D. H. Lawrence and Ambivalence in the Age of Modernity Gaku Iwai, 2024-05-01 D H Lawrence is renowned for his scathing criticism of the ruling class industrialisation of the country and wartime patriotism However his texts bear the imprint of contemporary dominant ideologies and discourses of the period Comparing Lawrence s texts to various major and minor contemporary novels journal articles political pamphlets and history books this book aims to demonstrate that Lawrence s texts are ambivalent his texts harbour the dynamism of conflicting power struggles between the subversive and the reactionary For example in some apparently apolitical texts such as *The White Peacock* and *Movements in European History* reactionary ideologies and wartime propaganda are embedded Some texts like *Lady Chatterley s Lover* are intended to be a radical critique of the period wherein it was composed but they also bear discernible traces of the contemporary

frame of reference that they intend to subvert Focusing on Lawrence s stories and novels set in the mining countryside and the works composed under the impact of the First World War this book establishes that Lawrence s texts in fact consist of multiple layers that are often in conflict with each other serving as a testimony to the age of modernity **The Bloomsbury Handbook to D. H. Lawrence** Annalise Grice,2024-01-25 Showcasing the most exciting contemporary scholarship on D H Lawrence this comprehensive collection serves as both an overview of the field at present as well as an examination of new approaches and directions in D H Lawrence studies Explicitly interdisciplinary in its focus and covering fields such as bibliotherapy sustainability and animal studies this book Provides new insights into Lawrence as a transnational figure whose work responds to global cultures Considers Lawrence in light of broader developments within modernist studies Examines Lawrence s work in relation to material cultures and his engagements with print publishing and literary networks Contributors are comprised of established international experts in D H Lawrence studies as well as newer voices This collection provides a comprehensive resource for literature students at all levels from undergraduates and postgraduates to scholars and advanced readers interested in developing their knowledge of D H Lawrence **Literature in the First Media Age** David Trotter,2013-12-31 Communications technology is an idea about the prosthetic enhancement of our capacity to communicate Some of the writers who first woke up to this fact lived and wrote in Britain between the World Wars Here David Trotter creates a new literary canon of works distinguished by their alertness to the implications of new media and materials *The Virgin and the Gipsy and Other Stories* David Herbert Lawrence,2004 These stories of myth and resurrection of uncanny events and violent impulse were with one exception written and published in the latter half of the 1920s **Literature along the Lines of Flight** Hidenaga Arai,2014-09-15 This book presents new readings of D H Lawrence s later novels from the perspective of established critical theory and contemporary thought a specific critical theory or critical perspective is selected and applied to each novel in order to present particular interpretations of each Although remaining faithful to one s personal desires without being unduly concerned with the outside world is considered a Lawrentian virtue I would like to show another Lawrence who was sensitive enough to the outside world and to the social discourses of his time to employ elements of them in his novels although subtly and with critical shifts and displacements Lawrence is a writer who continually draws lines of flight to escape from capitalist societies that ascribe essential value and power to money **D. H. Lawrence** Paul Poplawski,1996-06-24 D H Lawrence remains one of the most popular and studied authors of the 20th century This book is a comprehensive but easy to use reference guide to Lawrence s life works and critical reception The volume has been systematically structured to convey a coherent overall sense of Lawrence s achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence s career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text The book begins with an original biography by John Worthen one of the world s

foremost authorities on Lawrence's life and work. The chapters that follow provide separate entries for all of Lawrence's works except for individual poems and paintings with critical summaries, discussions of characters and details of settings. There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them. Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies. Maps and chronologies further trace Lawrence's travels and his development over time.

Rhetoric Of The Unselfconscious In D H L Nakabayashi, Masami, 2011-10-16

In this study of the *Lady Chatterley* novels Masami Nakabayashi pays particular attention to D H Lawrence's language for the feelings and for the life of the unselfconscious sexual body. The novels constantly find ways of verbalising the characters' internalised experiences as they occur in states of unselfconsciousness. Lawrence's language for sensual feelings and emotions has always been regarded as simply sexual and no previous critics have explored or made sense of the complexities of his peculiar but extremely sophisticated writing practice in the *Lady Chatterley* novels. Lawrence was a habitual reviser of his work and despite the availability of reliable texts in the Cambridge edition few critics have traced the nature and significance of his changes from one draft to the next. By examining and analysing the novels' particular linguistic revisions Masami Nakabayashi reveals the textual impulse behind Lawrence's original conception and its subsequent change and development.

