Subject Guide to Books in Print ,1997 Sociological Abstracts Leo P. Chall,2004 CSA Sociological Abstracts abstracts  
and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The  
database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and  
also provides abstracts of books book chapters dissertations and conference papers **Books in Print** ,1987 **Ludwig**  
**Wittgenstein** Stuart Shanker,David Kilfoyle,2002 Wittgenstein scholarship has continued to grow at a pace few could have  
anticipated a testament both to the fertility of his thought and to the thriving state of contemporary philosophy In response to  
this ever growing interest in the field we are delighted to announce the publication of a second series of critical assessments  
on Wittgenstein emphasising both the breadth and depth of contemporary Wittgenstein research As well as papers on the  
nature and method of Wittgenstein s philosophy this second collection also relates to a broader range of topics including  
psychology politics art music and culture Globalization, Liberalization and Policy Change S. McDowell,1997-01-21 After  
the introduction of a new economic policy of 1991 India is increasingly portrayed as a big emerging market for consumer  
goods and for broadcasting and communications services Policies for telecommunications computer software and television  
broadcasting in India have also shifted fundamentally The book considers communications policies in light of the role of  
communications in social and economic development and global patterns of trade and investment in communications and  
services New Directions in Political Economy M Barbara Leons,Frances Rothstein,1979-03-29 **Subject Catalog**

Rational Choice and Social Exchange Anthony Heath,1976-05-20 When this volume was first published in 1976 exchange  
theory had recently come into the fore in sociology as an attempt to develop systematic theories of social behaviour  
comparable to those which economics had developed In doing so it borrowed from many different intellectual traditions  
including economics and anthropology behavioural sociology and on the traditional concerns of sociologists and social  
psychologists Dr Heath provides a systematic exposition of the principle components of exchange theory and goes on to give  
a critique of these theories paying particular attention to the success of their empirical applications He concludes that  
exchange theory despite its limitations has an important part to play in the development of social science and is one of the  
most promising theories available Rational Choice and Social Exchange will be of interest to anyone concerned with the  
development of social science and in particular to students of sociology anthropology psychology and political science
