Raising Vegan Children In A Nonvegan World:

Raising Vegan Children in a Non-vegan World Erin Pavlina, 2003 *Raising Vegan Kids* Eric C. Lindstrom, 2022-04-05

The definitive handbook to raising vegan children you've always wished you had. Is bringing up a vegan baby unhealthy? Raising Vegan Kids is the ultimate vegan parenting manifesto that takes on this myth and answers all the other questions you've always wondered about the vegan way. Raising ethically vegan children in fact lays the groundwork for a lifetime of excellent health for your child, the animals, and the planet. Eric C. Lindstrom is in the position to know. Having raised one child on the Standard American Diet (SAD) and four other children on a vegan lifestyle, and being a mid-life vegan, he learned through experience. In this practical and tongue-in-cheek guide, Lindstrom dishes the real talk and shares the unique challenges vegans face when starting their children from scratch, providing advice, tips, and tricks on how to raise compassionate vegan children in all areas of life. Get your kids to eat vegetables when it's all they eat anyway. Teach your children compassion with visits to sanctuaries instead of zoos. Get advice for dealing with nonvegan social situations. Plan for birthday parties and holiday events. Find tips for travel and road trips with the family. Get access to resources such as an A to Z of vegan recipes, movies, books, and websites. And more. Both informative and hilarious, including expert advice from the world's leading plant-based physicians and fun recipes for your little vegans. Raising Vegan Kids is the guide every vegan parent who chooses to bring their kids up in a compassionate, sustainable world.

Vegan Paradise; A New Worldview To Save Our Bodies, Minds, and Souls--and Life on Earth Shakti Marquis, 2010-08-07

In this compelling book, C. Shakti Marquis explores not only the latest health research about animal products but also looks at the latest ethical, environmental, psychological, and ecospiritual reasons people are choosing veganism. She relates the philosophical shift in our dietary choices to the larger paradigm shift necessarily underway in our society to deal with the current ethical, economic, psychospiritual, and health crises. Psychologically, we were designed to want to live in harmony with and care for animals, here termed faunaphilia. She shows how our minds, our bodies, and our natural food system were logically and beautifully designed to work together to create a lifestyle in which plants, animals, and people live harmoniously. The book discusses this new philosophy, which she terms the Vegan Paradise Paradigm. It also includes questions and activities, vegan deep ecology exercises, starter recipes, and information on converting to the vegan lifestyle.

The Complete Idiot's Guide to Vegan Living Beverly Bennett, Ray Sammartano, 2004-05-04

The definitive book on becoming a vegan with recipes included. Becoming a vegan isn't just about giving up animal products; it's about making a lifestyle change. In *The Complete Idiot's Guide to Vegan Living*, authors Beverly Lynn Bennett, known as the Vegan Chef, and Ray Sammartano provide a complete guide to living vegan style, focusing on compassion for all, good health, and great eating. Inside, readers will find 50 sensational recipes, tips for everyday vegan living, the lowdown on vegan myths, and much more. One of the few titles that combines information on the vegan lifestyle with recipes, being a vegan isn't only about what you eat; this book also discusses clothing, cosmetics, etc.
