Voyages from the Past Simon Wills,2014-10-30 From the days of sail to the majestic ocean liners of the twentieth century this is a history of British sea travel from a passenger s point of view Each chapter narrates one traveller s voyage based on their first hand description and the day to day details of their experience Their stories some previously unpublished illustrate the evolution of journeys by sea exploring three and a half centuries of maritime travel Simon Wills transports readers from Elizabethan times to the eve of the Second World War on voyages to
