important of twentieth century Irish women's fiction having undergone a significant reclamation and reappraisal in the 30 years since her death. Single and childfree for most of her life, Brennan eschewed the securities of family and home, experiencing an otherness that she shared with her fellow New Yorkers; many of them left, she wrote, hanging on to a city half capsized, most of them still able to laugh as they cling to the island that is their life's predicament. It is a suitably ambiguous expression for a writer who cultivated an interstitial existence whose stories inhere within a dream cycle of reiterative pasts and whose works augment and elevate the canon of radical Irish fiction.

A Companion Guide to Architecture in Ireland, 1837-1921 Jeremy Williams, 1994 Drawing together the history of Victorian architecture in Ireland, this book is a gazetteer in the traditional sense: a list of entries for individual buildings on a country-by-country basis, heavily illustrated and prefaced by useful maps. The index at the back contains a valuable list of Irish Victorian architects and their works. The entries cover all types of buildings, large and small, and reveal an encyclopaedic knowledge of Ireland.

Dublin's Bourgeois Homes Susan Galavan, 2017-04-28 In 1859, Dubliners strolling along country roads witnessed something new emerging from the green fields. The Victorian house had arrived: wide red brick structures stood back behind manicured front lawns. Over the next forty years, an estimated 35,000 of these homes were constructed in the fields surrounding the city. The most elaborate were built for Dublin's upper middle classes, distinguished by their granite staircases and decorative entrances. Today they are some of the Irish capital's most highly valued structures and are protected under strict conservation laws. *Dublin's Bourgeois Homes* is the first in-depth analysis of the city's upper middle class houses. Focusing on the work of three entrepreneurial developers, Susan Galavan follows in their footsteps as they speculated in house building, signing leases, acquiring plots, and sourcing bricks and mortar. She analyses a select range of homes in three different districts: Ballsbridge, Rathgar, and Kingstown (now Dun Laoghaire), exploring their architectural characteristics from external form to plan type and detailing of materials. Using measured surveys, photographs, and contemporary drawings and maps, she shows how house design evolved over time as bay windows pushed through facades and new lines of coloured brick were introduced. Taking the reader behind the facades into the interiors, she shows how domestic space reflected the lifestyle and aspirations of the Victorian middle classes. This analysis of the planning, design, and execution of Dublin's bourgeois homes is an original contribution to the history of an important city in the British Empire.

Rathmines Style Book Rice, **Screen Style** Marnie Fogg, 2023-09-14 *Screen Style* celebrates the beautiful, stylish, and often covetable outfits and costumes featured in 50 iconic and diverse series of the small screen, from *Mad Men* to *Call My Agent*, *Bridgerton* to *Empire*. By organising the series into genres—Comedy, Coming of Age, Crime, Historical, Retro, Contemporary—the author shows how designers take different approaches when manipulating the latent power of dress to create convincing characters and enhance the experience of the viewer. She reveals how the characters themselves can become role models for what to wear, transforming actors into fashion influencers. The book is beautifully illustrated with over 250 screen stills, each accompanied by an extended caption, further

demonstrating how TV series have helped to set the standard for fashion on and off screen *Thom's Almanac and Official Directory of the United Kingdom of Great Britain and Ireland for the Year* Alexander Thom, 1859 **Thom's Directory of Ireland**, 1958 *Thom's Official Directory of Great Britain and Ireland*, 1851 John Bull's Other Homes Murray Fraser, 1996-01-01 State housing became an integral part of the relationship between Ireland and Great Britain from the 1880s until the early 1990s Using research from both Irish and Westminster sources this book shows that there was recurrent pressure for the state to intervene in housing in Ireland in a period when the Irish Question was the major domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of architectural planning urban and socio economic history **Rathmines Style Book** David Rice, **Euro Jazz Book**, 1998 The Journal of Decorative Art, 1898 **Goldengrove** Patrick McCabe, 2025-05-15 Wild anarchic and wonderfully head spinning Neil Jordan award winning film director A dark theatrical comedy about the vexed and violent relationship between Britain and Ireland from twice Booker shortlisted author Patrick McCabe It s the summer of Brexit and in a seedy hotel room on the South Coast of England Chenevix Meredith finds his old comrade Henry Plumm murdered in the bathtub Piecing together their shared history Meredith looks back at the years they spent in Dublin half a century ago running a theatrical agency and rubbing shoulders with actors and assassins alike in the swirling smoke of public houses What their clients didn t know is that the flamboyant pair were undercover agents of the British state posted to identify terrorist networks Goldengrove is a deeply immersive satirical novel in which nothing is as it seems and no one is who they say they are Steeped in film noir classic crime and popular culture McCabe blurs the lines between what s real and what s staged in this absurd game of cat and mouse Yet again Patrick McCabe summons the ghost of Flann O'Brien in this wild rollick of a novel Wonderful shape shifting stuff Colum McCann author of *Apeirogon* Thunderously compelling and downright ecstatic This is nothing less than the work of a genuine master a must read Billy O'Callaghan author of *Life Sentences* One hears Joyce and Beckett and Paul Muldoon in the background Not because there is any borrowing but because all alike draw from that same dazzling tradition of oral storytelling Mark Bowles author of *All My Precious Madness*

The Routledge Companion to the Suburbs Bernadette Hanlon, Thomas Vicino, 2018-09-03 The Routledge Companion to the Suburbs provides one of the most comprehensive examinations available to date of the suburbs around the world International in scope and interdisciplinary in nature this volume will serve as the definitive reference for scholars and students of the suburbs This volume brings together the leading scholars of the suburbs researching in different parts of the

world to better understand how and why suburbs and their communities grow decline and regenerate The volume sets out four goals 1 to provide a synthesis and critical appraisal of the historical and current state of understanding about the development of suburbs in the world 2 to provide a forum for a comprehensive examination into the conceptual theoretical spatial and empirical discontents of suburbanization 3 to engage in a scholarly conversation about the transformation of suburbs that is interdisciplinary in nature and bridges the divide between the Global North and the Global South and 4 to reflect on the implications of the socioeconomic cultural and political transformations of the suburbs for policymakers and planners The Routledge Companion to the Suburbs is composed of original scholarly contributions from the leading scholars of the study of how and why suburbs grow decline and transform Special attention is paid to the global nature of suburbanization and its regional variations with a focus on comparative analysis of suburbs through regions across the world in the Global North and the Global South Articulated in a common voice the volume is integrated by the very nature of the concept of a suburb as the unit of analysis offering multidisciplinary perspectives from the fields of economics geography planning political science sociology and urban studies
