Rational Choice Marxism Hc:

Rational Choice Marxism T. Carver, P. Thomas, 2016-07-27 To begin with rational choice Marxism promised to construct historical explanations and social theories with clarity and rigour Subsequently it took a political turn in addressing issues of class and production and the prospects for electoral socialism This anthology commences with the founding classics Erik Olin Wright's What is Analytical Marxism and Alan Carling's spirited challenge to the Marxist establishment which are answered with critical responses detailed by Ellen Meiksins Wood and Michael Burawoy in previously uncollected debates Also included are further debates charting the historical progression of rational choice Marxism The editors demonstrate that the clarity and rigour originally promised by the rational choice Marxists was never in fact achieved but that rational choice Marxism has considerably enhanced the theoretical treatment of class and production in a world of commodification and difference

Rational Choice and Political Power Keith Dowding, 2019-07-17 Featuring a substantial new introduction and two new chapters in the Postscript this new edition makes one of the most significant works on power available in paperback and online for the first time The author extensively engages with a body of new literature to elucidate and expand upon the original work using rational choice theory to provide An examination of how due to the collective action problem groups can be powerless despite not facing any resistance Timely engagement with feminist accounts of power An explanation of the relationship of structure and agency and how to measure power comparatively across societies This book's unique interaction with both classical and contemporary debates makes it an essential resource for anyone teaching or studying power in the disciplines of sociology philosophy politics or international relations

Marx, Critical Theory, and Religion, 2006-08-01 The Sociology of Religion has had several frameworks guiding its analysis including functionalism interpretive sociology phenomenology symbolic interactionism and now rational choice theory Marxism has tended to ignore religion assuming it is something that would eventually disappear even though it retained theological elements This collection of essays brings together a group of scholars who use frameworks provided by Marx and Critical Theory in analyzing religion Its goal is to establish a critical theory of religion within the sociology of religion as an alternative to rational choice In doing so it engages in a critique of the positivism uncritical praise of the market neoconservatism and one dimensional conception of rationality of the rational choice theory of religion

Foundations of Public Law Martin Loughlin, 2010-06-03 This text develops Martin Loughlin's distinctive and provocative theory of public law Tracing the historical evolution of the concept of public law the book rethinks the foundational concepts of state constitution and government arguing that public power is created not controlled by law

The SAGE Handbook of Social Network Analysis John Scott, Peter J. Carrington, 2011-10-07 This sparkling Handbook offers an unrivalled resource for those engaged in the cutting edge field of social network analysis Systematically it introduces readers to the key concepts substantive topics central methods and prime debates Among the specific areas covered are Network theory Interdisciplinary applications

Online networks Corporate networks Lobbying networks Deviant networks Measuring devices Key Methodologies Software applications The result is a peerless resource for teachers and students which offers a critical survey of the origins basic issues and major debates The Handbook provides a one stop guide that will be used by readers for decades to come

