*British Romanticism and the Reception of Italian Old Master Art, 1793-1840* Maureen McCue, 2016-05-23 As a result of Napoleon's campaigns in Italy Old Master art flooded into Britain and its acquisition became an index of national prestige Maureen McCue argues that their responses to these works informed the writing of Romantic period authors enabling them to forge often surprising connections between Italian art the

imagination and the period's political, social and commercial realities Dr McCue examines poetry, plays, novels, travel writing, exhibition catalogues, early guidebooks and private experiences recorded in letters and diaries by canonical and noncanonical authors including Felicia Hemans, William Buchanan, Henry Sass, Pierce Egan, William Hazlitt, Percy Shelley, Lord Byron, Anna Jameson, Maria Graham, Callcott and Samuel Rogers. Her exploration of the idea of connoisseurship shows the ways in which a knowledge of Italian art became a key marker of cultural standing that was no longer limited to artists and aristocrats while her chapter on the literary production of post-Waterloo Britain traces the development of a critical vocabulary equally applicable to the visual arts and literature. In offering cultural, historical and literary readings of the responses to Italian art by early nineteenth-century writers Dr McCue illuminates the important role they played in shaping the themes that are central to our understanding of Romanticism.

Powe, 1908      **Albrecht Dürer and the Embodiment of Genius** Jeffrey Chipps Smith, 2020-10-09 During the nineteenth

century Albrecht Dürer's art, piety and personal character were held up as models to inspire contemporary artists and it was hoped to return Germany to international artistic eminence. In this book Jeffrey Chipps Smith explores Dürer's complex posthumous reception during the great century of museum building in Europe with a particular focus on the artist's role as a creative and moral exemplar for German artists and museum visitors. In an era when museums were emerging as symbols of civic, regional and national identity, dozens of new national, princely and civic museums began to feature portraits of Dürer in their elaborate decorative programs, embellishing the facades, grand staircases, galleries and ceremonial spaces. Most of these arose in Germany and Austria, though examples can be seen as far away as St Petersburg, Stockholm, London and New York City. Probing the cultural, political and educational aspirations and rivalries of these museums and their patrons, Smith traces how Dürer was painted, sculpted and prominently placed to accommodate the era's diverse needs and aspirations. He investigates what these portraits can tell us about the rise of a distinct canon of famous Renaissance and Baroque artists, addressing the question of why Dürer was so often paired with Raphael, who was considered to embody the greatness of

Italian art and why with the rise of German nationalism Hans Holbein the Younger often replaced Raphael as Dürer's partner

Accessibly written and comprehensive in scope this book sheds new light on museum building in the nineteenth century and the rise of art history as a discipline It will appeal to specialists in nineteenth century and early modern art the history of museums and collecting and art historiography

**The Traveling Artist in the Italian Renaissance** David Young Kim, 2014-12-23 This important and innovative book examines artists mobility as a critical aspect of Italian Renaissance art It is well known that many eminent artists such as Cimabue Giotto Donatello Lotto Michelangelo Raphael and Titian traveled This book is the first to consider the sixteenth century literary descriptions of their journeys in relation to the larger Renaissance discourse concerning mobility geography the act of creation and selfhood David Young Kim carefully explores relevant themes in Giorgio Vasari's monumental *Lives of the Artists* in particular how style was understood to register an artist's encounter with place Through new readings of critical ideas long standing regional prejudices and entire biographies *The Traveling Artist in the Italian Renaissance* provides a groundbreaking case for the significance of mobility in the interpretation of art and the wider discipline of art history

Shaping the Netherlandish Canon Walter S. Melion, 1991 A treatise on Dutch art on par with Vasari's critical history of Italian art Karel van Mander's *Schilder Boeck* or *Book on Picturing* has long been recognized for its critical and historical influence and yet until now no comprehensive account of the book's conception aims and impact has been available In this in depth analysis of the content and context of Van Mander's work Walter S Melion reveals the *Schilder Boeck*'s central importance to an understanding of northern Renaissance and Baroque art By interpreting the terminology employed in the *Schilder Boeck* Melion establishes the text's relationship to past and contemporary art theory Van Mander is seen here developing his critical categories and then applying them to Ancient Italian and Netherlandish artists in order to mark changes within a culture and to characterize excellence for each region Thus Melion demonstrates how Van Mander revised both the structure and critical language of Vasari's *Lives* to refute the Italian's claims for the superiority of the Tuscan style and to clarify northern artistic traditions and the concerns of Netherlandish artists A much needed corrective to the view that Dutch art of the period was lacking in theory Melion's work offers a compelling account of a sixteenth and seventeenth century theoretical and critical perspective and shows how this perspective suggests a rereading of northern art
