## **Rudolf Bultmann Interpreting Faith For The Modern Era:**

Rudolf Bultmann Rudolf Karl Bultmann, Bultmann's pioneering study of the New Testament initiated a new era in biblical studies in the Twentieth Century Together with Karl Barth Bultmann broke with liberal theology but his often misunderstood program of demythologization took him in a radically different direction from Barth In many respects Bultmann set the agenda for biblical theology in the decades following World War II This volume concentrates on the key texts and ideas in Bultmann's thought It presents the essential Bultmann for students and the general reader Roger Johnson's introductory essay and notes on the selected texts set Bultmann in his historical context chart the development of his thought and indicate the significance of his theology in the development of Christian theology as a whole Substantial selections from Bultmann's work illustrate key themes God as Wholly Other Jesus and the Eschatological Kingdom Existentialist interpretation Kerygma Faith and Modernity in conflict Demythologizing controversial slogan and theological focus **Rudolf Bultmann** Rudolf Bultmann, 1991 Rudolf Bultmann Rudolf Bultmann, 1991 **Rudolf Bultmann** Rudolf Bultmann, Roger A. **Rudolf Bultmann : interpreting faith for the modern era** Roger A. Johnson, 1991 **Dictionary of Major Biblical Interpreters** Donald K. McKim, 2007-11-12 Donald K McKim edits this revised and expanded edition of IVP's Historical Handbook of Major Biblical Interpreters With 230 in depth articles regarding the principal players in the history of Biblical interpretation this volume will serve as an invaluable tool for any serious student of the Bible or history of exegesis Virtue Hermeneutics Robert M. Eby, 2022-03-08 Contemporary hermeneutics is an unavoidable but deeply troubled discipline At the root of the problem is the classic epistemological question What makes an interpretation justifiable Since the beginning of Modernity interpreters have offered multiplied answers to this question Historicity linguistics social constructs and contemporary flashes of revelation are but a few of the proposed solutions but if the question is ultimately epistemological it follows that the answer may emerge from this same place Current research in the field of virtue epistemology has awakened interest in a new path forward for hermeneutics by looking to a time before the emergence of unstable modern frameworks In Virtue Hermeneutics a justified understanding of Scripture that engages all of the participants in the interpretive dialogue author text reader and reading community is discovered in the interpretive character of the wise reader From this starting point hermeneutics is able to move forward in a way that is responsive to contemporary challenges to discerning literary meaning Ultimately a justified understanding is one that virtuously engages the author the text and all reading communities The illuminating work of the Holy Spirit in hermeneutics takes on a refreshing and meaning filled place when readers readmit intellectual virtues into the discussion **Another Kind of Normal** Graham Ward, 2022-01-13 Every age needs to examine and propose its ways of living ethically Another Kind of Normal Ethical Life II constructs a mode of such living according to the Christian tradition based upon an interpretation of Christ's coming and the relationship of that incarnation to God as the Creator of all things In the second of four volumes Graham Ward explores an Augustinian vision of consonance

between divine rhythm and the rhythmic orders of creation On the basis of what Augustine calls the interval it proposes Christ is encountered as riddle scandal and paradox It provides an account of creation as a Trinitarian event that calls for a rethinking of what are the key teachings in Christianity with respect to an understanding of creation as a divine benediction and a theatre for transformation and healing Ward argues through Scriptural exegesis for the omnidirectionality of time as graced rejecting a conception of linear temporality and theologies indebted to that conception Throughout participation in God through our hiddenness in Christ develops an account of the complex relationship between divine and human creativity appealing to music painting poetry drama film architecture and novels

**War Time Preaching and Teaching** Jeffrey J. Richards, 2012-10-22 War Time Preaching and Teaching explores the hermeneutics science of interpretation and homiletics art of preaching of both Rudolf Bultmann and Dietrich Bonhoeffer The book explores the thought and impact of these two theologians primarily within the American debate Both Bultmann and Bonhoeffer are somewhat misunderstood and it seems that they are either totally accepted or rejected depending in many instances on one's personal understanding of their method of biblical interpretation The book attempts to objectively view their methods of biblical interpretation and how they expressed their research in their writings preaching and teaching Both concluded that the presenting of the Gospel in a relevant manner is the ultimate need for humankind today Both lived during a most challenging period of world history but were able to communicate in a captivating manner Certainly the times in which we live today call for those who possess a similar commitment

