-07-08 How the privileged legal status of marriage survived decades of constitutional struggle and social change The United States is unusual among wealthy western nations in the degree to which the law channels public benefits and private economic resources through marriage This remains so despite seismic changes in American family life in the last several decades of the twentieth century During this period marriage rates declined while divorce and nonmarital childbearing soared Social movements for racial and economic justice women s and gay rights and liberation civil liberties and reproductive freedom transformed the legal landscape In *Marital Privilege* Serena Mayeri tells the stories of parents and partners and activists and lawyers who challenged the legal primacy of marriage They made innovative constitutional claims in courts and launched grassroots efforts to change laws and practices that penalized nonmarital relationships But even though reforms eliminated the most visible discrimination against women people of color and children born to unmarried parents and eventually against gay and lesbian Americans marriage s privileged status endured Because marriage increasingly correlated with education and wealth marital primacy intensified racial and economic inequality *Marital Privilege* explains how as American law selectively incorporated principles of liberty and equality the benefits of marriage became increasingly unavailable to those who needed them most

Equal Opportunity in Employment United States Civil Service Commission. Library, 1976 **Affirmative Action and Preferential Admissions**

in Higher Education Kathryn Swanson,1981 Winner of the 1981 82 Joseph L Andrews Bibliographical Award presented by the American Association of Law Librarians an excellent bibliography which addresses a very important contemporary issue It deserves a place in the collections of large public libraries law libraries and most academic institutions RQ
