Rapid Transit in New York City and in Other Great Cities New York Chamber of Commerce,1905 **Collected Poems** Jascha Kessler,1999-11-19 [The Story of Rapid Transit](#) Beckles Willson,1903 *The Portent; And Other Stories* George MacDonald,2025-08-16 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Rapid Transit Comes to the Bronx* Gregory J. Christiano,2017-09-14 After the merger of New York City and lower Westchester in 1874 there was a heightened interest in extending rapid transit lines across the Harlem River into this new section of the city The newly acquired land was a mixture of hamlets towns villages and farms on the fringes of urban development There was great potential for economic growth But it wasnt until 1882 when the first company was formed to provide transit service to what was to become the Borough of the Bronx Continuation of elevated lines from Manhattan provided a suitable and adequate method of traveling to and from the city This stimulated construction plans and many residential and commercial buildings arose dramatically along the routes Here was material for a thrilling

drama Suddenly rapid transit transformed dozens of sleepy rural unrelated communities into vibrant cohesive growing neighborhoods itching for investment and economic development Here is a history replete with flashes of genius as well as a sordid spirit of greed There were battles schemes and high ambitions but in the end great things were achieved Our present generation can pay tribute to that remote past which gave us the city we know today *Pipe Dream and three more stories* Fritz Leiber,2022-09-22 This is a great collection of action short stories by Fritz Leiber from The Golden Age of Science Fiction Featured here Pipe Dream Coming Attraction The 64 Square Madhouse and The Last Letter **The Black Mirror and Other Stories** Franz Rottensteiner,2008-12-31 Handsomely equipped with a comprehensive introductory historical essay editor s notes and selected bibliography this distinguished anthology is a model of genre research These previously untranslated stories published from 1871 onward offer reading virtually unknown to most American and many German readers Some authors combine scientific and philosophical issues like Kurd Lasswitz in his witty tale To the Absolute Zero of Existence A Story from 2371 while others as in Erik Simon s 1983 title story pose psychological puzzles involving alien phenomena Though the earlier stories in particular demand painstaking reading all of them repay it with rewarding insights into German and Austrian culture and the many possible uses and misuses of science *African American Women in the News* Marian Meyers,2013-07-24 African American Women in the News offers the first in depth examination of the varied representations of Black women in American journalism from analyses of coverage of domestic abuse and crack mothers to exploration of new media coverage of Michelle Obama on Youtube Marian Meyers interrogates the complex and often contradictory images of African American women in news media through detailed studies of national and local news the mainstream and Black press and traditional news outlets as well as newer digital platforms She argues that previous studies of African Americans and the news have largely ignored the representations of women as distinct from men and the ways in which socioeconomic class can be a determining factor in how Black women are portrayed in the news Meyers also proposes that a pattern of paternalistic racism as distinct from the modern racism found in previous studies of news coverage of African Americans is more likely to characterize the media s treatment of African American women Drawing on critical cultural studies and black feminist theory concerning representation and the intersectionality of gender race and class Meyers goes beyond the cultural myths and stereotypes of African American women to provide an updated portrayal of Black women today African American Women in the News is ideal for courses on African American studies American studies journalism studies media studies sociology studies women s studies and for professional journalists and students of journalism who seek to improve the diversity and sensitivity of their journalistic practice *South of Elfrida* Holley Rubinsky,2013 A collection of stories delving into the lives of those coming face to face with personal truths that require resilience humour and the ability to change **Papers on Appeal from Order** , [The American Catalog](#) ,1884