Variations on Uzbek Identity Peter Finke, 2014-02-01 Throughout its history the concept of Uzbekness or more generally of a Turkic speaking sedentary population has continuously attracted members of other groups to join as being Uzbek promises opportunities to enlarge ones social network Accession is comparatively easy as Uzbekness is grounded in a cultural model of territoriality rather than genealogy as the basis for social attachments It acknowledges regional variation and the possibility of membership by voluntary decision Therefore the boundaries of being Uzbek vary almost by definition incorporating elements of local languages cultural patterns and social organization This book combines an historical analysis with thorough ethnographic field research looking at differences in the conceptualization of group boundaries and the social practices they entail It does so by analysing decision making processes by Uzbeks on the individual as well as cognitive level and the political configurations that surround them **TŁS, the Times Literary Supplement** ,1995 **The Political Economy of the Small Firm** Charlie Dannreuther, Lew Perren, 2013 For many small firms are everyday realities of the economy and visible in every high street and industrial estate Their existence and importance is unquestionable Such beliefs are understandable but the authors of this new book would suggest they are misguided The Political Economy of the Small Firm challenges the assumptions regarding small firms that pervade society and political representation Small firms are not organised into a homogenous sector that has a clear constituency or political influence In fact the small firm is shown to be an inconstant political construct that is discursively ethereal and vulnerable to political exploitation Fusing theories from political science management and linguistics Dannreuther and Perren assert that the idea of the small firm is an important discursive resource used by political actors to legitimise their actions influence their citizens and help sustain regimes of accumulation On top of this the authors also empirically test their claims against 200 years of UK parliamentary debate from the Industrial Revolution to the Blair government The political construction of the small firm is shown not only to provide rhetorical mechanisms to maintain periods of capitalist accumulation but also to increase the relative autonomy of the state and to centralise power to elite politicians For a period of 150 years up to the 1970s the small firm was an unexplored presence below the political radar and resonant with poor working standards and extreme forms of competition During the so called Fordist period from the 1930s the small firm was seen as the dirty out dated contrast to the clean modern future represented by mass production and corporations The perceived failure of Fordism led to the invention of the small firm and its presentation as an ideal political construct By fabricating assertions of what small firms are and what they want frequently out of conjecture the authors of this book show how political elites have been able to advocate radical reformist agendas since the 1970s in the name of a phantom constituency The Oxford Handbook of Criminological Theory Francis

T. Cullen, Pamela Wilcox, 2015-12 This handbook presents a series of essays that captures not the past of criminology but where theoretical explanation is headed The volume is replete with ideas discussions of substantive topics with salient theoretical implications and reviews of literatures that illuminate avenues along which theory and research evolve *Law and Administration* Carol Harlow, Richard Rawlings, 2009-08-20 A contextualised study setting out the foundations of administrative law with discussion of case law and legislation to show practical application Social Capital Nan Lin, 2002-05-20 1 Theories of Capital The Historical Foundation 3 2 Social Capital Capital Captured through Social Relations 19 3 Resources Hierarchy Networks and Homophily The Structural Foundation 29 4 Resources Motivations and Interactions The Action Foundation 41 5 The Theory and Theoretical Propositions 55 6 Social Capital and Status Attainment A Research Tradition 78 7 Inequality in Social Capital A Research Agenda 99 8 Social Capital and the Emergence of Social Structure A Theory of Rational Choice 127 9 Reputation and Social Capital The Rational Basis for Social Exchange 143 10 Social Capital in Hierarchical Structures 165 11 Institutions Networks and Capital Building Societal Transformations 184 12 Cybernetworks and the Global Village The Rise of Social Capital 210 13 The Future of the Theory 243 References 251 Index 267 Money, Time and Rationality in Max Weber Stephen Parsons, 2013-12-19 This unique study into the roots of Max Weber's Political Economy is an intriguing read and a valuable contribution to the Weberian literature Parsons argues that Weber's analysis is highly influenced by the Austrian School of Economics and the relationship between his critique of centrally planned economies and that of Mises **Law and Economics** Association for Legal and Social Philosophy (Great Britain). Conference, 1988 **Work of History** Peter Beilharz, Sian Supski, 2022-07-05 Stuart Macintyre was an eminent figure within the world of Australian history scholarship for 45 years This collection of essays and responses revisits and extends this extraordinary life of achievement and engagement Leading scholars write here of Macintyre's contribution to understanding radicalism and communism postwar reconstruction education and civics universities liberalism historiography and the history wars They also tell us about collegiality and friendship The practice of history writing and telling has long been central to the narrative of the nation in Australia The Work of History connects us to that past It raises the question of what comes next and re values Macintyre's contribution serving both as a snapshot of the state of the historian's art and an introduction to those who come more recently to this highly contested field **Arts & Humanities Citation Index**, 1997 **Cognition and Multi-Agent Interaction** Ron Sun, 2006 This book explores the intersection between individual cognitive modeling and modeling of multi agent interaction **The Behavioral Foundations of Public Policy** Eldar Shafir, 2013-01-10 An interdisciplinary look at the behavioral roots of public policy from the field's leading experts In recent years remarkable progress has been made in behavioral research on a wide variety of topics from behavioral finance labor contracts philanthropy and the analysis of savings and poverty to eyewitness identification and sentencing decisions racism sexism health behaviors and voting Research findings have often been strikingly counterintuitive with serious implications

