Rudolf Hess The Last Nazi:

Rudolph Hess, the Last Nazi Wulf Schwarzwäller,1988 *Rudolf Hess, the Last Nazi* ,1988 The Final Victories Pat Seward,2011-01-15 Covers the events of World War II including the fall of the Third Reich island hopping in the Pacific the defeat of Japan and the Marshall Plan Nazi Conspiracy and Aggression ... United States. Office of Chief of Counsel for the Prosecution of Axis Criminality,1948 Night of the Long Knives Paul Maracin,2007-07-01 Many wonder how Adolf Hitler a mediocre army corporal and failed landscape painter could have become the architect of the most calamitous events of the twentieth century But fewer know that Hitler s fateful transition from ambitious demagogue to Europe s most vicious tyrant occurred on an ordinary Saturday June 30 1934 in a little known event that would come to be called The Night of the Long Knives This is the story of the events leading up to that awful event and its most horrifying repercussions *German Resistance Against Hitler* Klemens Von Klemperer,1994 Klemens von Klemperer s scholarly and detailed study uncovers the beliefs and activities of numerous individuals who fought against Nazism within Germany and traces their many efforts to forge alliances with Hitler s opponents outside the Third Reich Klemens von Klemperer s scholarly and detailed study uncovers the beliefs and activities of numerous individuals who fought against Nazism within Germany and traces their many efforts to forge alliances with Hitler s opponents outside the Third Reich Measured by conventional standards of diplomacy the foreign ventures of the German Resistance ended in failure The Allied agencies notably the British Foreign Office and the US State Department were ill prepared to deal with the unorthodox approaches of the Widerstand Ultimately the Allies policy of absolute silence the Grand Alliance with the Soviet Union and the demand for unconditional surrender pushed the war to its final denouement disregarding the German Resistance a massive work by a distinguished historian New Statesman and Society a detailed sympathetic and meticulously documented chronicle of German resistance diplomacy Journal of Military History a superbly researched study Financial Times **Nazis in the New World** Aaron Gillette,2025-05-27 The incredible story of Nazi German exchange students in the United States during WWII In the 1930s international exchange students in the United States celebrated their Christmas breaks in Florida enthusiastically engaged in college aged antics rowdy parties and the defiance of authorities In between such mayhem they admired the beauty of America quietly discussed their impressions of their host country and agonized over their future which would now be reshaped by their study abroad experiences These were not typical international college students however These students were Nazis In *Nazis in the New World* Aaron Gillette reveals the unknown history of Nazi German exchange students sent to America in the 1930s After receiving the Gestapo s stamp of approval they were instructed to use their charm and charisma to promote the Third Reich Some also served Hitler as covert operatives against the United States In many cases the Nazi government came to regret sending its students across the ocean Gillette argues that Nazism was an abject failure in the United States that antisemitism was on the decline that German espionage in America was a disaster for the Reich and that FDR and J Edgar Hoover

brilliantly manipulated Nazi blunders to propel America into the war against Hitler and to empower the FBI Meanwhile numerous German exchange students in the United States were transformed from Nazis into fiercely patriotic Americans

Hitler's Last Chief of Foreign Intelligence Reinhard R. Doerries, 2004-11-23 When the curtains fell on the Thousand Year Reich in May 1945 SS Brigadeführer Walter Schellenberg left for neutral Stockholm only to be taken shortly thereafter to Frankfurt and London for interrogating The Final Report on the Case of Walter Schellenberg is the revealing product of those Allied interrogations Reinhard R Doerries has written the first scholarly appraisal of Schellenberg as a Nazi leader and Hitler's final head of foreign intelligence

The Architect of Genocide: Himmler and the Final Solution Richard Breitman, 2022-09-05 A historian's carefully researched work based on a vast array of sources documenting Hitler's and Himmler's responsibility for the murder of European Jewry The book details the planning and the improvisations but emphasizes the former and Himmler's fanatical hatred of the Jewish race as the determinative cause of the Holocaust Dealing with a charged controversy Breitman makes a powerful case that by March 1941 the Final Solution was just a matter of time and timing i.e. that the Holocaust was not a reflex of Hitler's fear that the war in Russia could not be won Breitman argues that the Wannsee Conference merely ratified the plans and instructed other agencies to cooperate Breitman records the instances of resistance or opposition but notes that of course the cooperation of thousands many still alive and never tried and the complicity or silence of millions were needed to carry out the murder the book concludes that Himmler's brutality was more learned than instinctive or emotional a methodical murderer impelled by racist dogma Foreign Affairs Breitman's book is decisively important It should serve for years to come as required reading for all who wish to make sense of the Holocaust Daniel Jonah Goldhagen The New Republic Looking nothing like the Nordic ideal he advocated Heinrich Himmler chief of the Nazi SS was short flabby and balding his dull pedantic exterior disguising the caustic cowardly Machiavellian immensely cruel master of deceit within Breitman presents compelling evidence that the extermination of Jews was an early goal of Himmler a Bavarian and lapsed Catholic and his boss Adolf Hitler Drawing on previously untapped German records as well as other source materials this engrossing detailed study constitutes a powerful refutation of revisionist scholars who claim that Hitler did not plan the Final Solution in advance but instead improvised it out of either military or political frustration Publishers Weekly A truly path breaking book one of the few that will have a lasting impact on historical research of the period It shows both the primacy of Hitler as the motivating force in the mass murder and the way in which his initiatives were accepted and internalized by the SS on the basis of ideology Holocaust and Genocide Studies Chilling expert history Kirkus A n eminently sensible and judicious study that could well serve as a textbook on the topic The Historian Breitman's research is meticulous Especially valuable are his novel insights into the full and frequent communication between Himmler and Hitler who it is known seldom signed an order Mr Breitman presents his arguments cogently Michael H Kater The New York Times An absorbing important book that addresses the sequence of steps leading to

