

Ralph Linton

Sabine Zange

Ralph Linton:

Ralph Linton Adelin Linton, Charles Wagley, 1971 **The Study of Man**, **Theoretical Anthropology** David Bidney, Theoretical Anthropology is a major contribution to the historical and critical study of the assumptions underlying the development of modern cultural anthropology In the new introduction Martin Bidney discusses the present state of anthropology and contrasts it with the scene surveyed in Theoretical Anthropology He discusses the relevance of David Bidney's work to our present concerns Also included in this work is the second edition's introductory essay by David Bidney written fifteen years after the first edition of Theoretical Anthropology Here the author examines his original aims in writing this book Theoretical Anthropology has helped to create among anthropologists the present climate of theoretical self awareness and broad humanistic concerns It has become a standard reference work for anthropologists as well as sociologists *Concepts of Culture* Adam Muller, 2005 How do we define culture In this volume Adam Muller brings together contributions from established and emerging scholars in a number of different disciplines who each examine the concept of culture as it is understood and deployed within their respective fields **Handbook of Sociological Theory** Jonathan H. Turner, 2006-05-17 Sociology is experiencing what can only be described as hyperdifferentiation of theories there are now many approaches competing for attention in the intellectual arena From this perspective we should see a weeding out of theories to a small number but this is not likely to occur because each of the many theoretical perspectives has a resource base of adherents As a result theories in sociology do not compete head on with each other as much as they coexist This seminal reference work was brought together with an eye to capturing the diversity of theoretical activity in sociology specifically the forefront of theory Contributors describe what they themselves are doing right now rather than what others have done in the past The goal of this volume is to allow prominent theorists working in a variety of traditions who wouldn't usually come together to review their work The chapters in this volume represent a mix of theoretical orientations and strategies but these theories are diverse and represent the prominent theoretical discussions in sociology today Some areas included are Section I Theoretical Methodologies and Strategies Section II The Cultural Turn in Sociological Theorizing Section III Theorizing Interaction Processes Section IV Theorizing from the Systemic and Macrolevel Section V New Directions in Evolutionary Theorizing Section VI Theorizing on Power Conflict and Change Section VII Theorizing from Assumptions of Rationality This handbook will be of interest to those wanting a broad spectrum and overview of late 20th early 21st century sociological theory **Anthropologists and the Rediscovery of America, 1886-1965** John S. Gilkeson, 2010-09-20 This book examines the intersection of cultural anthropology and American cultural nationalism from 1886 when Franz Boas left Germany for the United States until 1965 when the National Endowment for the Humanities was established Five chapters trace the development within academic anthropology of the concepts of culture social class national character value and civilization and their dissemination to non anthropologists As Americans came to

think of culture anthropologically as a complex whole far broader and more inclusive than Matthew Arnold's the best which has been thought and said so too did they come to see American communities as stratified into social classes distinguished by their subcultures to attribute the making of the American character to socialization rather than birth to locate the distinctiveness of American culture in its unconscious canons of choice and to view American culture and civilization in a global perspective

The Comanches Thomas W. Kavanagh, 1999-01-01 This is the first in depth historical study of Comanche social and political groups Using the ethnohistorical method Thomas W Kavanagh traces the changes and continuities in Comanche politics from their earliest interactions with Europeans to their settlement on a reservation in present day Oklahoma

Measuring Time with Artifacts R. Lee Lyman, Michael John O'Brien, 2006-01-01 Combining historical research with a lucid explication of archaeological methodology and reasoning Measuring Time with Artifacts examines the origins and changing use of fundamental chronometric techniques and procedures and analyzes the different ways American archaeologists have studied changes in artifacts sites and peoples over time In highlighting the underpinning ontology and epistemology of artifact based chronometers cultural transmission and how to measure it archaeologically this volume covers issues such as why archaeologists used the cultural evolutionism of L H Morgan E B Tylor L A White and others instead of biological evolutionism why artifact classification played a critical role in the adoption of stratigraphic excavation how the direct historical approach accomplished three analytical tasks at once why cultural traits were important analytical units why paleontological and archaeological methods sometimes mirror one another how artifact classification influences chronometric method and how graphs illustrate change in artifacts over time An understanding of the history of artifact based chronometers enables us to understand how we know what we think we know about the past ensures against modern misapplication of the methods and sheds light on the reasoning behind archaeologists actions during the first half of the twentieth century

Theory of Culture Change Julian Haynes Steward, 1972 p 122 142 mentions Australian patrilineal bands

Social Psychology Rajendra Kumar Sharma, Rachana Sharma, 1997 The Matter Of This Book Has Been Drawn From Authentic Sources Books Written By Western Scholars And Papers Published In Eminent Journals The Subject Has Been Presented In An Analytical Style With Central Side And Running Headings To Facilitate Understanding Selected Questions Actually Asked In Various University Examinations Have Been Given At The End Of Each Chapter For The Purpose Of Preparation For The Examinations Biblio Graphy At The End Is For Those Who Wish To Engage In Intense And Wide Reading

Social Change And Social Control Rajendra Kumar Sharma, 1997 This Book Covers Syllabi In The Papers Social Dynamics Social Change And Social Control Prescribed By Indian Universities Part I On Social Change Includes The Discussion Of Social Change Social Selection Theories Of Social Change Social Development Social Evolution Social Revolution And Factors And Sources Of Social Change Including Population Fashion Style Fad And Craze Education Culture And Civilization Social Progress Social Interaction And Social Processes Part Ii On Social Control Includes Discussion On