Radicalizing Lawrence Robert Burden, 2021-12-28 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned *Leadership* novels because strong readings have always contested the meaning and significance of Lawrence and because there has been a persistent reluctance to approach his writing through post-structuralist theory. This study demonstrates in some detail that once Lawrence's texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization. This enables a radicalizing of Lawrence's fiction by drawing out its deconstructive effects on his myth-making and essentialist notions of the self. The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work. The different approaches to Lawrence's writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored. What emerges is a more self-deconstructive Lawrence with some surprising results.

Love and Death in Lawrence and Foucault Barry Jeffrey Scherr, 2008 *Love and Death in Lawrence and Foucault* is the first full-length study of Foucault and the Foucaultians not to look at them from a quasi-hagiographical perspective. The Lawrentian point of view employed here to deal with Foucault and his oeuvre is utterly unique, imaginative and efficacious in explicating, demystifying Foucaultian theory while at the same time promoting Barry J Scherr's courageous indefatigable project of restoring D H Lawrence to his

rightfully and supremely high place in the pantheon of great British literature. *Rebellious and unconventional yet scholarly and mature*. Love and Death in Lawrence and Foucault is the bravest and most unorthodox study of Foucault to date. It is a worthy addition to Scherr's previous literary cultural studies *D H Lawrence Today* and *D H Lawrence's Response to Plato*. A supremely lively incisive lucid and profound critique. Love and Death in Lawrence and Foucault is indispensable to students and scholars of Lawrence and Foucault alike.

Scenes of Shame Joseph Adamson, Hilary Clark, 1999-01-01 Explores the role of shame as an important affect in the complex psychodynamics of literary and philosophical works.

Modernist Eroticisms A. Schaffner, S. Weller, 2012-09-27 This volume explores the impact of sexological and early psychoanalytic conceptions of sexual perversion on the representation of the erotic in the work of a range of major European modernists including Joyce Kafka Lawrence Mann Proust and Rilke as well as in that of some less well known figures of the period such as Dujardin and Jahn.

Decadence in the Age of Modernism Kate Hext, Alex Murray, 2019-07-16 The first holistic reappraisal of the significance of the decadent movement from the 1900s through the 1930s. Decadence in the Age of Modernism begins where the history of the decadent movement all too often ends in 1895. It argues that the decadent principles and aesthetics of Oscar Wilde Walter Pater Algernon Swinburne and others continued to exert a compelling legacy on the next generation of writers from high modernists and late decadents to writers of the Harlem Renaissance. Writers associated with this decadent counterculture were consciously celebrated but more often blushing denied even as they exerted a compelling influence on the early twentieth century. Offering a multifaceted critical revision of how modernism evolved out of and coexisted with the decadent movement the essays in this collection reveal how decadent principles infused twentieth century prose poetry drama and newspapers. In particular this book demonstrates the potent impact of decadence on the evolution of queer identity and self fashioning in the early twentieth century. In close readings of an eclectic range of works by Virginia Woolf James Joyce and D H Lawrence to Ronald Firbank Bruce Nugent and Carl Van Vechten these essays grapple with a range of related issues including individualism the end of Empire the politics of camp experimentalism and the critique of modernity. Contributors Howard J Booth Joseph Bristow Ellen Crowell Nick Freeman Ellis Hanson Kate Hext Kirsten MacLeod Kristin Mahoney Douglas Mao Mich le Mendelssohn Alex Murray Sarah Parker Vincent Sherry.

Selected Poems D. H. Lawrence, 2008-05-29 From early rhyming works in *Love Poems and Others* 1913 to the ground breaking exploration of free verse in *Birds Beasts and Flowers* 1923 the poems of D H Lawrence challenged convention and inspired later poets. This volume includes extensive selections from these and other editions and contains some of his most famous poems such as *Piano* a nostalgic reflection on lost youth and love for his mother *Snake* exploring human fear of the natural world the short cutting comment on sexual politics of *Can't Be Borne* and the quiet philosophical resignation of *Basta*. Using the revised poems but in the order in which they appeared in their original collections this selection offers a fresh perspective that reveals an innovative poet who gave voice to his most intense emotions.

Selected Stories D. H.

Lawrence, 2018-11-08 This collection of short stories traces D H Lawrence's development as a writer. His early tales often draw on personal experiences as in *Odour of Chrysanthemums* a work he described as full of my childhood's atmosphere while the horror of the First World War haunts *England My England*. Later stories such as *Things* powerfully express his evolving ideas about the duality of our lives. With their complex characters these stories illuminate emotional lives and above all illustrate Lawrence's passionate belief about the destructive forces in modern society and their effect on love. With an Introduction by Louise Welsh and Notes by Sue Wilson.
