Lexical and Syntactical Constructions and the Construction of Meaning Marjolyn Verspoor, Ki-dong Yi, Eve Sweetser,1997-01-01 The basic tenet of cognitive linguistics is that every linguistic expression is a construal relation The first section of this volume focuses on issues of such construal and presentation of information including figure ground relations image schematic structures and the role of syntactic constructions in information structure In sections two and three papers are presented on cross categorial polysemy between lexical and grammatical uses of a morpheme and between different grammatical senses and on the relationship between earlier lexical senses and later grammatical ones The final section of the volume brings together studies which shed further light on transitivity and argument structure The study of transitivity necessarily entails exploration of the relationship between syntactic constructions and the pragmatics and semantics conveyed by such constructions As a whole this collection of papers gives new evidence on the complexity and motivation of the mapping between linguistic form and function and offers a wealth of new directions for research on the construction of meaning at every level of the sentence *Buying And Selling Power* Angie Hart,2019-03-13 This book explores the complex identities and connection between clients and prostitutes living in Spain and life beyond prostitution It reflects on the

sociología con películas españolas Rodríguez Díaz, Álvaro, 2015-04-10 Los guiones de una película aun siendo ficciones se inscriben en lo cotidiano y nos facilitan un retrato imaginario de lo real de la vida misma Y su proyección en la pantalla nos permite interpretar a la sociedad con argumentos dialécticos gracias a las imágenes y a las relaciones sociales que construyen los actores con sus diálogos y silencios Los autores son profesores en el área de las ciencias sociales procedentes de diferentes universidades que abordaron diferentes variables de la desigualdad económica género migración nacionalismo salud educación etc La idea original fue explicar lecciones de sociología a estudiantes universitarios recurriendo al visionado de películas que se ambientaban en problemáticas sociales El cine español es un excelente filón cultural para expresar cómo evolucionan los conflictos sociales en la sociedad Nuestro propósito es humilde aunque deseamos alimentar el sano debate sobre las sombras de las desigualdades sociales que las sucesivas cúpulas del poder en España no resolvieron y cómo esa larga inestabilidad personal familiar y colectiva aparece artísticamente representada en el cine de producción nacional *La sociedad andaluza del siglo XXI* Antonio M. Democracia y utopía Lechner, Norbert, 2022-06-07 El centro de la subjetividad social se encuentra para Norbert Lechner no en la mirada del discurso ni en las reglas ni en las perspectivas se encuentra en la ciudad invisible hecha de deseos y miedos Los textos que reúne el tercer volumen de sus Obras escritos entre 1985 y 1997 se plantean no un tema sino un problema o mejor dicho un desafío exponer la dimensión subjetiva de la política Un desafío que es tético y heurístico a la vez y que lo acompaña hasta su prematura muerte *Transición en retrospectiva: Los casos de Polonia y España*, 2009
