Jewish self portrait that is painted for the very first time in this fascinating volume **Bad Girls** Amanda H.

Littauer,2015-07-17 In this innovative and revealing study of midcentury American sex and culture Amanda Littauer traces the origins of the sexual revolution of the 1960s She argues that sexual liberation was much more than a reaction to 1950s repression because it largely involved the mainstreaming of a counterculture already on the rise among girls and young women decades earlier From World War II era victory girls to teen lesbians in the 1940s and 1950s these nonconforming women and girls navigated and resisted intense social and interpersonal pressures to fit existing mores using the upheavals of the era to pursue new sexual freedoms Building on a new generation of research on postwar society Littauer tells the history of diverse young women who stood at the center of major cultural change and helped transform a society bound by conservative sexual morality into one more open to individualism plurality and pleasure in modern sexual life *Love, Sex,*

and Marriage Julie Coleman,2022-06-13 If the language we use influences and reflects the way that we see the world then the fields of LOVE SEX and MARRIAGE will show how speakers of English view their closest social and emotional relationships Love Sex and Marriage provides a classification of English terms for these three fields from the earliest written records of the language until the present day This volume makes it possible to trace changing attitudes towards social and sexual ties and to understand those ties as earlier speakers of English did through the language they used The terms are arranged by meaning and are listed chronologically within semantic fields with their dates of usage Notes on individual terms provide further information about their connotations and development Language does not exist in isolation from the people who speak it so background information about changes in social conditions religious beliefs and medical advancements is also included A brief introduction to basic semantic terminology explains the principles behind the classification and an alphabetical index facilitates the location of individual terms Hong Kong Grant Evans,Maria Tam,2013-10-31 Hong Kong