Social Organization Status And Role Individual Society And Socialization Suggestion Imitation And Sympathy Meaning Types And Agencies Of Social Control And Factors And Sources Of Social Control Including Social Groups Family Group Political Institutions Economic Institutions Religious Institutions Propaganda Public Opinion And Social Codes **Anthropological Thought** Vijoy S. Sahay,2024-12-10 The volume explores how anthropological ideas emerged First in the writings of the ancient Greek and Roman philosophers after that by the Renaissance scholars during the 18th century in Europe and finally during the mid 19th century especially after Charles Darwin s theory of biological evolution It covers the contributions of all the evolutionists of the 19th century It explores the evolution of anthropological schools from Evolutionism to Diffusionism and beyond It also discusses diverse perspectives such as Historical and Dialectical Materialism Functionalism Structural Functionalism Cultural Ecology and Cognitive Anthropology Concepts like Ethnocentrism and culture provide a rich tapestry of anthropological thought It discusses the lives and contributions of renowned anthropologists from E B Tylor to Michel Foucault and Jacques Derrida This book is a valuable resource for students researchers and instructors in social sciences offering a nuanced understanding of anthropology sociology and psychology *Down to Earth Sociology: 14th Edition* James M. Henslin,2007-02-13 Presents a selection of forty six readings that provide an introduction to the sociological perspective look at how sociologists conduct research examine the cultural underpinnings of social life and discuss social groups and social structure gender and sexuality deviance and social stratification institutions and change **Excluded Ancestors, Inventible Traditions** Richard Handler,2000-11-16 History making can be used both to bolster and to contest the legitimacy of established institutions and canons *Excluded Ancestors Inventible Traditions* seeks to widen the anthropological past and in doing so to invigorate contemporary anthropological practice In the past decade anthropologists have become increasingly aware of the ways in which participation in professional anthropology has depended and continues to depend on categorical boundaries of race class gender citizenship institutional and disciplinary affiliation and English language proficiency Historians of anthropology play a crucial role interrogating such boundaries as they do they make newly available the work of anthropologists who have been ignored *Excluded Ancestors Inventible Traditions* focuses on little known scholars who contributed to the anthropological work of their time such as John William Jackson the members of the Hampton Folk Lore Society Charlotte Gower Chapman and Lucie Varga In addition essays on Marius Barbeau and Sol Tax present figures who were centrally located in the anthropologies of their day A final essay analyzes notions of the canon and considers the place of a classic ethnographic area highland New Guinea in anthropological canon formation *Women in the Piast Dynasty* Grzegorz Pac,2022-03-07 This book analyses the role of women in the Polish Piast dynasty from c 965 to c 1144 It discusses gender expectations and the literary topoi employed to describe rulers wives and daughters as well as showing their importance in religious donations the creation of dynastic memory and naming patterns as well as examining Piast women s involvement in female monasticism Pac takes a comparative approach to these themes analysing Polish sources alongside

sources from other areas of early and high medieval Europe *Encyclopedia of American Indian Issues Today* Russell M. Lawson, 2013-04-02 This essential reference examines the history culture and modern tribal concerns of American Indians in North America Despite the fact that 565 federally recognized tribes exist on the continent of North America non Native Americans typically know very little about the modern world of American Indians In a few instances the uneasy coexistence of the two cultures has served to create controversy such as fake Indians fraudulently leveraging ethnicity based benefits U S officials disposing of nuclear waste near reservations and sports clubs basing mascots on cultural stereotypes This unique survey scrutinizes the historical background as well as the contemporary issues of American Indian societies as both part of and completely separate from the world around them *Encyclopedia of American Indian Issues Today* features subjects commonly discussed including reservations poverty sovereignty the problem of solid waste on reservations and the lives of urban Indians among other contemporary issues Organized into ten sections the book also provides helpful sidebars and informative essays to address topics on casinos and gaming sexual identity education and poverty *Theory in Social and Cultural Anthropology* R. Jon McGee, Richard L. Warms, 2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all Students in particular are likely to turn to the web to find quick background information on theorists and theories However most web based information is inaccurate and or lacks depth Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will In response SAGE Reference plans to publish the two volume *Theory in Social and Cultural Anthropology An Encyclopedia* Features Benefits Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage To ease navigation between and among related entries a Reader's Guide groups entries thematically and each entry is followed by Cross References In the electronic version the Reader's Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion *Anthropological Thought* Venkata Mohan, 2018-01-09 Praise for Sociological Thought Venkata Mohan's *Sociological Thought In the Light of J Krishnamurti* is an exceptional and brilliant contribution of the author whom I consider as a unique academic intellectual of contemporary times I am sure no one in the academic sphere has so far attempted to explain social Thought the way the author has analyzed and presented G

Satyanarayana Emeritus professor of Sociology at Osmania University Hyderabad What is culture How should one study it Is a science of culture possible And what is science anyway Many thinkers have been attempting to answer these questions This book covers the answers provided by anthropologists ranging from classical evolutionists to postmodernists Why Bruce Lee on the cover Page The reason is Ruth Benedict Virginia Heyer Young, 2005-01-01 Benedict's work in fact anticipated trends in anthropology in the decades to come by projecting a framework of individuals not only shaped by their culture but also using their culture for personal or collective objectives BOOK JACKET
