Rangers And Sovereignty:

Rangers and Sovereignty Dan W. Roberts, 1914 D W Roberts was born in the State of Mississippi in Winston County October 10th 1841 His father Alexander Roberts came to Texas in 1836 and helped the Texans fight the battles of the Republic for nearly four years being in many engagements with the enemy the most noted of which was the Plum Creek fight which has gone into the history of Texas Soon after the Plum Creek fight my mother prevailed on father to take his family to some place of safety firmly believing that wholesale murder would be their fate Father s judgment was waived and her love of family won her cause and they went back to Mississippi in 1839 During their stay in Mississippi I was born making that State my native soil but father s love for Texas had never subsided and his turn came to persuade mother back to Texas where he joined his old comrades again in 1843 I was about two years old when they returned to Texas My father followed up the frontier and I was reared and almost rocked in the cradle of Texas warfare When I was a small boy I developed some very peculiar traits of character not peculiarly good but rather strangely peculiar We were fond of dwelling alone to commune with Nature s beautiful work I had my favorite pecan trees and would conceal myself under them to hear the crows murmur to each other while they were gathering the splendid nuts My father s recital of early Texas battles had imbued me with the spirit that those old Texans were the rightful lords of that grand and new republic and that their heroism should be sustained and when I grew to be a man that I would devote my life to the cause that my father so loved In my boyish dreams I was always in command of men My education was limited to the common English branches As I grew to manhood I could see that war should not be our occupation but the constant raids of savage foes upon Texas gave us the field that our more youthful days had pictured for us We were put in command of men and our stewardship will follow Our work was more preparatory for civil government consequently we were never a politician but always adhered to democratic principles *Rangers and Sovereignty* Dan W. Roberts, 2017-10-12 Tells the exciting tale of his ranger service in a forthright and blunt style Texas State Historical Association In May 1874 Dan W Roberts was given his commission as second lieutenant of Company D of the Ranger Battalion he would remain with them for the next eight years During his time with the rangers Roberts was active in not only protecting settlers quelling unrest and arresting stage coach robbers but also assisting the United States Army in surveying and building roads After having only been with the rangers for five months Captain Rufe Perry resigned as captain of Company D and Lieutenant Roberts was appointed to take command of the company *Rangers and Sovereignty* is full of fascinating episodes such as the 1875 Mason County War that Roberts played an instrumental part in putting down or his expedition into Mexico to apprehend outlaws When Roberts attempted to tender his resignation with the Rangers in 1875 due to the fact he was marrying Luvenia Conway his commanding officer Major B Jones thought he was too good an officer to lose and so offered that his new wife should come and live in the rangers camp as well happily she agreed to the programme and appeared to think it the climax of all the romance she had ever indulged in Dan W Roberts was a gallant Texas Ranger

one of God's noblemen J Marvin Hunter Sr Frontier Times Magazine After his service with the Texas Rangers Roberts worked as a stock raiser and miner He lived out his days in Austin Texas with his wife Luvenia His account of his time with the Texas Rangers *Rangers and Sovereignty* was published in 1914 He passed away in 1935

Six-Shooters and Shifting Sands Bob Alexander,2015-03-15 Many well read students historians and loyal aficionados of Texas Ranger lore know the name of Texas Ranger Captain Frank Jones 1856 1893 who died on the Texas Mexico border in a shootout with Mexican rustlers In Six Shooters and Shifting Sands Bob Alexander has now penned the first full length biography of this important nineteenth century Texas Ranger At an early age Frank Jones a native Texan would become a Frontier Battalion era Ranger His enlistment with the Rangers coincided with their transition from Indian fighters to lawmen While serving in the Frontier Battalion officers corps of Company D Frank Jones supervised three of the four great captains of that era J A Brooks John H Rogers and John R Hughes Besides Austin Ira Aten and his younger brothers Calvin Grant Aten and Edwin Dunlap Aten Captain Jones also managed law enforcement activities of numerous other noteworthy Rangers such as Philip Cuney P C Baird Benjamin Dennis Lindsey Bazzell Lamar Baz Outlaw J Walter Durbin Jim King Frank Schmid and Charley Fusselman to name just a few Frank Jones law enforcing life was anything but boring Not only would he find himself dodging bullets and returning fire but those Rangers under his supervision would also experience gunplay Of all the Texas Ranger companies Company D contributed the highest number of on duty deaths within Texas Ranger ranks **Tracking the Texas Ranger Historians** Bruce A. Glasrud,Harold J. Weiss Jr,2024-10-15 The first systematic inquiry into the Texas Rangers did not begin until 1935 with Walter Prescott Webb s publication The Texas Rangers Since then numerous works have appeared on the Rangers but no volume has been published before that covers the various historians of the Rangers and their approaches to the topic Editors Bruce A Glasrud and Harold J Weiss Jr gather essays that profile individual historians of the Texas Rangers explore themes and issues in Ranger history and comprise archival research biographies and autobiographies Several approaches in Texas historiography have influenced the writings on the Texas Rangers and serve to organize the chapters in the volume Traditionalists Chuck Parsons Stephen L Moore and Bob Alexander stress the revered happenings in the nineteenth century that brought about the Lone Star state and its empire building Ranger force To these historical writers the Texas Rangers were part of a golden age Revisionists Robert M Utley Louis R Sadler and Charles H Harris pull back from this adulation emphasize the importance of overlooked ethnic and racial groups and point out

misbehavior on the part of Rangers They also want to separate fact from fiction Some Ranger historians Frederick Wilkins and Mike Cox straddle both traditional and revisionist approaches in their works The final group Cultural Constructionalists Gary Clayton Anderson Am rico Paredes and Monica Mu oz Martinez continue the work of Revisionists and focus on an interconnected past that includes theoretical approaches and the study of memory and regional identities Several themes emerge throughout the book One is how the Rangers changed from unorganized mounted militia dragoons in the modern sense to organized cavalry forces with six shooter firepower who served as a military arm of the state and nation A second is how the dichotomous views of the Rangers as either patriot warriors or bloody avengers left their imprint on Anglo and Hispanic society This divergent examination especially derived from incidents in the US Mexican War the period from 1910 to 1920 and the lower Rio Grande valley in the 1960s And yet another theme is how the Rangers first resisted and fought against yet ultimately absorbed all creeds and colors into their ranks over two hundred years as they evolved into police officers Anglo Black Hispanic Indian and women Rangers

Wheelersburg, 2022-03-16 This book outlines a recommended Icelandic security force as part of the country's defence against sub-strategic threats such as human trafficking by criminals or border incursions by other states. It also tests the recommended security force through the development of four different hypothetical scenarios in the year 2030 designed to show the force's successful implementation. Melting of the Arctic ice pack and the opening of the Transpolar Sea Route around 2025 could lead to an increase in traffic into the North Atlantic from the Pacific and vice versa. That movement is predicted to bring a massive influx of tourists, business interests, and government entities into the region. Along with legitimate uses of the new shipping lanes, the opportunity for terrorists, criminals, and rogue states to travel in and around the Arctic could lead to increased smuggling, violence, and sovereignty disputes, i.e. seizing uninhabited terrain. A review of Iceland's current security policies indicates that the parliament provided the legal framework to create the recommended security force with the 2016 Parliamentary Resolution establishing a National Security Policy for Iceland. Many scholars and government officials believe that the Iceland public would not support a security force culturally. Yet recent surveys reveal that many Icelanders could accept a security force to protect them from sub-strategic threats, especially if the increased security could be attained without the intervention of foreign military forces. The recommended security force utilizes Icelandic search and rescue volunteers and Reservists to increase the protection of the country funded by its full NATO contribution.
