Ralph Earl Recorder For An Era:

Ralph Earl ,1967 *Ralph Earl, Recorder for an Era* Laurence B. Goodrich,1967-01-01 Here at long last is the study of the life and paintings of Ralph Earl the colorful eighteenth century American artist whose pictures hang in the great galleries but about whom relatively little has appeared in print A pioneer landscapist in a day when portraiture was the vogue a Tory in Revolutionary New England he nevertheless captured the stance and spirit of the new nation in the first decades after the Revolution He portrayed the merchants and civic leaders of the time often with their families in their homes orchards business establishments and the result is a record of post Revolutionary American dress design and decoration as well as face and figure Professor Goodrich has tracked down and assembled forty one of Earl s paintings for this book providing the first opportunity of viewing the artist s work as a body The pictures range from a youthful re creation of the Battle of Concord through portraits done in England whence he fled during the Revolution and which enabled him to absorb the techniques of the great eighteenth century English portraitists to his invaluable paintings of General von Steuben Mrs Alexander Hamilton and other figures in the young United States Ralph Earl, Recorder for an Era, By Laurence B.

Goodrich Laurence B. Goodrich,1967 **Ralph Earl Recorder Era Sup** ,1974-01-01 **American Paintings in The Metropolitan Museum of Art. Vol. 1** John Caldwell,Oswaldo Rodriguez Roque,Dale T. Johnson,1994-03-01 *The Grove Encyclopedia of American Art* Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries Art Books Wolfgang M. Freitag,2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

The American Wing at the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.). American Wing,Marshall B. Davidson,Elizabeth Stillinger,1985 Dictionary Of Modern Art Matthew Baigell,2021-12-13 Alphabetically arranged and crossreferenced entries provide background information on major American painters sculptors printmakers and photographers plus important topics and movements central to American art from the sixteenth century to the present *Most Uncommon Jacksonians* Edward Pessen,1967-06-30 The age of Jackson saw the beginnings of America s labor movement in the emergence both of trade unions and of the Working Men s political parties The leadership of this movement was one of its most outstanding and fascinating features These radical leaders were uncommon Jacksonians in

that they stood apart from both main currents of their day the optimistic pursuit of material gain and the moralistic criticism of that pursuit by traditionalists They advocated a different if minority ideology and it is this ideology that is Professor Pessen's major concern in this book The labor spokesmen were as diverse and complex as the movement they led Some were employers rather than laborers and even the union leaders included men who had never actually soiled their hands in manual toil In a sense these leaders were middle class idealists interested in every variety of reform They were drawn to labor largely because they believed it the most productive as well as the most victimized group in American society For all their differences however the leaders' social views were strikingly similar They saw America as a class society dominated by the wealthy in general capitalists in particular with the control of government and the courts in the hands of the rich Their picture of the contemporary social landscape was one marked by the poverty of the masses and vast disparities in wealth power and prestige Greatly influenced by English radical thought they rejected the Malthusian dictum that the poor were responsible for their own misery They fixed the blame instead on a number of social institutions the chief villain of which was private property Without using the word socialism the leaders' vision of the good society was one in which no man profited from the labor of another and the guiding principle was to each according to his deeds Though a complex and often inconsistent phenomenon the political movement represented by the early Working Men's Parties was an authentic expression of labor's views Professor Pessen believes This study challenges the legend that organized labor enthusiastically supported Jackson and the longstanding myth that American labor movements have characteristically been conservative Most Uncommon Jacksonians adds new perspectives to the history of American social thought *The Countryside in the Age of Capitalist Transformation* Steven Hahn, Jonathan Prude, 2018-06-15 This volume represents one of the first efforts to harvest the rapidly emerging scholarship in the field of American rural history Building on the insights and methodologies that social historians have directed toward urban life the contributors explore the past as it unfolded in the rural settings in which most Americans have lived during most of American history The essays cover a broad range of topics the character and consequences of manufacturing and consumerism in the antebellum countryside of the Northeast the transition from slavery to freedom in Southern plantation and nonplantation regions the dynamics of community building and inheritance among Midwestern native and immigrant farmers the panorama of rural labor systems in the Far West and the experience of settled farming communities in periods of slowed economic growth The central theme is the complex and often conflicting development of commercial and industrial capitalism in the American countryside Together the essays place rural societies within the context of America's Great Transformation *Masterpieces of American Painting in the Metropolitan Museum of Art* Margaretta M. Salinger, Metropolitan Museum of Art (New York, N.Y.), 1986 One hundred masterpieces from the Metropolitan Museum of Art *Harvard Guide to American History* Frank Freidel, Frank Burt Freidel, Richard K. Showman, 1974 Editions for 1954 and 1967 by O Handlin and others **New York Historical Society Quarterly** New-York

Historical Society,1968 **German Monuments in the Americas** Hans A. Pohlsander,2010 This book looks at the many transatlantic bonds which have linked and still link Germany and the United States German immigrants to the Americas brought with them a good deal of cultural baggage They cultivated their German heritage in their schools churches and clubs They expressed pride in this heritage by erecting monuments to Goethe or Schiller Beethoven or Wagner Alexander von Humboldt or Turnvater Jahn They claimed Friedrich Wilhelm von Steuben Carl Schurz Gustave Koerner and John A Roebling as their own But German born or German trained sculptors did not limit themselves to German subjects They also paid tribute to America by creating sculptures of Benjamin Franklin George Washington Thomas Jefferson Abraham Lincoln and others who occupy a place of honor in American history While a few German monuments can be found in Canada and in Latin America the number of German monuments in the United States is surprisingly large These monuments illustrate the contribution often overlooked or ignored of the German American community to American society and American cultural life

The Publishers' Trade List Annual ,1973 **Views and Visions** Edward J. Nygren,1986 *American Folk Painting* Virginia Museum of Fine Arts,1977 **Painting and Sculpture from Antiquity to 1942** Albright-Knox Art Gallery,Steven A. Nash,1979 New York History New York State Historical Association,1967
