G. Kelley, 2010-11-02 The first full biography of Thelonious Monk written by a brilliant historian with full access to the family's archives and with dozens of interviews **Miles Davis: New Research on Miles Davis & His Circle** Masaya Yamaguchi, 2019-07-07 Masaya Yamaguchi is Japanese born musician and educator who lives in the US This book grew out of research Yamaguchi did on Miles autobiography which was written by Quincy Troupe from hours of transcribed interviews with Miles Yamaguchi obtained 1200 pages of the transcripts and has meticulously and painstakingly researched and checked the contents He finds various errors and anomalies and corrects the information with strong evidence The book is full of images of transcript pages which include content not seen in the autobiography letters and memos There's plenty of stuff about Miles 1980s music especially on the guitarists Miles used during this era thelastmiles.com library\_milesdavis\_4 **Fifties Jazz Talk** Gordon Jack, 2004-08-27 More than 25 musicians who first came to prominence during the 1950s are the subject of this collection of interviews The author's purpose has been to help preserve the oral history of a great American artform and this book reveals that jazz musicians who can tell a story with their horn when improvising can be just as articulate in conversation **The Cultural Politics of Jazz Collectives** Nicholas Gebhardt, Tony Whyton, 2015-03-05 The Cultural Politics of Jazz Collectives This Is Our Music documents the emergence of collective movements in jazz and improvised music Jazz history is most often portrayed as a site for individual expression and revolves around the celebration of iconic figures while the networks and collaborations that enable the music to maintain and sustain its cultural status are surprisingly under investigated This collection explores the history of musician led collectives and the ways in which they offer a powerful counter model for rethinking jazz practices in the post war period It includes studies of groups including the New York Musicians Organization Sweden's Ett minne för livet Wonderbrass from South Wales the contemporary Dutch jazz hip hop scene and Austria's JazzWerkstatt With an international list of contributors and examples from Europe and the United States these twelve essays and case studies examine issues of shared aesthetic vision socioeconomic and political factors local education and cultural values among improvising musicians *The Dark Tree* Steven L. Isoardi, 2023-08-07 In the early 1960s pianist Horace Tapscott gave up a successful career in Lionel Hampton's band and returned to his home in Los Angeles to found the Pan Afrikan Peoples Arkestra a community arts group that focused on providing community oriented jazz and jazz training Over the course of almost forty years the Arkestra together

with the related Union of God's Musicians and Artists Ascension collective was at the forefront of the vital community based arts movement in Black Los Angeles. Some three hundred artists, musicians, vocalists, poets, playwrights, painters, sculptors, and graphic artists passed through these organizations, many ultimately remaining within the community and others moving on to achieve international fame. In *The Dark Tree*, Steven L. Isoardi draws on one hundred in-depth interviews with the Arkestra's participants to tell the history of the important and largely overlooked community arts movement of Black Los Angeles. This revised and updated edition brings the story of the Arkestra up to date as its ethos and aesthetic remain vital forces in jazz and popular music to this day. Delightful Lee Jeffery S. McMillan, 2008. The story of one of the most individual jazz stylists of his time.

**Annual Review of Jazz Studies 12: 2002** Edward Berger, David Cayer, Henry Martin, Dan Morgenstern, George Bassett, 2004-06-14. This twelfth volume of the *Annual Review* celebrates the fiftieth anniversary of the Institute of Jazz Studies and features articles covering subjects which have not been engaged in past issues of the Review. Gil Evans, Django Reinhardt, Lucky Thompson, and Paul Bley each receive much deserved critical attention in this issue. This issue also includes a photo gallery illustrating some of the prominent locations and people of the Institute's history both in New York and at its present home at Rutgers in Newark, New Jersey. Dameronia Paul Combs, 2012-11-19. *Dameronia* is the first authoritative biography of Tadd Dameron, an important and widely influential figure in jazz history and one of the most significant composers and arrangers of jazz swing, bebop, and big band. This book sets out to clarify Dameron's place in the development of jazz in the post-World War II era as he arranged for names like Count Basie, Artie Shaw, Jimmie Lunceford, and Dizzy Gillespie and played with Bull Moose Jackson and Benny Golson. It also attempts to shed light on the tragedy of his retreat from the center of jazz activity in the 1950s. By tracing Dameron's career, one finds that until 1958, when he was incarcerated for drug-related offenses, he was at the forefront of developments in jazz, sometimes anticipating trends that would not develop fully for several years. Dameron was a very private man, and while some aspects of his story will probably remain an enigma, this book manages to give an intimate portrait of his life and work. **DC Jazz** Maurice Jackson, Blair A. Founded in 1965 and still active today, the Association for the Advancement of Creative Musicians (AACM) is an American institution with an international reputation. George E. Lewis, who joined the collective as a

teenager in 1971 establishes the full importance and vitality of the AACM with this communal history written with a symphonic sweep that draws on a cross generational chorus of voices and a rich collection of rare images Moving from Chicago to New York to Paris and from founding member Steve McCall s kitchen table to Carnegie Hall A Power Stronger Than Itself uncovers a vibrant multicultural universe and brings to light a major piece of the history of avant garde music and art

Jazz and Justice Gerald Horne,2019-06-18 A galvanizing history of how jazz and jazz musicians flourished despite rampant cultural exploitation The music we call jazz arose in late nineteenth century North America most likely in New Orleans based on the musical traditions of Africans newly freed from slavery Grounded in the music known as the blues which expressed the pain sufferings and hopes of Black folk then pulverized by Jim Crow this new music entered the world via the instruments that had been abandoned by departing military bands after the Civil War Jazz and Justice examines the economic social and political forces that shaped this music into a phenomenal US and Black American contribution to global arts and culture Horne assembles a galvanic story depicting what may have been the era s most virulent economic and racist exploitation as jazz musicians battled organized crime the Ku Klux Klan and other variously malignant forces dominating the nightclub scene where jazz became known Horne pays particular attention to women artists such as pianist Mary Lou Williams and trombonist Melba Liston and limns the contributions of musicians with Native American roots This is the story of a beautiful lotus growing from the filth of the crassest form of human immiseration
