Raphael And The Beautiful Banker The Story Of The Bindo Altoviti Portrait:

Raphael and the Beautiful Banker Jane Van Nimmen, David Alan Brown, 2005 *Raphael & the Beautiful Banker* David Alan Brown, Jane Van Nimmen, Raphael, 2005 How one of the most beautiful portraits in all of Western art made its adventurous passage through the centuries from Renaissance Rome to the Mall in Washington D C **Raphael and the Redefinition of Art in Renaissance Italy** Robert Williams, 2017-04-03 A comprehensive re assessment of Raphael s artistic achievement and the ways in which it transformed the idea of what art is *A General Theory of Visual Culture* Whitney Davis, 2022-06-14 What is cultural about vision or visual about culture In this ambitious book Whitney Davis provides new answers to these difficult and important questions by presenting an original framework for understanding visual culture Grounded in the theoretical traditions of art history *A General Theory of Visual Culture* argues that in a fully consolidated visual culture artifacts and pictures have been made to be seen in a certain way what Davis calls *visuality* is the visual perspective from which certain culturally constituted aspects of artifacts and pictures are visible to informed viewers In this book Davis provides a systematic analysis of *visuality* and describes how it comes into being as a historical form of vision Expansive in scope *A General Theory of Visual Culture* draws on art history aesthetics the psychology of perception the philosophy of reference and vision science as well as visual cultural studies in history sociology and anthropology It provides penetrating new definitions of form style and iconography and draws important and sometimes surprising conclusions for example that vision does not always attain to visual culture and that visual culture is not always wholly visible The book uses examples from a variety of cultural traditions from prehistory to the twentieth century to support a theory designed to apply to all human traditions of making artifacts and pictures that is to visual culture as a worldwide phenomenon **The Cults of Raphael and Michelangelo** Tamara Smithers, 2022-07-29 This study explores the phenomenon of the cults of Raphael and Michelangelo in relation to their death burial and posthumous fame or second life from their own times through the nineteenth century These two artists inspired fervent followings like no other artists before them The affective response of those touched by the potency of the physical presence of their art works personal effects and remains or even touched by the power of their creative legacy opened up new avenues for artistic fame divination and commemoration Within this cultural framework this study charts the elevation of the status of dozens of other artists in Italy through funerals and tomb memorialization many of which were held and made in response to those of Raphael and Michelangelo By bringing together disparate sources and engaging material as well as a variety of types of artworks and objects this book will be of great interest to anyone who studies early modern Italy art history cultural history and Italian studies *Space, Image, and Reform in Early Modern Art* Arthur J. DiFuria, Ian Verstegen, 2021-11-08 The essays in *Space Image and Reform in Early Modern Art* build on Marcia Hall s seminal contributions in several categories crucial for Renaissance studies especially the spatiality of the church interior the altarpiece s facture and affectivity the notion of artistic style and the controversy over

images in the era of Counter Reform Accruing the advantage of critical engagement with a single paradigm this volume better assesses its applicability and range The book works cumulatively to provide blocks of theoretical and empirical research on issues spanning the function and role of images in their contexts over two centuries Relating Hall s investigations of Renaissance art to new fields Space Image and Reform expands the ideas at the center of her work further back in time further afield and deeper into familiar topics thus achieving a cohesion not usually seen in edited volumes honoring a single scholar

Loh, 2015-03-22 How portraits of artists during the Renaissance helped create the first art stars in modern history Michelangelo was one of the biggest international art stars of his time but being Michelangelo was no easy thing he was stalked by fans lauded and lambasted by critics and depicted in unauthorized portraits Still Lives traces the process by which artists such as Michelangelo Durer and Titian became early modern celebrities Artists had been subjects of biographies since antiquity but Renaissance artists were the first whose faces were sometimes as recognizable as their art Maria Loh shows how this transformation was aided by the rapid expansion of portraiture and self portraiture as independent genres in painting and sculpture She examines the challenges confronting artists in this new image economy What did it mean to be an image maker haunted by one's own image How did these changes affect the everyday realities of artists and their workshops And how did images of artists