*A Theologian's Guide to Heidegger* Hue Woodson, 2019-08-30 A Theologian's Guide to Heidegger provides a uniquely theological introduction to the philosophy of Martin Heidegger by focusing on not just the relationship between Heidegger and theology or even the nature of the discourse that must occur between theological concerns and Heidegger's philosophical errands but by precisely exploring how theology can use Heidegger's philosophy as a means of outlining the scope and task of postmodern theology To do this especially with the postmodern theologian in mind this book considers the general relationship between Heidegger and theology how Heidegger can be read theologically while justifying why Heidegger must be read this way and defining the role that Heidegger must take in postmodern theology This includes a careful consideration of Heidegger's early theological roots from Freiburg to Marburg by examining the content of Heidegger's lesser known theologically minded seminars lectures and talks

**New Testament Miracle Stories in Ghanaian Mother-Tongues** Abraham Boateng, 2024-08-05 This book examines the translations of selected miracle stories from the Hebrew Bible Septuagint LXX and the Greek New Testament into selected Ghanaian mother tongues considering possible shifts of meaning that occur in translating 1 Kings 18:25-38 Mark 9:14-29 and Luke 7:11-17 are used as case studies The author draws out semiotic hermeneutical nuances of these texts as they are understood in the Ghanaian context and addresses questions in the field of Biblical studies concerning the relevance of intercultural hermeneutics for current trends in Ghanaian Christianity Particularly important is the high premium placed on miracles in present day Ghanaian spirituality

making a careful analysis of these stories particularly relevant for the Ghanaian audience The study also explores several factors that influence the translation process and have a bearing on the reception and use of the text It follows the growing calls for a shift in African Biblical hermeneutics from the theological heritage of Europe and America to the emerging theological trajectories of Africa This post colonial shift re examines the translated text moving from what the text might have meant to what the text might mean in Africa

**Biblical Theology** Prof. Leo Perdue, 2010-10-01 One of the thorniest problems in theological study is the relationship between biblical studies on the one hand and constructive theology on the other Theologians know that the Bible is the core source document for theological construction and hence that they must be in conversation with the best in critical study of Scripture For many biblical scholars the point of what they do is to help the biblical text speak to today's church and world and hence they would do well to be in conversation with contemporary theology Yet too often the two groups fail to engage each other's work in significant and productive ways The purpose of the Library of Biblical Theology and this introductory volume to it is to bring the worlds of biblical scholarship and constructive theology together It will do so by reviving biblical theology as a discipline that describes the faith of the biblical periods on the one hand and on the other hand articulates normative understandings of modern faith and practice In this volume the authors begin by providing an overview of the history and possible future of biblical theology They introduce biblical theology as a fundamentally contrastive discipline one that is neither dogmatic theology seeking to explain the official teachings of a particular Christian tradition nor is it a purely historical approach to Scripture eschewing questions of the Bible's contemporary message and meaning Rather biblical theology takes seriously both the need to understand the message of Scripture in its particular historical context and the need to address that message to questions that confront contemporary human life

**Theology in a Global Context** Hans Schwarz, 2005-11 In this book Hans Schwarz leads us into the web of Christian theology's recent past from Kant and Schleiermacher to Mbiti and Zizoulas pointing out all the theologians of the last two hundred years who have had a major impact beyond their own context With an eye to the blending of theology and biography Schwarz draws the lines of connection between theologians their history and wider theological movements

**Publisher Theological Hermeneutics** Werner G. Jeanrond, 1991-06-18 An introduction to the history and scope of interpretation theory in theology It discusses hermeneutical consciousness in Christian thinking from the time of the Church Fathers up to today

**Christ and the Other** Reverend Dr Graham Adams, 2017-03-02 How should we relate to others those within a particular tradition those of different traditions and those who are oppressed In the light of these anxieties and building on the work of Andrew Shanks this book offers a vision of Christ as the Shaken One rooted in community with others Shaped through dialogue with the theologies of John Hick and Lesslie Newbigin Adams urges Christian communities to attend more deeply to the demands of ecumenical dialogical and political theologies to embody an ever greater solidarity of others a quality of community better demonstrating Christlike other regard

Gordon,2013-10-31 Existentialism as a philosophy gained prominence after World War II Instead of focusing upon a particular aspect of human existence existentialists argued that our focus must be upon the whole being as he she exists in the world Rebellng against the rationalism of such philosophers as Descartes and Hegel existentialists reject the emphasis placed on man as primarily a thinking being Freedom is central to human existence and human relations and encounters cannot be reduced simply to thinking This Dictionary provides through alphabetically arranged entries overviews of the various tenets philosophers and writers of existentialism and of those writers philosophers who in retrospect seem to existentialists to espouse their philosophy Nietzsche Kierkegaard Dostoyevski et al The Zondervan Encyclopedia of the Bible, Volume 4 Merrill C.
