Arnoldia, 1978 **Letters to Véra** Vladimir Nabokov, 2015-11-03 No marriage of a major twentieth century writer is quite as beguiling as that of Vladimir Nabokov s to Véra Slonim She shared his delight at the enchantment of life s trifles and literature s treasures and he rated her as having the best and quickest sense of humor of any woman he had met From their first encounter in 1923 Vladimir s letters to Véra chronicle a half century long love story one that is playful romantic and memorable At the same time the letters reveal much about their author We see the infectious fascination with which Vladimir observed everything animals people speech landscapes and cityscapes and glimpse his ceaseless work on his poems plays stories novels memoirs screenplays and translations This delightful volume is enhanced by twenty one photographs as well as facsimiles of the letters and the puzzles and drawings Vladimir often sent to Véra With 8 pages of photographs and 47 illustrations in text *Utopian Reality* Christina Lodder, Maria Kokkori, Maria Mileeva, 2013-10-24 This collection of essays deals broadly with the visual and cultural manifestation of utopian aspirations in Russia of the 1920s and 1930s while examining the before and after life of such ideas both geographically and chronologically The studies document the pluralism of Russian and Soviet culture at this time as well as illuminating various cultural strategies adopted by officialdom The result serves to complicate the excessively simplistic narrative that avant garde dreams were suddenly and brutally crushed by Soviet repression and to contest the notion of the avant garde s complicity in Stalinism Naturally some essays document episodes in the defeat and dismantling of utopian projects but others trace the persistence of avant garde ideas and the

astounding tenacity of creative individuals who managed to retain their personal integrity while continuing to serve the cause of Soviet power Contributors include John E Bowlt Natalia Budanova David Crowley Evgeny Dobrenko Maria Kokkori Christina Lodder Muireann Maguire Nicholas Bueno de Mesquita Maria Mileeva John Milner Nicoletta Misler Maria Starkova Vindman Brandon Taylor and Maria Tsantsanoglou

Defining Russia Musically Richard Taruskin, 2020-10-06 The world renowned musicologist Richard Taruskin devoted much of his career to helping listeners appreciate Russian and Soviet music in new and sometimes controversial ways Defining Russia Musically represents one of his landmark achievements here Taruskin uses music together with history and politics to illustrate the many ways in which Russian national identity has been constructed both from within Russia and from the Western perspective He contends that it is through music that the powerful myth of Russia's national character can best be understood Russian art music like Russia itself Taruskin writes has always been tinged or tainted with an air of alterity sensed exploited bemoaned revealed in traded on and defended against both from within and from without The author's goal is to explore this assumption of otherness in an all encompassing work that re creates the cultural contexts of the folksong anthologies of the 1700s the operas symphonies and ballets of the 1800s the modernist masterpieces of the 1900s and the hugely fraught but ambiguous products of the Soviet period Taruskin begins by showing how enlightened aristocrats reactionary romantics and the theorists and victims of totalitarianism have variously fashioned their vision of Russian society in musical terms He then examines how Russia as a whole shaped its identity in contrast to an East during the age of its imperialist expansion and in contrast to two different musical Wests Germany and Italy during the formative years of its national consciousness The final section focuses on four individual composers each characterized both as a self consciously Russian creator and as a European and each placed in perspective within a revealing hermeneutic scheme In the culminating chapters Chaikovsky and the Human Scriabin and the Superhuman Stravinsky and the Subhuman and Shostakovich and the Inhuman Taruskin offers especially thought provoking insights for example on Chaikovsky's status as the last great eighteenth century composer and on Stravinsky's espousal of formalism as a reactionary literally counterrevolutionary move