the Final Solution Financial Times As Breitman persuasively demonstrates the situation kept changing but Hitler was always in charge and his goals always included ridding his empire of the Jews Los Angeles Times Breitman is on the hunt for smoking guns He finds the goods littered throughout Himmler s speeches and conversations Breitman shows that people knew Washington Post Book World The book is chillingly good on the uses and abuses of language to mask atrocity Newsday Breitman s study is an important addition to the literature on the origins of the Nazi genocide one that provides the most likely scenario and settles important disputed questions Breitman s study is a major step forward in our understanding of how the Nazis initiated mass murder German Studies Review An important book I much admire this work particularly for its resourceful combing of primary material there is much to learn from this book about the Final Solution its origins its implementation and its hate inspired architect The American Historical Review The Secert Castle Miguel H. Obedience and Denial Andrew Sangster,2022-12-01 offers a unique and valuable insight into the psychology of human beings who violate the laws of war Anyone interested in war crimes generally and the IMT in particular should read this interesting book Journal of Military History A revealing yet accessible examination of the Nuremberg trial and most crucially all 23 men who stood accused not just the most infamous Speer Hess and G ring This account sets the scene by explaining the procedures the legal context and the moments of hypocrisy in the Allies prosecution ignoring the fact that the Katyn massacre was a Soviet crime and overlooking carpet bombing Author Andrew Sangster discusses how the word Holocaust was not used until long after the trial probably due to Russian objection as they had lost many more people and because the Allies generally were not innocent of anti Semitism themselves especially Russia and Vichy France However the defendants to a person immediately recognized that this was the singular issue which placed them on the steps of the gallows and their various defenses on this charge are therefore crucial to understanding the trial Sangster also explores how the prisoners related to one another in their approach to defending themselves on the charge of genocide and extermination camps especially in facing the bully boy G ring This new study utilizes not only the trial manuscripts but the pre trial interrogations the views of the psychiatrists and psychologists and the often overheard conversations between prisoners who did not know their guards spoke German to give the fullest exploration of the defendants their state of mind and their attitudes towards the Third Reich Hitler and each other as they faced judgement by the victors of the war **Death Is the Final Reckoning**

Tim Drake,2018-05-10 In Tim Drake s second book Solitary Vigilance Allen Voigt was introduced as a covert operative in the United States Army before and during World War II The year is now 1946 Allen is still in the army but has been ordered to hunt down the vicious Nazis who escaped Germany during the fall of Berlin in 1945 Death Is the Final Reckoning is a riveting story that ultimately takes Allen deep into South America in the relentless pursuit of his assigned targets *Time of*

Reckoning Walter Wager,2015-03-03 A breakneck thriller by the author of 58 Minutes the basis of the blockbuster film Die Hard 2 Ernest Beller stands at the end of a giant pit watching as the Americans who liberated Dachau are trying to bury the countless bodies they have found Nine years later Beller still sees those bodies and the guilty men who got away An intricate psychological thriller Walter Wager s stunning novel explores the nature of vengeance and the corrosive trauma of the Holocaust on generations of men With a breakneck pace Wager hits boiling point as a government agent begins investigating the murders of former Nazis and sees the horror and the justice in the worst of acts One of the most satisfying climaxes in current suspense fiction A five star winner Publishers Weekly **The Nazis' Nuremberg Rallies** James Wilson,2012-07-19

An amazing collection of original photographs and postcards relating to the Nuremberg rallies of the Nazis the book is dazzling War History Online This book describes the background to and the development of the Nazi Party Rallies held at Nuremberg each September from 1933 to 1939 These Reichsparteitage National Party Days were vast and meticulously staged managed extravaganzas in which ritual and ceremony played an important part The Rallies had two key objectives The first was to focus public attention on the successes of the Nazi Party and connect with the public conscience and build a close bond between Party and people Even more important was the Rallies role in presenting Adolf Hitler as the savior of the German nation sent to restore national pride power and prosperity after the shame and economic disaster of the post war years and the deeply resented Versailles Treaty The Hitler Cult was blatantly promoted with revolutionary use of propaganda by the latest technology and iron control of the media The author s superb collection of postcards and images takes the reader on a visual journey through each year s Reichsparteitage The Nazis Nuremberg Rallies which also includes character studies of the principal Nazi figures is a truly fascinating way to understand this uniquely successful and threatening phenomena Excellent The book really does bring each and every rally to life the book also has some rare photos that I haven t seen before and it also displays posters and postcards designed for the events So you get to see the propaganda on multiple levels UK Historian **The Contemporary Review** ,1987