for public policymaking In this book leading experts in psychology decision research policy analysis economics political science law medicine and philosophy explore major trends principles and general insights about human behavior in policy relevant settings Their work provides a deeper understanding of the many drivers cognitive social perceptual motivational and emotional that guide behaviors in everyday settings They give depth and insight into the methods of behavioral research and highlight how this knowledge might influence the implementation of public policy for the improvement of society This collection examines the policy relevance of behavioral science to our social and political lives to issues ranging from health environment and nutrition to dispute resolution implicit racism and false convictions The book illuminates the relationship between behavioral findings and economic analyses and calls attention to what policymakers might learn from this vast body of groundbreaking work Wide ranging investigation into people s motivations abilities attitudes and perceptions finds that they differ in profound ways from what is typically assumed The result is that public policy acquires even greater significance since rather than merely facilitating the conduct of human affairs policy actually shapes their trajectory The first interdisciplinary look at behaviorally informed policymaking Leading behavioral experts across the social sciences consider important policy problems A compendium of behavioral findings and their application to relevant policy domains Politics as Rational Action L. Lewin, E. Vedung, 2012-12-06 One of the most promising trends in modern political science is the development of a theory of politics as rational action Focussing on choice as the central topic of study rational choice theorists set out to specify what alternative an actor should prefer if he has some given knowledge of the consequences of each alternative and wants to see his preference system as fully realized as possible But rational choice theory is not confined to the normative sphere of science It can also be used for explanatory purposes Then the alternatives actually chosen are specified and the task is to explain the decisions by finding out what considerations lay behind them The starting point for an emerging research program at the Department of Government Uppsala University on Politics as Rational Action is to describe the major choices in fifteen different policy areas of Swedish domestic politics and explain why they were made

Ideengeschichte der BWL Wenzel Matiaske, Wolfgang Weber, 2018-07-09 Dieses Buch erweitert und entwickelt das Profil der Betriebswirtschaftslehre weiter und liefert wichtige Beiträge zur Ideengeschichte der Betriebswirtschaftslehre Das Buch konzentriert sich dabei insbesondere auf die Gebiete Organisation Personal Rechnungswesen Steuern und Allgemeine Betriebswirtschaftslehre Gegenwärtig zeichnet sich die Möglichkeit ab dass sich die fachlichen Teilgebiete der Betriebswirtschaftslehre verselbständigen Dazu trägt auch aber nicht nur das mittlerweile weltweit dominierende angelsächsische Verständnis des Faches bei das durch eine weitgehende Zersplitterung der betriebswirtschaftlichen Teilgebiete gekennzeichnet werden kann In der deutschsprachigen Betriebswirtschaftslehre besteht deshalb seit einigen Jahren das wieder entfachte Interesse und Bemühen wichtige Beiträge zu der Ideengeschichte der Betriebswirtschaftslehre und den Wurzeln des Faches in das wissenschaftliche Bewusstsein zu rücken Dieses Buch leistet dazu einen wichtigen Beitrag Die

Autoren identifizieren und diskutieren markante Ideen und Beiträge zur Entwicklung des Faches Neben dem Blick zurück wird auch der aktuelle Zustand des Faches betrachtet Auf dieser Grundlage werden denkbare weitere Entwicklungslinien von den Autoren abgeleitet

Textbook of Prostatitis J Curtis Nickel, 1999-11-01 The first comprehensive multi authored text in this expanding field the international selection of expert authors cover all aspects of the disease basic science epidemiology evaluation medical treatment options for surgical intervention and future directions
